

Pardon Me

By M. B.

One day this week
 A check for five dollars
 Was received for
 The Hospital
 And it was from
 A woman poor and old
 Who could ill afford
 The sum
 Which recalls
 The legend of
 "The Two Church Builders"
 Which ran like this
 A king built a church
 And so the praise
 Might all be his
 He gave a strict command
 That none should aid him
 And when it was done
 Upon a tablet
 In letters of gold
 His name was inscribed
 But as the proud king slept
 And angel hand
 Erased his name
 And wrote a woman's there
 And he knew not
 The meaning of it
 So gave a swift command
 To all about
 To find the one
 Whose name appeared
 And so they found
 An obscure widow
 The enraged king cried out
 "Bring the culprit here"
 "Now what" said he
 "Have you done speak up"
 And the woman said
 "Sire I crave your ruth
 Since I had no money
 I could but pray
 That God would bless
 Your majesty
 And when I saw
 The weary horses
 That drew the stones I gave
 To each a small wisp of hay."

Hazel Green

Hazel Green, Or., Mar. 31.—Mrs. M. Kirkpatrick and son, Elroy, of Dallas spent Sunday a week at W. G. Davis'. Tommy Tuve came home from Eugene, Saturday, to spend a week. Mr. and Mrs. Grasset from Wagonington arrived last Thursday to visit the latter's parents, Mr. and Mrs. Bergstrom. Miss Grace Rape visited relatives in Silverton last week. Rev. F. Fisher spent a couple of days in Philomath last week. Nineteen from the Hazel Green Sunday school were present at the district convention in Salem Sunday. T. P. Slattum has purchased a Buick car.

A "checker" social will be held at the parsonage next Friday evening. Come and bring your checker boards. Superintendent Smith spoke at the parent teachers' meeting Friday evening.

Easter exercises will be held at the United Brethren church Sunday morning at 11 o'clock. Sunday school at 10 a. m. The sacrament of the Lord's Supper will be administered. The Women's Missionary society will meet at Mrs. Ellen Van Cleave's Friday afternoon. Mr. Gaskill has a new car.

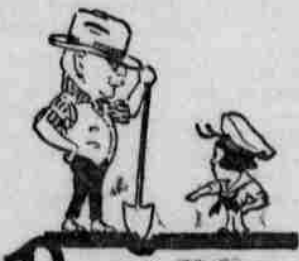

Normal

Monmouth, Or., Mar. 31.—President Ackerman and Mr. Butler are attending the Inland Empire Teachers' association at Spokane this week. Superintendent W. R. Rutherford of Eugene and Superintendent J. O. McLaughlin of Corvallis have been visiting the normal lately, interviewing candidates for teaching positions in their respective school systems for next year. Other men gave interesting talks in chapel.

Miss Taylor entertained her sister as a guest for the Junior day festivities. The students are thoroughly organized to campaign for the millage bill in their hometowns during the Easter vacation. A rally was held Wednesday evening at which plans were discussed and matured so that every student left on Thursday full of enthusiasm and determined to win over numbers of voters in his home community.

"Grippe" Leaves Kidneys Weak

The epidemic of colds and grippe that has been sweeping the country has seemingly left even a greater number of people than ever in a weakened condition from which there is but a slow recovery. Much of this after weakness affects to kidneys and bladder, making it difficult for them to perform their natural functions. Sufferers have to get in and out of bed half a dozen times a night, their backs are weak and painful, sick headaches and dizziness are common symptoms. No serious trouble may exist but the time to check such symptoms is at once before matters grow worse. No complicated treatment may be needed if a few doses of a good safe kidney regulator like Solvax is taken right away. Solvax straightens out an ordinary case of weakened kidneys in about twenty-four hours in many instances, sits out and neutralizes poisonous uric acid and drives the clogged up poisonous kidney waste from the body so that you can begin to feel better right away. Solvax is harmless, contains no alcohol or habit drugs and Daniel J. Fry and other leading druggists agree to refund its full purchase price if in any case it fails to give entire satisfaction. Adv

Plant a "pickle-bush"

Of course, the small boy meant a cucumber vine—but, just the same, the idea is good. You can easily raise the most tempting table-delicacies, right in your own yard. It's just a matter of making a selection of Morse's Seeds—always dependable—readily available.

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets

An experienced observer in charge of a large office said it was a waste of words to tell most people to eat plain food. They prefer the food that delights the eye. Checking up on the after-effects the usual distresses of gasiness, sour risings, water brash, loquacity and so on may be avoided by following the meal with one or two Stuart's Dyspepsia Tablets. These support the stomach with an alkaline effect thus promoting normal conditions as in health. This puts the O. K. on so-called rich food. Men and women are but children of a larger growth when it comes to eating the foods that satisfy, even though they may cause indigestion.

Indigestion is not necessarily confined to those who live high. It may follow so simple a process as the flavor of a bay leaf, thyme, garlic, sage or any of the other savory flavorings so universally used in soups, roasts, dressings, etc. As a rule if the stomach balks at such things, it will be disturbed by cheese, hot coffee, pies and almost anything that most people like so well. Such conditions as these are met quite adequately by following the meal with one or two Stuart's Dyspepsia Tablets. They digest food and at the same time supply the stomach with an alkaline effect that prevents gasiness, heartburn, sour risings, drowsiness after eating and such distresses so familiar to those susceptible to indigestion or dyspepsia. Get a box of these tablets at any drug store in the United States or Canada, price 40 cents, and then note how comfortable the stomach feels. Your most excellent cook may use garlic without a protest. Adv

The normal is pleased to note that the Pomona grange, Polk county, has endorsed the millage bill. The Juniors were especially pleased to have as guests at their program last Friday p. m. the children from both the Monmouth and Independence training schools. Among the visitors on Junior day from out of town, though by no means a complete list, were the following: Miss Laurel Canning, Miss Clem Cameron, Messrs. Sacre, Portwood, Burkhead, Evans and Gentle of U. of O.; Miss Minnie Ambler of Willamette, Miss Esther Sweek, Messrs. Coons, Max Bowers, Herman Gillam, Henry Cassidy of O. A. C.; Mrs. and Miss Poley, the Misses Irene Williams and Rose Hahn of Corvallis; Mr. Templeton of Brownsville; Miss Jones of McMinnville, and the Misses Myrtle Fowler, May Borquist, Esther Peterson, Helen Calbraith, Mrs. Claire Hoskins and Mr. Cayzer, all of Portland.

Commissioners To Hear Rate Evidence

Fred A. Williams and H. H. Corey, members of the Oregon public service commission, will leave tonight for Reedsport, Deschutes county, where they will conduct a hearing on the application of the Central Oregon Irrigation company for an increase in its main-

tenance fees from \$1.09 to \$2.50 per irrigable acre.

The water users comprising the central Oregon irrigation district are contesting the jurisdiction of the public service commission in this case, declaring that the company is not a utility and not subject to state regulation.

Bearcat Pigskin Hopfuls Start Spring Practice

A new departure in athletics at Willamette was started yesterday when football candidates were issued equipment for spring football training under Captain "Russ" Ravey. Most of the eastern colleges have a spring training season, but this is the first time it has been attempted at Willamette. Instruction will be given in handling the ball, kicking and passing, falling on the ball, blocking and tackling, and other fundamentals which cannot be specialized in the fall or account of lack of time. Only those men who are not playing baseball will take this training. Among the men who will turn out are Ravey, Zeller, Lawson, Rastler, Sherwood, Ramsay and Barnes.

Drop Your Tobacco Money Into His Little Bank If You Love Your Boy

If you would put into your boy's savings bank every day the money spent for tobacco you would make a daily contribution to his success and happiness and to your own good health, possibly adding years to your life. Do you spend ten cents a day, or twenty five or fifty for tobacco? Think of what your boy would have when twenty one! For you know that tobacco is an expensive habit and that the expense is not its worst feature. It undermines health when used to excess and leads to various kinds of nervous disorders, hardening of the arteries, tobacco heart and other troubles almost too numerous to mention, and it benefits no one except to give him for the moment a sense of ease and comfort due to its narcotic effects—as do opium and deadening drugs—and no one questions the great injury inflicted by the use of these.

Tobacco works with an unseen hand, steadily, gradually, but surely and disastrously. At twenty you may use it and notice no ill effects, only to realize at forty that you have hardening of the arteries, high blood pressure, headaches, indigestion, and that you are prematurely old. Save your tobacco money for your boy and when he reaches twenty one he will have two priceless possessions—a good start in life and a father young enough to be his chum.

Some tobacco users who love the lure of self indulgence, try to make themselves believe tobacco is not injurious, yet every user almost without exception at some time realizes he is using too much. How is it in your own case? Almost any doctor will tell you that too much tobacco is injurious to anyone and Dr. Hirschfeld says excessive use of tobacco after forty five is suicidal.

To quit tobacco through sheer will power causes great suffering because of the awful craving for the nicotine to which your system is accustomed, but to quit it through Nicotol kills the craving for tobacco, tones up the nervous system and keeps you feeling fine and fit. It makes the tobacco habit quit you, frees your system from nicotine, the deadly active poison of tobacco. Tens of thousands have used the Nicotol system to free them from tobacco or cut down its excessive use. You can use Nicotol either to purge yourself of the habit or to cut down the excessive use of the weed. If you want to know whether or not tobacco is hurting you, get a box of Nicotol from your druggist and quit tobacco for ten days. Notice how much better you feel. If you want to go back to tobacco you can easily do it. Anybody can. But the thoughtful man with courage and determination who is honest with himself having quit the habit, will leave off tobacco entirely. You can get Nicotol of any up to date druggist, and it is sold under an absolute guarantee of success or the purchase price will be refunded.

NOTE: Ten years ago, seventy cigarettes per person met the demand in this country; last year the consumption had increased to over four hundred cigarettes per person, or nearly sixfold, to say nothing of other forms of tobacco consumption. Statistics show that heart disease is most prevalent in countries where tobacco consumption is greatest and that it increases with the increased use of tobacco. Heart trouble was second in a list of causes for rejection in our army. How much are you overtaxing your heart by the use of tobacco? If you can't answer, let Nicotol help you quit before your heart gives up the fight. D. J. Fry. (Adv)
