

Great Building Program Opens In West Salem

West Salem, Or., Apr. 15.—All West Salem that is not talking about politics and good roads is discussing the problem of housing the many people who are seeking homes in that suburb of the Capital city situated on the west side of the Willamette river. In years past Salem people imagined that West Salem was too remote from business portions of the city to make a desirable home locality and comparatively few people who worked in the city proper looked for homes there. But with the completion of the new bridge conditions have changed. Homes are scarce now and applications for homes are becoming more and more numerous. The situation seemed in some cases until a few days ago when it became known that a party had purchased one hundred lots within the corporate limits of the city of West Salem and would build as many houses. Three beautiful homes are already under course of construction and others are to be built during the summer. These homes, it is understood, are not for rent, but will be placed on the market when completed, and two of the houses now being finished have already been sold.

West Salem is sharing the progress and prosperity that characterize Salem, due, perhaps, to the fact that high rentals in Salem have caused the working man to look elsewhere for a home. But why should they not? Did you ever stop to think that the distance from Commercial street to W. B. Gerth's store in West Salem is but twelve blocks? People live in the east part of Salem fifteen or sixteen blocks from the streets and think nothing of walking to and from work. With a streetcar service over the river, which will be inevitable soon, West Salem would be the most popular residence district of Salem. Here is an incorporated city with a population of perhaps six hundred people. They have provided their own sewer and water systems and both are adequate to accommodate a population five times as large as the present. The burden of tax is lighter than in other localities and civic improvements have already been provided, a guarantee that taxation will not hinder the future development of the bulk county city.

The residence district is not alone to find permanent development. Industries of different kinds are being established there. Among these is a broom factory established a few days ago. The new company commenced operation this week and with a crew of ten or twelve workmen they are putting their product on the market as fast as the factory's capacity will permit. Another enterprise to be established in West Salem is the sand and gravel works under course of construction by Inlah & Pugh. They are building a large receptacle for gravel fifty one feet high and this will be filled by means of a pump, taking the gravel from the river bed. The approximate cost of the construction is \$20,000. G. M. Douglas, a West Salem con-

Salem Man Makes Good Score On Victoria Course

The Victoria, B. C. Colonial carries an article mentioning Homer Smith, of this city, who competed in the annual contest between the clubs of the Pacific northwest international Rotary district. The article follows: "The competition resulted in an extraordinary tie between Homer H. Smith, of the Salem club and Messrs. Frank Thomas and C. V. Martin of the Victoria club, each with a score of 78. It was played on the Colwood club course, sixty four players participating in the handicap. It was decided that the playoff of the tie will take place during the latter part of this month or early in May, to see which of the three men shall hold the Portland trophy this year. This was won at Portland last year by Paul Johns of Tacoma, whose score in Wednesday's tournament was 90. In the playoff, the local men will play the Colwood course and it will be arranged to have Mr. Smith play on the Waverly club course at Portland, under the auspices of the Rotary club of that city and under the same con-

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do. Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends. Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Salem Capital Journal. IF WEAK, THIN OR NERVOUS DON'T WORRY

Try The Bitro-Phosphate Health System—\$300 Guarantee

New York. If you are feeling run down, weak, nervous, tired in the morning, and generally ailing, these are the symptoms that should warn you to take care of your health.

Four persons in every ten are needing more phosphorus in their bodies. When you see thin and fretful people, or those who are anemic, pale, frail, oft dependent or lacking in energy, you may look for the need of certain elements that make for a strong constitution.

Some people, after relying upon preparations composed chiefly of salts, quinine, drastic drugs, iron, calomel, cod liver oil, etc., wonder why they find no benefit. That is easily explained by the fact that such persons need the phosphoric element, which is a most potent essential to health, and contained in Bitro-Phosphate, the famous health preparation. Now obtainable everywhere.

The right thing for you to do is make a trial of Bitro-Phosphate beginning at once. It is not a patent medicine; the formula is prescribed by many physicians for the ailments and weaknesses mentioned above.

With every box of Bitro-Phosphate, are a few simple health rules and a \$300 guarantee. Buy a box of Bitro-Phosphate. It is sold and recommended by all good druggists everywhere. (Adv)
