Suit Started To Annul Pickford Divorce Decree

Reno, Nev., April 7.—A suit to set aside the decree of divorce granted to Mary Pickford, now Mrs. Douglas Fairbanks, will be filed next week by the attorney general of Nevada, according to a statement made today by Robert Richards, deputy attorney general, who has been investigating the circumstances under which the decree was granted. The suit will be based on allegations that collusion and conspiracy were resorted to in conducting the case and that because of the insufficiency of the residence of either party to the case the court failed to acquire jurisdiction.

"As a result of the examination I have made of the files and records in the Pickford case," said Deputy Attorney General Richards, "I am satisfied that the decree is not valid because the court had not acquired jurisdiction and because collusion and conspiracy were resorted to. A suit to set aside the decree will be filed by Attorney General Fowler about the middle of next week."

Women Picketers Turn Efforts On State Department

Washington, Apr. 7.—Barred by the police from picketing the British embassy, leaders of the woman sympathizers with the Irish cause announced today that they would turn loose their banner bearers on the state department.

They said the picketers would appear as soon as painters could complete banners bearing extracts from an address which they declared Secretary Colby had made in New York after the Easter rising in Ireland in 1916 and in which they asserted he detested the Irish and attacked Great Britain.

Washington, Apr. 7.—The four women arrested yesterday for picketing the British embassy entered pleas of not guilty today and were admitted to \$1000 bail each for appearance at preliminary hearing next Monday. The women spent the night in the house of detention.

G. R. Berry and P. J. Ryan appeared as counsel for the women and the government was represented by J. S. Archer and L. R. Mason.

Capital Post is Planning Drive For Membership

Electing a committee to make special arrangements for an open meeting to be held during the month of May, Capital Post No. 3, the American Legion inaugurated its big drive for increased membership. "We should have 1000 members by June 1st," stated W. Carlton Smith, commander of the local post.

Messages from Senators McNary and Chamberlain and Congressman McArthur and Sinnott were presented during the meeting at the Armory Tuesday night. These messages stated that the Oregon representatives were working for the soldier bonus measure in any bill that would give the ex-soldiers adequate relief.

The legionaries adopted a special resolution endorsing the proposed higher educational tax act which will be voted on at the primary election to be held, May 21. The resolution argues that "the superiority of American efficiency, demonstrated during the world war, is the result of our educational system which is designed for the masses and not restricted to any particular class."

In considering plans for promotion of the community house proposition, the assembly decided to take steps to place the matter before the people at the coming election. The county will be asked to contribute \$10,000 toward the memorial and the city of Salem will be asked to raise a like amount. Vernon Parsons, a member of the Eugene post, made a few well received remarks in regard to the proposed bonus. He reminded the ex-service men that the bonus could not be regarded as a donation, but as remuneration for actual financial loss. "More than 17,000 men became millionaires by taking advantage of war conditions," stated Mr. Parsons, "they profited to the limit while the service men were sacrificing everything for the common good."

To be acted upon the regular meeting, May 4, the following nominations were made:

Commander, Joseph L. McAllister, Dr. William Carleton Smith; vice commander, Roy D. Page, E. Max Page; adjutant, Leland Brown, Millar E. McGilchrist, C. E. Kalkreuth; historian, Millar E. McGilchrist, Fred Mangis, Brazier Small, Ralph Southwick, A. P. Pratt; chaplain, Dr. Benjamin F. Pound; executive council (five to be chosen) Francis N. Banta, Bryan H. Conley, Paul R. Wallace, Carl C. G. Hrielson, Willer R. Haden, Mort D.

Warsaw Humming With War Activity

Warsaw, March 19.—Warsaw is humming with war activity and is crowded to its very doors with hordes of poverty-stricken refugees from the areas for which the Poles and Bolsheviks are fighting. Travelers say it is the most crowded city in eastern Europe. The population is estimated to have increased from 800,000 to 1,300,000 since the world war began. Everywhere there are officers and soldiers. Military automobiles, tractors and various other vehicles of war traverse the streets all day and most of the night. The cafe life is as bright and gay as ever, but the restaurants and theaters close at 10 p. m. to save food, light and labor. The refugees from the war-stricken areas began streaming into the city about a year ago, and have been com-

ing ever since, hoping to find food and places to sleep. The problems of providing for them has baffled the city officials.

H. S. Baker has been appointed engineer of Spokane county to succeed Allan R. Scott, resigned to enter private business. Gray Harbor will be represented on the international mining congress at Seattle May 7 by a fine display of county exhibits. Members of the Puyallup & Sumner Fruit Growers' association will distribute a melon of \$152,522.
