YOUR last opportunity—In Central Alberta and Saskatchewan are rich prairie lands—open prairie ready for the plow, interspersed with trees, which afford excellent shelter for stock. Here grain growing, dairying and live stock raising are being carried on successfully. The country is ideal for mixed farming. A man can soon become independent on a farm in this district. These lands can be bought now at prices averaging about \$18 a acre. You pay cash down 10 percent. If land is purchased under settlement conditions, the end of fourth year, then sixteen annual payments. Interest is 6 percent. E.
