**Oleomargarine Is Cause Of "Strike" At Lausanne Hall**

What threatened to develop into a regular table strike was settled amicably Saturday, when peace and goodwill returned to Lausanne hall. "Eat that old oleo, we'll certainly not!" is reported to have been the decision of the 40-odd girl students who gathered around the festal board Friday morning and found the butter substitute enthroned in the stead of the genuine article. And so, the strike commenced. The fair boarders refusing to partake of the "innovation." According to campus gossip, the

detected oleomargarine is said to have been placed upon the table after Lausanne hall's supply of butter had been seriously depleted by feminine fudge makers. The Journal's informant asserts that despite remonstrances by the hall authorities, the butter containers resembled the famed butter tins of the city of Hamlin but

lowing the ministrations of the Piper's first victims.

After the two score Willamette couples who reside at the hall, had promised to aid in the curtailing of the operations of the candy manufacturer, the butter reappeared on the table Saturday morning and all was well in the "Garden of Eden," it is

stated. Two crews are now laying pavement on the Columbia river highway between Cascade Locks and Hood River. A special election will be held at Dallas, April 13, to vote on a special tax to maintain the city schools. The tax to be voted on is \$24,300.
