

Martin Would Go After Profiteer If Elected, Claim

Declaring that he will "support legislation, state or national, which may effectively reduce profiteering," Ivan G. Martin, candidate for election as representative in the state legislature from Marion county, today filed his platform with the secretary of state, Mr. Martin, who is a prominent Salem attorney, filed his candidacy several days ago.

Mr. Martin's platform follows: "I will support legislation, state or national which may effectively reduce profiteering; an alien land law preventing races, who cannot become citizens from owning land in Oregon; a progressive road policy which will permit and encourage free and fair competition, and insofar as possible eliminate graft and waste; oppose high taxes; encourage high standardized schools; a general tax law to equalize values—will fairly recognize labor and capital—will strive to reduce expenses and appropriations. I pledge myself to have the money and to foster and encourage home production, protection and development.

Raymond Attebery Unanimous Choice Of "W" Students

At the university this morning when Raymond Attebery proved to be the only nominee for student body president for next year, and is therefore unanimously elected to the office. This is the first time in the history of the school that such a thing has occurred, and marks the end of the period of inter-society political strife which has held sway for several years in regard to these elections. It is generally admitted, however, that Attebery is an outstanding man in university affairs, and that no other man who was eligible for the office could handle it so capably as he.

Freckle-Face

Now is the Time to Get Rid of Those Ugly Spots. Do you know how easy it is to remove those ugly spots so that no one will call you freckle face? Simply get an ounce of Othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more Othine is sold in this month. Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove the freckles. (Adv.)

Humane Society Man To Talk On Animals Tonight

"Animals in War and in Peace" will be the topic of Richard C. Craven, field organizer for the American Humane association, who is here while on a tour of the west, when he speaks at the library this evening at 8 o'clock. The meeting will be presided over by Governor Olcott and is open to the public.

Mr. Craven delivered an interesting lecture before the student body at the Lincoln Junior high at 1:45 p. m., and this morning talked at the Williamette university. The facts concerning animals that were presented by Mr. Craven held the interest of the students at all times, and the loud applause that followed his talk indicated their pleasure at hearing them.

City Official In Chivarari; Poor Man Loses Sleep

A certain city official today was thinking that charivaris are all right—providing he isn't a principal in the celebration thereof.

Chalmers George, a prominent young dentist here, acquired a wife little more than a week ago. His friends didn't know about it until very lately, so late last night they started out to have the customary fun, he was disappointed. At a late hour last night when the city official was just preparing to go to bed, Mrs. George broke into his home. She asked shelter from the oncoming apartments. For an hour the city official kept her under his roof. She grew lonesome for George, so he volunteered to aid her in the hunt for him. They found him at the Elks club. George changed coat and hat with a fellow and managed to get as far as State street without being detected. They changed back again, and the newlyweds went to the city official's home again for protection. But the pursuers found them. He

Today he requested that his name be kept out of the story. Well that is for no one wants to be known as "the goat."

Famous Georgia Minstrels Here For Production

For singing and dancing none can excel the colored race, and it seems the cream of the colored talent has been brought into the Famous Georgia Minstrels, at least this company has established itself as a top line attraction and is not thought of as a

"nigger show"—it being in the same class and character as many white minstrel, unless it be that it is superior, and the white people appreciating the efforts of these deserving people are very liberal in their patronage.

So far this season, reports verify the fact that five nights out of the week, hundreds are turned away from the Famous Georgia Minstrels. They will be here at the Grand opera house tonight.

Following out their usual custom the minstrels will parade through the streets of the business section of the city this afternoon at 5:30 o'clock.
