

Census Figures Show Increase Rate Declining

Washington, Apr. 15.—A review of the population figures of the 499 cities and towns thus far announced was made public today by the census bureau. Comparative figures for 428 of these places in the last two decades show a decline of 6.5 per cent in the percentage of increase from 1910 to 1920 as compared with the 28.4 per cent gain during the preceding decade.

The remaining 21 places represent cities or towns which were not existing as separate communities in 1900.

Up to and including yesterday's announcement, the review showed an aggregate population of 19,958,315, an increase of 1,789,272 over 1910, or 21.9 per cent.

Falling off in the percentage of increase for the places announced was largely due to the "check on immigration which resulted from the world war," said Director Rogers of the bureau. Total immigration to the United States for the last ten years showed a decrease of 3,264,960 compared with the preceding decade.

The recent influenza epidemic had some influence in retarding the natural increase in population, Mr. Rogers said.

Senate Fails To Approve Names For Labor Board

Washington, April 14.—The senate today failed to act on the nominations of the members of the railroad labor board after discussing the nominations in executive session for nearly two hours, the senate finally deferred action until tomorrow.

Finley Honored By National Society

Portland, Or., Apr. 14.—William L. Finley, eminent bird naturalist and lecturer, and former state biologist of Oregon, has been granted an honorarium by the National Geographical Society in recognition of his remarkable work as a naturalist and motion picture photographer of wild life, it became known here today.

This will enable him, for a period of years, to devote all his time to the pursuit of his natural history studies.

Hoover Keeps Out Of Nebraska Race

Omaha, Neb., Apr. 14.—The Hoover republican club of Nebraska issued an appeal to Hoover supporters yesterday that they not write Hoover's name on the ballots at the presidential preference primary April 29. This action, it was declared, is in accord with Mr. Hoover's wishes not to oppose "favorite sons" in their own state.

Tacoma Printer Elected Head Of Trade Conference

Spokane, Wash., April 15.—Thomas H. Phillips, Tacoma, was elected president of the Pacific slope allied printing trades conference and next year's meeting was awarded to Fresno, Cal., at today's session of the conference here.

USE COCOANUT OIL FOR WASHING HAIR

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multified cocconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multified cocconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Douglas County Pays Big Fee To Former Governor

Roseburg, Or., Apr. 13.—Ex-Governor Oswald West has been presented with a check for the amount of \$2,193.17 by the Douglas county court for services in connection with the payment by the government of the back taxes, amounting to approximately \$55,900 on the Southern Oregon company lands, which were taken over by the government. The check for the taxes was received recently by the county.

Mr. West's claim was for the sum of \$2290, but as \$100 was previously paid, the bill was out by that amount. He has presented a formal claim of \$19,685 to Coos county, which received practically \$400,000 in back taxes from these lands. The commission was paid for his activity in lobbying in the interests of the measure in congress, and for his other work in connection with the collection of the tax money. The county court at its last session approved the claim and instructed the county clerk to prepare the warrant.

Wonderful Results at 70 From Internal Baths

Mrs. L. M. Wadlin, 2043 National ave., San Diego, Cal., writes Tyrrell's Hygienic Institute of New York as follows:

"Within the last month have had wonderful results and all inflammation has nearly subsided. I could hardly expect a woman over 70 to receive benefit from a trouble of long standing as quickly as a younger person. Money could not buy my 'J. B. L. Cascade' if I could not get another."

It is difficult to believe how many internal troubles internal bathing will relieve until you realize that physicians agree that 95 percent of human ailments are caused by accumulated waste in the lower intestine.

The "J. B. L. Cascade" is the scientific method of internal bathing, removes, in a perfectly natural way, all poisonous waste, and has been so successful in promoting health that over half a million intelligent Americans are now using it regularly.

It is the invention of Chas. A. Tyrrell, M. D., of New York, who for 25 years was a specialist on internal bathing, and it is now being shown and explained by Daniel J. Fry, whole sale druggist and manufacturing pharmacist in Salem, Ore.

They will give you on request a very interesting booklet on internal bathing by Dr. Tyrrell, "Why Man of Today is Only 50 Percent Efficient." Ask for it today and know more about yourself and your functions than you ever have before.

Port Angeles—Plans for setting out a new forest of 485,000 small douglas fir trees this year on what is known as the Salsduck burn near here have been completed by the forest service.

Public Forum

To the Editor:—You have said just three things in your article of Apr. 14, under head of "Board of Control Backs Steiner in Hospital Strike." These three things are worthy of attention because they are measurably untrue.

You say "Happy" Gordon was convicted of a "minor offense." He was convicted of burglary by an impartial jury, and sentenced by an impartial judge to eight years in the penitentiary. We don't know what you would call the line between a minor and heinous offense.

You have said that these men who protested against the employment of convicts as attendants are agitators. This is not true, and the records of the asylum will show that a great many of them have been there for a number of years, one of them as long as eleven years, and several of them for three or four years each. If they were agitators, what was the doctor doing that he didn't get rid of them before. He said at the board meeting that he had never had any trouble with any of these men and that he didn't have an unkind feeling in his heart for anyone of them. He went back to his office and discharged several others.

However, in your closing paragraph you say that Doctor Steiner informed the attendants that all who objected to the policy were at liberty to call for their things and leave the institution, and that up until last night none had accepted this suggestion, with the exception of the seven discharged men. Here you are again wrong, except for your reservation limiting it up to last night. Not less than fifteen of the most reliable attendants at the asylum, and on their own motion, resigned during the forenoon of this day, and a good many of them were begged by the officers at the asylum to remain.

Kindly make the foregoing corrections to your article and consider that the men who signed this protest were thirty-five in number rather than twenty-two, and they quit not because of any grievance in the past, but be-

Blackheads are a confession

Blackheads are caused by excessive oil collecting dirt in the pores of the skin. Their presence is a confession that you are using the wrong method of cleansing for your type of skin.

To cleanse thoroughly skins liable to this disfiguring trouble, use the following special treatment. Apply hot cloths to the face until the skin is reddened. Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly, always with an upward and outward motion. Rinse with clear hot water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a piece of ice. Dry carefully.

To remove blackheads already formed, substitute a flesh brush for the washcloth in

the treatment above. Then protect the fingers with a handkerchief and press out the blackheads.

Keep your skin free of blackheads by the above treatment and gain the clear attractive skin that the regular use of Woodbury's brings.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

HERE is the first tire that ever was given a whole factory to itself!

Firestone Plant No. 2, with a capacity of 16,000 tires per day, is devoted solely to the production of the 3 1/2 inch size.

Doing the BIG things FIRST

Most miles per dollar is a Firestone pledge, to the big car owner as well as to the owners of light cars. See the new Standard Oversize Firestone Card.

Firestone

It was a problem made to order for Firestone—big volume production of a high grade article.

Firestone met it with a typical Firestone answer—a separate \$7,000,000 factory.

52¢
How would YOU like a raise like this?

FIRST NATIONAL BANK
Pay to the order of Rev. N.E. Pastore
Only Fifty Two Cents
52¢ Each Church Member

— and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

We Pay Him Half the Wages of a Mechanic

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic. And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can make.
