

Woodburn Players To Meet Teams at "Y" on Wednesday

The business men's class basketball and volleyball teams at the Y. M. C. A. will be host to players from Woodburn at a banquet at 6:30 Wednesday evening. Following the banquet the Woodburn and Salem men will tangle in several games of volleyball and basketball.

The two-months' series will end Wednesday night. Captain Vernon Etwell's team is a point and a half ahead of Captain Knickerbocker's men. So close was the series, and the game Monday night that it took 12 minutes to put over the last five minutes of the game. At the meeting Wednesday night new captains and lieutenants will be named for the next month's series.

Annual Freshman Glee To Be Friday

Willamette university's annual Freshman Glee will be held in the armory Friday evening, March 19. The glee is one of the biggest events of the school year as well as an annual treat which the citizens of Salem enjoy, admission being free, and in the past the townspeople have always attended in great numbers to

witness an event which is nowhere else to be seen. The Freshman Glee is a contest between the classes of the university in the writing, composing and rendition of original college songs. Every member of the class must take part in the rendition. The songs are always worthy of the efforts of professional composers, and the selections this year are better than usual. On account of the increased number of students, the stage in the armory will have to be enlarged to accommodate the singers this year.

Solid Sore From Head to Foot With Eczema

Once a solid sore — now completely well! That's what Mr. John E. Beck of Morris City, Illinois, says about his boy. He writes: "The boy that we have been doctoring with D.D.D. is completely well. He was a solid sore all over his head and body, and now you cannot tell he ever had anything wrong with him."

"Healer" To Be In Salem Thursday For Three Days

The bare-foot, long-bearded man of 20 years ago who astounded the world when he healed the maimed, sick and poorly in Denver and Chicago, disappeared and remained hidden in the seclusion of the hills of northern Mexico, and just a short time ago was identified in Seattle, will be in Salem this week, from Thursday to Sunday. That the people of this city might witness his healing through what he claims is "wisdom gained through fasting and thought" Father Grammer will be at the Grand Opera House Thursday evening, and each night thereafter until Sunday.

While in Denver and eastern cities Father Grammer was known as Francis Schlatter. He fled when he realized that his healing powers were being turned to the personal gain of several managers. For years he was thought dead, bones found in southern hills being identified as his own. But with his recognition in Seattle by a woman he once healed "he agreed to return" for the cause of humanity.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops that throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind. (Adv.)

Hopeless Diseases Can Not Be Cured by Doctors or Medicine

There are some diseases which are absolutely hopeless and past cure by any physician or medicine, but they may yet be palliated and a medicine, if it can not help in one case, it may help in another. To any one suffering from a disease a remission in a degree of health and a medicine that relieves or palliates a disease is of great benefit. We cannot guarantee to cure any disease with Number 40 for the Blood, but we quote word for word what the ingredients in 40 are recommended for in the U. S. Dispensatory and New American Materia Medica. In the treatment of blood troubles, an acknowledged remedy among all schools of physicians, removes the cause of disease and stimulates the removal of waste, thus indirectly encouraging nutrition. Disorders of the nervous system demand this remedy, such as neuralgias, chronic rheumatism, gouty conditions, malnutrition, auto-intoxication, constipation, used with phenomenal success in eczema and skin diseases, lumbago, glandular swellings, ulcerations of mucous membranes and in general disorders of the stomach, liver, kidneys and spleen.
