

Nitti Declares He Regards Slavs as Friends of Italy

Rome, Mar. 23.—Premier Nitti declared in the chamber of deputies today that he had never regarded the Jugo-Slavs as enemies, but had regarded them as friends. He expressed hope that they would soon partake of Italian economic and cultural advantages and deplored what he described as a "dangerous press campaign which is calculated to foster distrust among the Jugo-Slavs."

"While anxious to bring about a friendly understanding with the Jugo-Slavs," he declared, "there is another solution to demand the enforcement of the pact of London. France and Great Britain have stated that if Italy desired the application of the pact they would not refuse, as they hold themselves bound by it. If Italy is compelled to demand the carrying out of the convention it will be necessary to ask its complete enforcement without including Fiume."

Signor Nitti condemned that section of the press demanding the pact and also Fiume and said he had told the supreme allied council in London that if Italy required the enforcement of the treaty, she would concede autonomy to Dalmatia.

"If no other agreement can be reached," he continued, "a third solution of the Adriatic question may be to accept, with suitable modifications, proposals formulated by Great Britain and France. This solution is desired still less by Jugo-Slavia than by Italy, but nevertheless it is necessary to keep it in mind while continuing our efforts to reach an adjustment by an amicable understanding with the Jugo-Slavs."

If re-elected he promises to "continue my efforts to secure the reclamation of arid lands and the full development of the other resources of my district and state and will serve no interest but the public interest."

Frank Sloan of Stanfield filed as a candidate for the republican nomination for state representative from Clatsop county.

Alleged "Wobbler" Terrorizes Town Until Captured

Seattle, Wash., Mar. 23.—Tom Legg, 30, alleged Industrial Worker of the World, was in a Seattle hospital today suffering from two bullet wounds inflicted by the deputy sheriffs when they arrested him yesterday at Issaquah, Wash., near here, where he had openly proclaimed himself "king" and had fired on several residents and into a number of homes.

Legg paraded the Issaquah streets, officers said, for an hour driving all pedestrians to cover. One of his bullets passed close to Mrs. W. E. Evans, wife of the Issaquah power plant superintendent, and drove into a pantry wall, sending splinters into a cake Mrs. Evans was making.

With the heavy advances in gas, oil and tires, why not investigate the FORD CLOSED CAR, an dcut the "up-keep" to a minimum.
