

# Illustrated Talk Upon Landscape Gardening Friday

The second out of town lecturer to be brought to Salem, by the Salem Arts League, will be Howard Everts Wood of Portland, one of the best known landscape architects of the west. His talk will be illustrated, and will be given in the public library, Friday night, April 23, and is entitled "A more beautiful Salem." Everts is more interested in beautifying the city, and anxious to learn the art of landscape decoration should not fail to attend.

The Wood Landscape nursery, of which the lecturer is head, and which has been visited by many Salem folk, is located on the Canyon road, six miles west of Portland, and is one of the most extensive collections of plants and shrubs in the northwest.

Mr. Wood was formerly connected with the Mississippi Agricultural college, and is the author of several books, including one on "Sustainable Plants." He has lectured on the subject in all parts of the country and has received numerous eulogistic notices concerning his work.

The lecture is timely, now that Salem is awakening to its possibilities, and when almost everyone is beginning to aid in beautifying the city. The Arts League, realizing that landscape gardening is doing a most consistent and commendable thing.

# Silverton Mill Runs Full Blast

(Continued from Page Two.)

It is believed that the member will have to be amputated above the ankle.

HARRY McAVOY, well known Los Angeles hotel man who says he spent a small fortune and tried every treatment money could buy without getting relief, until he tried Tulae. Says he suffered for twenty years.

"In 1900 I suffered a general breakdown and during these 20 years I spent a small fortune searching for health," said Harry McAvoy, with the Alexandria hotel of Los Angeles, one of the largest and finest hotels in southern California.

"I went to the best specialists in New York, Chicago, New Orleans and Seattle. I tried every medicine and treatment money could buy, but the best I could do was to get a little temporary relief. Finally I gave out completely under the strain and had to quit work altogether. I was terribly discouraged over my condition and felt that I would be an invalid for the rest of my days.

"I had indigestion in its very worst form. In fact, I was a confirmed dyspeptic; nothing agreed with me and I suffered from all the terrible symptoms of indigestion. My heart palpitated so badly I thought I had heart trouble and I would get so weak and faint at times I would stagger and several times I fell flat in my tracks before I could support myself.

"I was absolutely afraid to eat, for I meant nothing but suffering afterward and I would have awful pains and burnings in my stomach and chest. Sleep! Why, I didn't sleep! I would lie in bed a while and then get so restless I would have to get up and walk the floor. I was almost a nervous wreck and couldn't even sit still and write a letter. I lost so much weight and strength I was almost too weak to walk, and I honestly believe no man in this world suffered any more than I did.

"Last September I realized I could hold out no longer, and as I had read a great deal about Tulae, I made up my mind to give it a trial. Well, sir, it was the greatest and happiest surprise of my life, for I began to feel better right away. My appetite improved, I began to sleep better and my strength gradually returned. So I kept right on taking the medicine and in only a few weeks time my condition had all left me and I found I had gained 15 pounds in weight.

"From that day to this I have positively been in the best health I ever enjoyed in all my life. I never have an ache or pain. I eat anything I want and don't suffer any bad after effects at all. In fact I feel just like a new man and have plenty of strength and energy. My nerves are steady and strong. I never have a dizzy spell and my sleep is restful and refreshing.

"Tulae has been worth its weight in gold to me and all the money on earth could not buy the good it has done me."

Tulae is sold in Salem by Tyler's drug store and leading druggists.

(Advt.)

The Knights of Pythias lodge will give a hard times ball in the Woodmen hall tomorrow evening, and plans have been made for a big time. Miss Meva Blackberry went to Portland Monday where she will undergo an operation at the St. Vincent hospital.

Miss Ida Lincoln and her sister, Mrs. Frank Gordon visited in Salem Monday.

Mrs. H. E. McCaskill was a Salem visitor Monday.

Geo. Custer transacted business in Salem Monday.

# Girl Debaters of Puget Sound and Willamette Tie

Willamette debaters again broke even with College of Puget Sound in the girls debate Saturday night on the subject, "Resolved, that the principal cause of America's present wave of anarchy is to be found in unjust labor conditions." The Tacoma team won the affirmative here, the Willamette negative winning in Tacoma.

Some of the cleverest argument heard in Salem this year was advanced on both sides of the question. Myrtle Mason and Lorlei Blatchford of Willamette presented a logical case for the affirmative, showing both that labor conditions are unjust and that they are a cause for unrest, but the clever definition of the question advanced by the negative was too much for them. The most effective speech of the debate was made by Miss Florence Maddock of C. P. S. The next debate of the women's series on this question will be with Pacific University, this coming Friday night.

# Public Forum WHAT ARE THE WOMEN GOING TO DO ABOUT IT?

To the Editor:—Men have declared war on high priced clothing. Judging from the protests of some of the manufacturers and dealers in woolen goods the "Overall Clubs" are assuming proportions that to them means more than a joke. It is no joke. The men are in earnest, they mean business, and that is what is worrying the dealers in woolen goods.

But what are women going to do about it? Are we to continue to pay ten to twenty dollars for shoes, ten to twenty-five for hats, three to ten dollars a yard for dress goods and proportionately high prices for other garments while our husbands are heroically struggling with the H. C. L. in their delirious? Organized housewives have demonstrated their power on several occasions, once in Pennsylvania when dressed turkey was brought from thirty-five cents to seventeen, and last winter in Chicago, eggs came down ten cents per dozen over night, when housewives refused to buy, and these organizations, we might say, were agreements. In their fight for suffrage, women declared themselves equal, if not superior (?) in intelligence, to men. Are we now going to bow in humble submission to the profiteering merchants and manufacturers, and let the men wage this fight alone, or are we going to show our metal by getting into the game and showing that we are "there" in an emergency. We women must admit that "latest style" catalogues, tasteful window displays of finery and gorgeous attire, appeals to our vanity rather than to our common sense. If women throughout the country will follow the course taken by the men, organize clubs, adopt simple styles that require a minimum of mod-

erately priced goods, refuse absolutely to buy shoes above a price fixed by the clubs that would be adjudged as "reasonable," prices in women's clothing would tumble like a house of cards.

After six months of watchful waiting, the department of justice has demurred to our entire satisfaction it's utter inability to devise ways and means to curb the profiteer. These in charge of the campaign seem to be more concerned in suppressing demonstrations of unrest than looking for, or removing its causes, and thus far their efforts have been crowned with costly failures. Committee after committee has been appointed to "investigate" and invariably report that prevailing prices are unjustified, and that manufacturers, merchants, etc., are making exorbitant profits, yet so far as we are able to learn, no effort has been made to limit profits, and the profiteer continues to fitch the public's pocket books with impunity. Fair Price Fixer (Daley) of Portland has resigned, giving as his reason, "the lack of co-operation from Washington, and lack of authority."

The problem is clearly up to us as individuals, and while the club movement is an experiment, it is well worth trying. What are the women going to do about it?

# HOUSEWIFE. Incorporations.

Articles of incorporation have been filed with the corporation here by the Marshfield Mill & Timber company of Marshfield, capitalized at \$50,000. The incorporators are A. Y. Meyers, Jas. E. Montgomery and Ben S. Fisher.

Other corporations and associations filing articles Saturday were:

The Shalake club, Madras, Jefferson county, \$100; Fannie J. Kane, May B. Arney and L. May Turner.

Leland Lumber company, Grants Pass, \$2500; E. A. Murphy, C. C. Howard and O. E. Blanchard.

# Stop Tobacco

Stop tobacco for a month and see how much better you feel. You can stop without suffering any inconvenience or feeling the usual craving. Simply get a box of Nicotol from any druggist, use as directed and the habit quits you. Your health will be better, your resistance to disease will increase and you will cease to be a slave to nicotine. Read what Dr. Conner formerly of the Johns Hopkins hospital, says about the evil effect of tobacco in an article soon to appear in this paper. Nicotol is dispensed by all good druggists in this city, especially by D. J. Fry.

# MAGNETOS

We have engaged one of the best men in this line on the west coast and have equipped a shop for magneto repairs. Also a line of parts. If your magneto needs overhauling, ship it to us or call

W. H. Hildebrandt & Co.  
279 North Commercial St.  
SALEM

# Alaska is Topic Of Special Talk At "Y" Tonight

Tonight at the Y. M. C. A. gym, 300 boys will be hosts to their fathers during the "Daddies' Night" program which begins at 7:30 o'clock. A more than worth while feature of the program is the exhibition of Alaskan films and curios given by "Black Lock" Lewis, sordough missionary.

Mr. Lewis spent 30 years on Alaskan trails and speaks several native dialects fluently in working earnestly in an effort to awaken Americans to the genuine worth of the Alaskan native and to the two and one striding being made in the new territory.

# Delicate Children

There is nothing like Vinol, our Cod Liver and Iron Tonic, to build up frail, sickly children.

Her Doctor Advised Vinol

Aiken, S. C. — "My little girl five years of age had been delicate all her life. Last January pneumonia left her in a very weak, run-down condition with no appetite, and she could not keep still a minute, not even in her sleep. We were very much worried about her, and our druggist, who is a doctor, said Vinol was the best tonic he knew for one in her condition. We tried it and you ought to see how she has improved by its use. I cannot say too much for Vinol." — Mrs. LEONARD W. GEORGE.

We ask all parents of weak, sickly, delicate children in this vicinity to try Vinol with the understanding that we will return your money if it fails to benefit your little ones. Children love to take it.

At Emil Schaefer's Drug Store.

Twice he has shown his special motion pictures of the north and lectured to overflow crowds at the Leslie M. E. church. Saturday night the boys at the state training school were given a large vision of Alaska by Mr. Lewis.

The Sunday morning religious services at the school were conducted by Mr. Lewis. His visit to the school was arranged through the Salem Y. M. C. A.

In addition to his films, the sordough lecturer exhibits a collection of Alaskan garments and trophies that is the envy of all who have the privilege of seeing them. Most of the garments were worn by the traveler while on northern journeys. Mr. Lewis plans to visit as many Marion county schools as possible, his lecture having proven popular as a supplement to the comparatively meager data furnished by standard text books.

# Public Service Hearing Held

Fred A. Williams, public service commissioner, and Ed Wright, secretary to the commission, have returned from the Coos bay country where they have been conducting a series of hearings.

At Florence a hearing was held on the application of the Florence Electric company for an increase in rates. At Reedport and Coquille hearings were held over applications for grade crossings over the Southern Pacific tracks. At Marshfield a hearing was also held there on the application of the Coos & Curry Telephone company for an increase in rates for city service in Marshfield and Yreka Point.
