Country Club To Entertain With Feast On Sunday

Although it had been planned as a Blossom day event, and club members had been invited to bring out of town visitors as guests, the Johnnie Jones dinner arranged for next Sunday at the Illbree country club, will be held, notwithstanding the fact that Blossom day has been postponed a week because of the weather. The event is advertised as "a big day at the golf links" and preparations are being made with the high hand that characterizes things sponsored by the Country club. A charge of 75 cents a plate will be made and the president, Dr. Griffith, is especially urged to attend and occupy the place of honor at the head of the first table. If possible, members are urged to phone their intentions to attend to any member of the house committee, composed of W. M. Pilmpton, M. L. Meyers and John J. Roberts. The menu for the dinner, one of Johnnie Jones' best, follows: Johnnie Jones Celebrated Baked Ham, Brown Potatoes, Juley Mash Gravy, Head Lettuce with 199 Island Dressing, Ice Cream and Cake Coffee

Sour-Dough From Alaska Here; Is To Speak Tonight

Black-lock Lewis, the sourdough from Alaska, arrived in Salem on Friday. He showed his Alaskan trophies and his moving pictures taken by himself and delivered his interesting talk on Alaska to a packed house at the Liberty school on Friday evening. This evening, under the auspices of the Y. M. C. A. of Salem, he will put on the same program for the boys training school. He will also have charge of the service at that institution on Sunday morning. Sunday evening the people of Salem will have an opportunity of seeing the pictures and hearing the address at the Leslie M. E. church at 7:30 p. m. Monday evening at 7:30 will be "Daddies" night at the Y. M. C. A. 100 invitations have been sent out to the boys members to be present Monday evening and each boy will have a daddy for his guest. The affair will be held in the "Y" gym, where ample accommodations will be arranged for the big crowd. Mr. Lewis will show his pictures and his trophies and deliver his interesting talk.

Petitions To Be Heard At Court-House, April 20

A representative class of prospective citizens is noted in the list of naturalization petitions filed with Clerk F. G. Boyer Saturday morning. Marion county residents of alien parentage are seeking more interest in American citizenship since state and federal laws make it impossible for any person to vote on incomplete citizenship papers. In addition to this class there are also many persons who have been in the United States only a short time and are complying with the laws as readily as the statutes permit. Naturalization petitions of the following will be heard: Albert Clark, Philip Clayton Strang, Thomas Spencer White, all of whom were born in England; Anders Peter Peterson, Denmark; George Babod, Russia; Alex Edward Robertson, Sweden; Herman H. Kusnel, Switzerland; Augustus Leon Saucier, Nathaniel Bernard Travis, Canada. Consideration will also be given to the continued petitions of Bernhard Bittler, Fred William Homan and William Henry Homan, all of whom were born in Germany. These petitions will be heard in the county court house Tuesday, April 20, during the April term of court.

American Legion To Give A Dance

Plans are under way for the largest American Legion dance of the season, according to announcements made today. The affair will take place in the armory next Friday night, April 23. As usual there will be special music and a commercial decorator will probably be engaged to take charge of the decorations. Committees have been appointed to take care of the various phases of entertainment, and every effort is being put forth to make the dance a phenomenal success.

The railroad block system does not seem to remove blockheads from the railroad service.

Top was demolished. The accident occurred when Mr. Cummings turned west on State street from 11th and Mr. Schusterwitz was going west on State street. He did not see Mr. Cummings enter State with his auto and he made a sharp turn to the right to avoid striking him, turning the car completely over. Mr. Schusterwitz escaped without injury. American Planes Will Be Part Of Chinese Service

Hong Kong—Sixteen aviation and mechanics, mostly American, have arrived here and 11 American airplanes are on their way from New York to the Orient to establish the first commercial aviation enterprise in China. It is announced that this aerial service will connect Hong Kong, Canton and the Portuguese colony of Macao. Later, it is stated, the company has plans to extend its activities to Manila and Tokio, touching at centers on the Chinese coast. The airplanes to be used in this service are understood to have been built originally for the United States navy and equipped with Liberty motors but have been retrofitted and are said here to be capable of making continuous flights of 650 miles carrying 14 passengers. Walter Bonner, a veteran of the United States Naval Flying corps, is to be general superintendent of the new company which has been financed through the efforts of C. E. W. Ricau, a Macao capitalist. ANNOUNCEMENT As to Market Conditions

We have saved our customers thousands of dollars by anticipating the market and buying ahead of the gradual increasing prices. During this time we have advised our customers to buy shoes ahead to avoid paying a higher price and they have done so—making large savings in each instance. Now we feel that the peak of the market has been reached and we are going to suggest that our customers and friends only buy for their immediate needs, wearing the shoes they have and having them repaired. There will be no immediate reduction of any great importance, but will be a gradual decline for the next four or five years. We are also going to warn our customers against worthless shoes that are being placed on the market at this time at slightly reduced prices. All buyers of shoes should demand a positive guarantee on every pair they buy to protect themselves against the WILD CAT makes. We are only buying shoes from factories that absolutely stand behind every pair of shoes they make and that we have proved through years of selling experience.
