

Clerks Need Not Make Dog Collars Brown Declares

The manufacture of dog collars is not one of the duties of a county clerk according to Attorney General Brown, who holds, in an opinion prepared for Governor Olcott, that such work when ordered by the county court entitles the clerk to extra compensation therefore.

When the state law requiring all dogs to wear collars became effective the county court of Grant county thought to put the burden on the high cost of living by manufacturing its own collar supply, according to Mabel McKern Hillbourn, county clerk of Grant county, who has written to Governor Olcott for advice and assistance in collecting her claim for extra work while engaged in this particular branch of the manufacturing business.

Demand Too Great

Upon the instruction of District Attorney A. D. Leedy, the letter states, Mrs. Hillbourn ordered leather and buckles required in the manufacture of the specified collars, and, with the aid of her deputy and other assistants, all paid out of her own salary, proceeded to make up a supply of collars. The demand exceeding the capacity of this infant industry, Mrs. Hillbourn writes, she was compelled to order a supply of collars and tags from Portland, numbering the tags in her own office and having them riveted onto the leather straps. All told, she states, 150 collars were manufactured in this manner by herself and assistants.

Courts Refused Claim

When she presented her claim to the county court covering the extra help employed in the manufacture of the collars covering 22 eight hour days, she was told, the letter states, that this was "one of the hicks county clerks took when accepting the office," and her claim rejected. Attorney General Brown, in his opinion declares that it is the duty of the county court to provide necessary county supplies and that having performed this service she is entitled to a reasonable compensation for services rendered.

Seattle Police And Federal Officials Hunt For Robbers

Seattle, Wash., Mar. 17.—Seattle police and federal officials today continued their search for the two bandits who held up R. E. Stafford, cashier of the internal revenue office here yesterday and robbed the vaults of approximately \$20,000 which had been paid in as income taxes the night before.

* TRY MAKING YOUR OWN *
* COUGH REMEDY *
* You can save about \$2, and *
* have a better remedy than *
* the ready made kind. *
* Easily Done *

If you combined the curative properties of every known "ready made" cough remedy, you probably could not get as much real curative power as there is in this simple home made cough syrup, which is easily prepared in a few minutes.

Get from any druglist 2 1/2 ounces of Pinax, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready made for three times the money. Tastes pleasant and never spoils.

This Pinax and syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinax is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment ask your druglist for "2 1/2 ounces of Pinax" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. Grange Denies Any Connection With Land Labor Party

In order to correct a rumor that has become current among the citizens of Marion county that the grange had become affiliated with the land and labor party, the Ankeny grange of Jefferson, adopted the following resolution at its last meeting:

"Whereas, there is a general impression before the public that the grange has become affiliated with the land and labor league, and

"Whereas, there may be some members of the grange who are members of the land and labor league, acting on their own volition, but not as authorized representatives of the grange, and

"Whereas, it is against the declaration of principles and the constitution of our order to affiliate with any political or religious organization, but to guarantee to each member the right to use his or her own judgment in political or religious matters.

Therefore, be it resolved, that we the officers and members of Ankeny Grange No. 540, in session assembled, do assert that we are offering strict adherence to the rules governing our order."

Repairs to the Dallas armory, for which the legislature appropriated money, have been completed and the building is now ready for use.

Longshoremen And Strikebreakers Fight

New York, Mar. 17.—Striking coastwise longshoremen today attacked twenty five negro strikebreakers and after knocking down two of them dispersed the remainder. Two policemen witnessed the attack but no arrests were made.

The embargo against coastwise freight shipments was extended today to ships of the New England Steamship company.

Merchants were notified they would be held accountable for storage charges unless they moved from the wharves freight consigned to them. Sympathy of teamsters with striking longshoremen had prevented removal of this freight, it was said.

ATTACK RILES BOLIVIANS

LaPaz, Bolivia, Mar. 15.—Great indignation has been caused here by an attack upon Colonel Comes, of the Bolivian aviation service by a party of 40 Peruvians. He was attacked with stones and sticks and painfully injured.

The army retail store which was opened at Medford sold out its supplies in three days' time.

Which Bridge should a woman choose?

The Weak or the Strong One

If you see before you a strong and safe bridge leading to your goal, would you ignore it and choose some insecure and tottering structure?—

If you were offered sure aid in time of trouble would you hesitate to accept it?—

The answer is simple—you would choose what all evidence showed to be the safe way—and you would risk nothing in useless experiments.

Why then do some women risk one of their most precious possessions—their health—in trying medicines of unknown value, when everybody knows that the most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. Here is more proof:

Reading, Pa.—"I had organic inflammation, pains to the side and back which were so sharp that they pulled me to my knees, and I could not walk. I had an operation and still I failed, and in the eight years I suffered I had four doctors and none helped me. My mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I was then in bed, and after the first bottle I could be out of bed, then I took Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and also used the Sanative Wash. I still take the medicine and am able now to do my own housework. My friends say, 'My! but you look well—what do you do? Who is your doctor?' and there is only one answer, 'Lydia E. Pinkham's medicine.'"
—Mrs. Wm. Struss, 500 Douglas Street, Reading, Pa.

Gainesville, Tex.—"For three years I suffered untold agony each month with pains in my side. I found only temporary relief in doctor's medicine or anything else I took until my husband and I saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good result, and advised me to try it. I was then in bed part of the time, and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound, and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work, and do my household work besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."
—Mrs. W. M. Struss, 202 Harvey St., Gainesville, Texas.
