

Cooperation of County Farm Bureau and Farm Loan Association Shows Results

By A. C. Bohmstedt

An example of community building and effective cooperation between the Farm Bureau and the Federal Farm Loan system is shown by the work in Benton county under the direction of Mr. Kable, county agent for the Farm Bureau and Mrs. E. B. Hull, Jr., membership chairman of the Farm Bureau and president of the Hoskins National Farm Loan Association. The Advisory Board of the Farm Bureau had several projects in mind which it desired very much to have carried out, and among these projects was the organization of the Albion community into a community club; among other things, the establishment of a pure bred Jersey center in the Albion Valley. The Bureau felt that at least twenty pure bred Jerseys and ten sires should be placed in that community this year, but it is one thing to tell a community what to do and another to show them how to do it. The matter of finances was the chief stumbling block and it was at this point that Mr. E. B. Hull suggested that all this could be financed under the Federal Farm Loan System. So at the time of the extension

school at Albion, the project was presented and at the same time the advantages of the Farm Loan were also presented to the farmers. As a result nearly \$100,000 of Federal Farm loans have been received from that community alone and instead of twenty head of registered Jersey cattle going in, over forty have already been arranged for; and instead of ten sires nearly twenty have been arranged for. In addition to this, Farm Improvements and other needed livestock are going in. These people have been advised to patronize their home people as far as possible so that the local saw mill and business men are having more business than they have ever had.

This is a practical example of what the Farm Bureau and Federal Farm Loan system will do not only for the county but for the towns as well which derive their support from the county in which the Bureau and Federal Farm Loan banks act together.

What has been done in the Albion Valley is being repeated in the Alpine section and the Kiger Island community as rapidly as possible and will be extended to other communities in the county.

CONCERNING MUSIC

By C. A. DAVIDSON (Director of Music for Salem Schools)

Queen of Hearts.

Under the caption "Queen of Hearts" clever and original entertainment was staged at the High school last Tuesday evening. Everyone was delighted and only expressions of commendation could be heard on all sides.

A good crowd was present and over \$100.00 was taken in which together with the \$50 realized from the former presentation of the same program two weeks ago at the Moose Hall, makes a sum too help along the children's ward of the new Salem hospital.

Music and dancing by the little folks constituted the main part of the program. Some very clever work was done in these lines. To say everything went off smoothly would be putting it mildly, for there was evidence aplenty of talent and training.

The piano numbers were furnished by Miss Shelton's pupils. They were done with the exception of Cecil Deacon's variation on "Believe Me If All Those Endearing Young Christs." This young man's appearance was conspicuous for his facile technique and melody playing.

Less Than a Nickel a Week

This is all that Swift & Company's profit cost the average American family in 1919.

Here are the figures and authorities for them.

The average consumption of meat per person for a year is about 180 pounds (U. S. Government).

The average American family is 4 1/2 persons (U. S. Census).

Swift & Company's profit from all sources in 1919 averaged less than 1/4 cent per pound on all products including meat.

This averages for the family less than the price of—

- 1 cigar per week for father, or
- 1 street car fare per week for mother, or
- 1 package of gum per week for the children.

The complex service which we furnish the public is efficient and economical. The cost to the public in the shape of profit is too small to be noticeable in the family meat bill.

Swift & Company, U. S. A.

ing as in music. Every once in a while a genius appears among us in the form of a little child as the Creator would have us know that in the evolution of the race to date, man's mental faculties are only about one-tenth developed.

Miss Bertha Clark whistled a very pretty Chinese lullaby, and as all good players nowadays should end a spectacular wedding was consummated. Not only in India do they have child weddings, for this little bride and groom were not yet past their twelfth birthday. It was a marriage in a mode, in which, among other things, the bride promised not to feed "him" on sour-dough biscuits, and the groom granted "her" the privilege of belonging to all the ladies clubs and lodges in the city.

I thought of Wagner's idea, that music, literature, acting and painting should substantiate each other and be correlated into a perfect artistic whole. Music alone is more or less indefinite, and painting and poetry are apt to be considered inanimate by themselves, and the actor or dancer needs an accompaniment of words or music, but when all these arts meet on the stage the appeal is irresistible.

Much credit is due Miss Shelton, Miss Thompson and Mrs. Gingrich for the good program they gave us for a good cause.

School Music Notes.

Members of the High school band, glee club and orchestra met in the assembly Thursday night and enjoyed a party all their own.

Games were played in the gymnasium and a program of songs, stunts and jazz was put on by different members of the company. It is surprising how much and how varied talent may be discovered among a group of 110 young people, and it is also surprising what a good time they can have when they all get together and get busy. The original program which the young people put on ran the gamut of music from "I Love You," by Cadman, to the boys' quartet, the girls' jazabo or-

chestra, the Portland hotel dance orchestra and singer, and the blackface at the Irish jubilee.

Hines Pursued Woman; Forced To Pay Penalty

Jack Hines, alias W. H. Morrison, age 25, who was arrested by Traffic Officer Moffat Saturday on a charge of disorderly conduct, pleaded guilty when arraigned before Police Judge Rice this morning and was fined \$10.

Hines was arrested on complaint of Miss Cora Stephens, who recently came to this city with her mother, that he persisted in following her wherever she went.

Miss Stephens told police that Hines

has been following her for more than a year insisting on showering his attentions on her, and she claims that he pursued her to this city from Washington. When he arrived in Salem Saturday morning he immediately began search for her and found

her on State street, she claims. When she told him that she didn't want to talk to him, he dogged her path wherever she went.

Owing to our shortage one-box factory in Klamath county has been shut down. Others will follow unless the embargo is soon lifted.

Constipation

THERE IS NOTHING equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.

Just where and how is the money to be spent ?

A businesslike Answer to a businesslike Question

1

FOR THE CHURCH'S WORK AT HOME. A score of items come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the Church does not?

2

FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3

FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if Faith dies out of the hearts of its youth?

4

FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.

5

FOR THE CHURCH'S WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

6

PREACHERS' SALARIES. The preacher is called the "Forgotten Man," and well he may be. Eight out of ten preachers are paid less than \$20 a week!

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its needs under six main heads as shown at the left.

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post of service assigned to it in advance.

Every dollar for a better America and a better world. When your church calls on you, give—and give from your heart as well as from your pocket-book.
