

Major Leagues Open Season In 8 Cities Today

Major league baseball teams will open the season in eight National and American circuit cities today, weather permitting. In the initial games of what is expected to be one of the best seasons in the history of the professional organizations.

Forecasts indicate fair and colder weather with high winds for a majority of the baseball parks, but this will hardly check the enthusiasm of baseball fans, judging from reports of advance reservation sales at all the cities involved.

According to the schedules of the two leagues, there will be opening games in two eastern and two western cities, of each circuit today, and the visiting teams will, in turn, open the season at their own baseball parks April 22.

In the National league, Pittsburgh will play at St. Louis; Chicago at Cincinnati; Philadelphia at Brooklyn and Boston at New York. The American league program calls for New York at Philadelphia; Washington at Boston; St. Louis at Cleveland and Detroit at Chicago.

Special arrangements have been made to celebrate the beginning of another baseball season in which parades of the players, flag raising, band concerts and the throwing of the first ball by prominent state or city officials will form a prominent part.

While it will be fully a month before any accurate line can be obtained upon the real strength of the

teams, it would appear from the form displayed in spring practice that they can be grouped generally at this time as follows:

National—The Brooklyn, Chicago and Philadelphia teams appear to be stronger than last season while New York, Pittsburgh and St. Louis are about equal in playing strength to the form shown early in 1919. Boston and Cincinnati are not judged to be as strong as was the case last spring, according to close followers of baseball.

American—Philadelphia, Washington, New York and Cleveland are all expected to play a more impressive game this season than was shown respectively last year. St. Louis, Chicago and Detroit are classed as equals to their power of 12 months ago, while Boston falls below the form of 1919.

Coast League Scores

At Salt Lake— R. H. E.
Seattle 4 1 4
Salt Lake 6 10 1

Gardner, Sweeney and Rohrer; Leverenz and Byler.

At Sacramento— R. H. E.
Portland 4 4 1

Thomas, Schellenback and Bassler; Fromme, Hill and Devormer.

At San Francisco— R. H. E.
San Francisco 9 15 2
Oakland 7 15 2

Smith, Seaton, Lewis and Agnew; Ragan and Mitze.

A man who is down ought to be kicked—if he makes no effort to get up.

Change In Hours Enables Voters To Insure Vote Right

In order to make it possible for all Salem residents to perfect their organization status, County Clerk U. G. Boyer announces that his registration hours will be changed.

Commencing Thursday, April 15, the registration room at the court house will be open from 8 a. m. to 8 p. m.

This will continue until the books close Tuesday, April 20, at 5 p. m.

Up to the present time women voters form the major portion of registration applicants, indicating that the gentler sex is taking a keener interest in politics than at any previous time in the history of Marion county.

Clerk Boyer urges all voters whose cards have elapsed because of removal of residence or failure to ballot during the past two years to avoid complications at the May elections by attending to the matter at once.

Club Members To Play For Finals Before April 19

As a result of rounds played at the Illinois golf links, last Sunday, contestants for the Directors cup who qualified for the final sixteen have been paired as follows for match play:

Lettingwell vs. Mangus.
Hutchinson vs. Gillingham.

Keene vs. Locke.
Brown vs. Olinger.

Gardner vs. McDougal.
Smith vs. Abat.

Farrar vs. Kay.
Roberts vs. Olcott.

The matches can be played at any

time during the week by mutual agreement and the series must be completed before Monday, April 19.

'Twas a Sad Sight; Whiskey Dumped Down Sewer Pipe

"When the whiskey goes down with a swirling away:
And dear friends have to part."

City Treasurer Rice whistled it softly; the newspaperman held his hands over his eyes for to witness such a sight would have wrung even his calloused heart.

F. Rollo, 280 Mission street, was passing the wall in his home. He tore the paper off of the chimney hole, where, in the absence of the chimney, it has been paper over. In there, covered with soot, Rollo found a bottle.

Puzzled he brought it to the office of City Recorder Rice. Gerald Volk, councilman, was there; and so was Street Commissioner Low.

The Rollo home had, years ago, been occupied by an undertaker. The newspaperman swore the contents of the bottle was embalming fluid—but he knew far better.

Street Commissioner Low advanced the theory that it was linseed oil. Rollo thought it was whiskey.

"Give it to a doctor or a hospital," Treasurer Rice advised, objecting to Rollo's plan to destroy it. "That would be foolish, yes, even criminal."

Chief of Police Jack Welsh was called in.

"This whiskey of the rarest vintage," quoth the official authority, sniffing vigorously. "Where didja get it?"

The newspaperman did not go. Neither did Judge Rice or Treasurer Rice, as Gerald Volk, Rollo and the chief poured the fluid of the distant day into the gapping mouth—of the sink. Volk held his hat in hand. Low swore softly.

And in hospitals doctors and nurses pray for John that he might aid them in giving man's life: while poor Barclay, corn woe down into a watery grave via the sewer route, unsung, unquaffed and unappreciated.

There are usually two good reasons for extremely short skirts.

Rapid Progress On Warm Springs Project Reported

Rapid progress is being made in the completion of the Warm Springs irrigation project in Malheur county, according to Percy A. Copper, state engineer, and Will H. Bennett, state superintendent of banks, who returned Monday from eastern Oregon where they have been inspecting irrigation and drainage districts as members of the state irrigation securities commission.

Water will be turned into the ditches this week and only a few finishing touches remain to complete the entire project. An additional \$200,000 in bonds was certified to by the board Monday afternoon upon the return of the two members, this amount, it was said, being sufficient to complete the project.

The Kingman Colony drainage district in Malheur county was also inspected as were the Sparta, Durkee and Bridgeport irrigation districts in Baker county.

State Engineer Copper inspected the proposed municipal water system at North Powder and the proposed extension of the municipal water supply system at Enterprise, both of which have been turned over to the state engineer's office by the state board of health for approval.

Portland Firm Builds Tankers

Portland, Or., Apr. 14.—Closing of contracts with the shipping board at Washington whereby the Northwest Steel company here will build seven 12,000 ton tankers for the Swift Sure Oil Tank Transport company, was announced.

Louise Huff's Beauty Talks

That dainty and charming actress, Louise Huff, is famous for her beautiful complexion and as an author of many articles on the subject of beauty, she has been persuaded to tell the readers of this paper how they may quickly acquire a soft, smooth, rosy white complexion like hers. She says: "To get the best results the skin should be thoroughly cleansed, then apply Derwillo which can be obtained at the toilet counter of any up to date drug or department store." This instantly beautifies the complexion and its continued use makes the results permanent. Over five hundred thousand girls and women are using Derwillo in preference to face powder and other beautifiers and they are just as enthusiastic over it as Miss Huff. Be sure to read her large article on the complexion soon to appear in this paper. In the meantime get Derwillo which she recommends and try it today, you will be delighted with it and soon have a complexion for which everyone will compliment you. (Adv.)

announced today by J. R. Bowles, president of the steel company. Work will start within a few weeks. Mr. Bowles said.

The contract means employment for about 4000 men, according to Mr. Bowles. The work will last approximately one year.

"Strictly and genuinely open season" will be maintained in the plant on its opening within a few weeks," declared

"Grippe" Leaves Kidneys Weak

The epidemic of colds and grippe that has been sweeping the country has seemingly left even a greater number of people than ever in a weakened condition from which there is but a slow recovery. Much of this after weakness affects to kidneys and bladder, making it difficult for them to perform their natural functions. Sufferers have to get in and out of bed half a dozen times a night, their backs are weak and painful, sick headaches and dizziness are common symptoms. No serious trouble may exist but the time to check such symptoms is at once before matters grow worse. No complicated treatment may be needed if a few doses of a good safe kidney regulator like Solvax is taken right away. Solvax straightens out an ordinary case of weakened kidneys in about twenty-four hours in many instances, sifts out and neutralizes poisonous uric acid and drives the clogged up poisonous kidney waste from the body so that you can begin to feel better right away. Solvax is harmless, contains no alcohol or habit drugs and Daniel J. Fry and other leading druggists agree to refund its full purchase price if in any case it fails to give entire satisfaction. Adv.

Here's An Eye-Opener

says the Good Judge

The man who used to chew the old kinds will tell you that it costs him less to use the Real Tobacco Chew.

The rich tobacco taste lasts so much longer. Smaller chews, and you don't need a fresh chew so often.

Any man who uses the Real Tobacco Chew will tell you that.
