quiet today, following yesterday's clush between deputy shoriffs and mine strikers and sympathisers and the supposed accidental killing of a guard at the office of the Butte Daily Bulletin, a radical labor paper, this morning. Only the fact that the mines were not being operated today and patrailing of the streets by police and deputy sheriffs gave evidence of the strike called by the Industrial Workers of the World in support of de

mands for increased wages, a six hour day and release of political prisoners. With the announcement by the min-ing companies that all mines of the

district would resume tomorrow and the expected arrival of United States regular froops tonight, the city was hopeful that further disturbances would be avoided.

The list of casualties front yestes-day evelog's outbreak has increased to sisteen today, when it became known that George Martin has been shot through the hand. None of the victime of the affair, which occurred shen Sheriff O'Rourke and a force of deputies, policemen and mine guards sought to disperse some 369 members of the L W. St. Louis, Mo., Apr. 22.—The peo-le of the United States are gravely enaced by the continued spread of tuberculosis according to speakers at the annual convention of the National

the annual convention of the National Tubercetlosis association which was formally opened here today. This association is planning a na-tion-wide fight against the disease. Dr. Victor C. Vaughn of the Uni-versity of Michigan, president of the association, in address associed that "nearly 169 per cent of the adult in-habitants of our cities are already infected with tuberculosia."

Living conditions must be better-ed to improve the situation, the speaker said, and this can only be effected by the migration of the mas-ans to the rural districts.
