

Fight On H. C. L. Delayed; More Recruits Wanted

The attack on the high cost of clothing originally scheduled for today by the army of state house officials and employees has been postponed until Monday in order to give more time for organization and enlistments. After that date new clothes and white shirts will be strictly taboo about the capitol building.

This is the latest development in the khaki-khaki-old clothes move in Salem, as the result of a mass meeting of state house employees Wednesday evening. While it is not expected that all who have enlisted in the move will appear in new denim or khaki uniforms, the spirit of the move will require that no new clothing be purchased for a period of six months.

Leaders in the move, including several department heads, declare that they will go the whole way and stick to the denim. A committee consisting of State Laborer Commissioner Gram and R. B. Goodin, state purchasing agent, has been appointed to investigate the feasibility of co-operative buying.

Sampson Tractor Mechanic Returns After Schooling

Al Felan, tractor mechanic with Vick Brothers, has just returned from Portland where for the past two weeks he has been attending a Sampson service school. This school was conducted by the Sampson Tractor company and was attended by service men from the entire state. During the school each model of tractor and truck as well as the farm implements were gone into thoroughly, each machine being entirely disassembled and explained before the students.

Before a mechanic is allowed to work on Sampson products he must first have passed a successful examination at this service school. This assures the farmer dependable service by trained mechanics.

On the last day of the course a public demonstration was given near Portland during which the model M and the Sampson Iron horse were used. Vick Brothers entire force of some 30 men went down for this day.

field, is being returned to its former place on top of Waller hall. It was found several years ago that the roof of the building was not safe for the big bell, and it was removed to the tower. But in rebuilding the room, it has been made strong enough so that the bell can be restored to its old position and the workmen are now preparing for the removal, which will probably be made an event by the students.

There is a tradition that the bell shall only be rung when Willamette has scored a victory against some other college, and the only exception to this rule has been on patriotic occasions.

Famous Teacher Of Voice Added To School Staff

Seattle, Wash., Apr. 22.—Coupled with the announcement of the summer school season of the School of Music of Seattle, which will continue from July 17 until September 4, is the news that not less a personage than Sergei Kljibansky of New York will head the list of visiting teachers for the term. Mr. Kljibansky is probably the leading master of voice in America today and numbers some of the most distinguished singers in the country among his pupils. One of these who is well known in the northwest is Lotta Madden, who was formerly a resident of Seattle, but for a number of years has been in New York. Mr. Kljibansky has letters and recommendations from such noted musicians as Josef Stravinsky, conductor of the New York Philharmonic orchestra; Alfred Hertz, of the San Francisco Symphony orchestra; Giorgio Polacco, formerly conductor of the Metropolitan and Chicago opera companies; Walter H. Rothwell, conductor of the Los Angeles Philharmonic orchestra; Frank Damrosch, director at the Institute of Musical Art, New York; William W. Binshaw, director of the Opera Com-

CARELESS SHAMPOOING SPOILS THE HAIR

Soap should be used very carefully. If you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo which is pure and greaseless, and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dust, dandruff and excessive oil. The hair dries quickly and evenly and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months. (adv)
