

Poultry Farm at Monmouth Takes Form of Industry

Monmouth, Or., Apr. 16.—The Normal Poultry Farm owned by McCaleb & Mason is as busy hatching chickens this spring as the normal school is creating pedagogues and pretty teachers. Messrs. McCaleb & Mason, proprietors of the farm, have established a business in the poultry line that is of more than ordinary importance. Here can be seen 850 two-month-old chicks picking up food in one yard, and in another over two hundred hens are busy supplying eggs. All of the chickens are of the single combs Leghorn variety and they show signs of good care and keeping. Some of the little chicks are hatched from eggs that cost \$2 each. There are seventy of these, the hatching of one hundred eggs brought a Hollywood, California, chicken breeder and they are from hens that have established records of more than 300 eggs per year. McCaleb & Mason have sold over 7000 young chicks this year. They claim that their feed bill at present amounts to more than \$5 a day. During the early part of May the National Jersey Breeders' association will hold a meeting in Portland and will tour the valley. They will be in Monmouth May 5. The grange and other local organizations are making plans to give the association a cordial welcome. The visitors will number more than one hundred and the local people propose to furnish a dinner upon this occasion. A big time is anticipated when the Jersey men reach Monmouth. Word was received here yesterday of the marriage of Miss Daphne Ostrom to Fred M. Yigles, which occurred at Portland last Saturday. The bride resided in Monmouth for ten

years and was a graduate at the state normal in 1915. During the past few years she has been employed in Portland. Mrs. T. M. Perry and Emma Kramer will go to Ashland tomorrow where they will visit their brother, George, who is employed there as agent for the Southern Pacific company. Mr. and Mrs. John Riddle have returned from Kalama, Wash., where they spent a few weeks visiting relatives. While playing at school Wednesday Bert Miller met with the misfortune of tearing his arm, and is carrying the member in a sling at present. A pie social was held here at the home of Mrs. J. C. Fry, the wife of the farmers' union. The sale was a great financial success, the proceeds amounting to \$139. W. J. Stockholm acted as auctioneer and that is perhaps a reason for the success of the function.

kindly omit my name from any such sensational articles, whose aim seems to be merely the misleading of the pro-letarian element of your city. If you are trying to injure your city and your state in the eyes of an outsider, you have surely taken a very direct method. I hope you do not deem this an example of that much reputed hospitality and courtesy of the west. Respectfully yours, ESTHER C. WHEELER. Salem, Or., April 14.

To the Editor:—Referring to your issue of even date, wherein you report me as being connected with a certain timber deal, which you state is fraudulent, I beg leave to remind you that, as a comparative stranger in your town, I consider that any personal investments which I may, or may not make, are my own business, and I will appreciate it in the future if you will

Man's Trouble Arrested

The past 4 years I have been going down, down with catarrh of the stomach and had to give up work a year ago because of my weakened condition. I suffered terribly from bloating and colic attacks. May's Wonderful Remedy was recommended to me. I took a course of it and am now feeling fine. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. J. C. Perry, D. J. Fry and druggists every where. (adv)
