

MUTT AND JEFF.—Spivis Cashes In On Jeff's Clever Idea.—By Bud Fisher.

Fulton Granted Decision; Negro Falls, Exhausted

Portland, Or., Apr. 22.—Fred Fulton, Minnesota heavyweight boxer, received the decision here last night in the sixth round of his scheduled ten round bout against Jack Thompson, Tulsa, Okla., negro, when the latter went down twice, partly from blows and partly from exhaustion. Fulton hit Thompson with a left hook which was hardly more than a shove, according to newspaper writers, and the negro went down for a count of eight. He got up and lunged wildly at his opponent, but missed and fell to the floor once more, where he stayed apparently exhausted. Only once, at the start of the third round, did the Chicagoan furnish Fulton any severe opposition. Rushing from his corner he landed a right cross to Fulton's jaw which momentarily staggered the Minnesotan. Fulton quickly recovered. "Tiny" Herman, Tacoma heavyweight, knocked out "Mexican Joe" Lawson, New York, 185 pound negro, in the second round of a scheduled ten round fight in the semi windup. A right chop to the chin turned the trick. Joe Gorman, Portland featherweight, knocked out Frank Peter of Seattle in the third round of a scheduled six round fight. A right cross to Peter's chin put him out. Johnny Noye, St. Paul lightweight, fought a six round draw with MaB. Bronson of Portland. Kid Meeker and Henry Krieger, Portland welterweights, fought a four round draw.

Coast League Scores

Table with 2 columns: Team Name and Score. Rows include Seattle (R. H. E.), San Francisco (3 9 1), Seattle (2 7 1), Hot and Agnew; Geary and Adams, Salt Lake (0 7 2), Oakland (3 6 0), Belger, Bromley and Byler; Krause and Mitze, Sacramento (3 9 2), Vernon (5 4 7), Cooper, Horwedge, Kuntz, Pomeroy and Rehag; Schellenback and Sullivan.

Bearcats Ready For Aggie Games Despite J. Pluvius

Old Jupiter P. has ordered another two day vacation for the Bearcat baseball squad, but in spite of this the team will be in shape for the O. A. C. games Friday and Saturday if the field is in condition for playing. The men have been working out in the gym, keeping their arms in shape. There will very likely be practice today. The only consolation is that it is raining just as hard and often at Corvallis and the team there is just as badly handicapped as are the Bearcats. The track squad is working in spite of the mud, and all of the men will be in good condition for the interclass meet Monday night. Only eight weeks remain for the track and baseball teams, and they are anxious to get started. Tennis is also on the blink, but even so Goodho, last year's champ, has managed to get in good shape, and hopes for a chance

to meet Mortimer Brown of U. of O., the northwest college title holder, on May day.

Montana Election Interest Centers In Delegates Race

Helena, Mont.—Chief interest in the state presidential preferential primary election in Montana April 23 centers in the republican race for presidential endorsement. Petitions have been filed in behalf of five candidates for the republican nomination, while no democratic presidential candidates have entered the race. The only democratic candidacy for national honors is that of Governor Sam V. Stewart, whose name has been entered for the vice-presidential nomination. The republican presidential candidates are Warren G. Harding, Ohio; Herbert C. Hoover, California; Hiram W. Johnson, California; Leonard Wood, New York, and Frank O. Lowden, Illinois. An added complication has arisen in the republican primaries through the filing of petitions for eight candidates for delegates to the republican national convention, all pledged to vote for the nomination of Senator Johnson. The state election law requires that national convention delegates shall subscribe to an oath to "faithfully carry out the wishes of his voters at the time of the election." There are 19 other candidates for delegate to the republican national convention and 21 candidates for delegate to the democratic national convention. The democrats have four candidates for presidential elector but only three republicans filed for this office. It is expected another will be selected by the voters—writing his name on the ballots. The state primaries, at which state and county officers will be nominated will be held August 24.

Veteran Wounded In Thirty-Eight Places Recovering

Buena Vista, Cal.—When George Treman, a soldier from Lassen county, was caught in the fire of a German machine gun nest at the battle of the Argonne, he received thirty-eight separate wounds, twenty being of a serious nature. Treman fell and lay on the ground in an exposed position for twelve hours before being rescued. When finally carried to a field hospital his injuries were pronounced fatal and for weeks he hovered near to death in hospitals in France. The amputation of both legs were anticipated for nearly a year, but healing was finally accomplished and now he can walk with the aid of crutches. Treman was permitted to come here from Letterman general hospital a few days ago to visit his parents. Seattle's library reports that 10,000 books were "borrowed" last year and not returned. On a smaller scale, we've had the same trouble.

FINDS MAGNESIA WATER A FINE STOMACH REMEDY

It Neutralizes the Dangerous Acids in Stomach That Sour the Food Form Gas and Cause Dyspepsia and Indigestion. A Simple Treatment Easily Prepared at Home

Medical authorities state that nearly nine tenths of the cause of stomach trouble, indigestion, sourness, burning gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not, as some believe, to a lack of digestive juices. When your stomach generates too much acid, the food you eat quickly ferments and becomes a soup, burning, gassy, undigestible mass that causes heartburn, belching, bloating, pains and the misery that every stomach sufferer knows well. Artificial digestents are not needed in such cases and may do real harm. Try taking acidic peptic pills or other digestive aids for awhile, and instead make it a rule to drink a glass of warm or hot magnesia water after eating. Magnesia water, which can easily be prepared at home, acts as a soothing, sweetening, neutralizing cleanser to your stomach—it cleans, soothes and renders harmless the sour acid poison matter of yesterday and, mixing with the stomach contents, it acts as a regular...

A View From the Journal Window

(By Brownie) To the tourist, though mated with scenery, the Willamette Valley is superb. From the Columbia river up the Willamette to its source is a journey that is gem-like for sparkling beauty and royal grandeur. Oregon, within the Willamette Valley, is the show state in the union. It is a kindergarten, a doll house, compared with the much talked of California. But of all the beauty, no part of the state surpasses that portion of the Valley from Hopewell up to the west approach of the Salem bridge on the Polk county side of the river. It is the land of flowers and blossoms, and for ten miles or more on either side of the well made macadam road, at this time of the year, are acres and acres of blossoms viewed by hundreds of admirers who pass that way daily. Oregon smiles at the ignorance of her neighbors regarding her resources. Most easterners think that they have seen Oregon when they dip into it from the north across the Columbia, where fences are made of rocks. Others go further and peep at the picturesque scenery along the Columbia Highway, or down the river to the sea side, or over the hills to the great farms stretching out like ribbons from the mountains. But in neither case does the traveler visit Oregon. Only when he sees the mammoth orchards decorated with blossoms or fruits, and the great fields of grain and healthy vegetation, has Oregon been even glimpsed. On the great peach farm of Senator A. M. LaFollette pink blossoms which in former years adorned the trees, are notably scarce this season by reason of the frigid climatic conditions last winter. Last season Mr. LaFollette gathered 18,000 boxes of peaches from this orchard in the Mission Bottoms. He estimates that the yield this year will not exceed three hundred boxes. Conditions are practically the same at the Bent Jones farm and other peach farms in that vicinity. The trees have not been killed, but will not yield much this year. On the west side of the river, at the Junior LaFollette's farm, the grower is more optimistic. He estimates that his crop will be above the average farmer in that section of the county. Senator LaFollette planted the first commercial loganberry farm in Oregon, he stated, having received the plants from the Judge Logan farm to make the start. From the few roots planted years ago a vast berry yard has developed. This like the peaches, has been temporarily damaged, but not to the extent of some yards in the Valley, and he estimates a fairly good crop of berries this season considering the conditions. While the severe cold in January damaged peaches and berries, growers who are supposed to be authority claim that other varieties of fruit will be abundant this fall. Especially is

Fair Maidens At Capital Don Denim Visitors Horrified

Washington, April 21.—The staid house office building was given a touch of jazz today by six young women secretaries who enrolled as the newest recruits in Representative

VICTIMS RESCUED

Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. Heed the first warning they give that they need attention by taking GOLD MEDAL WARMER OIL CAPSULES. The world's standard remedy for the disorders, will often ward off these diseases and strengthen the body against further attacks. Three sizes, all druggists. Look for the same Gold Medal on every box and accept no imitation.

Every detail of construction reflects the painstaking skill of experts whose experience is available only to large organizations. 60 H. P. detachable-head motor; intermediate transmission; 126-inch wheelbase, providing ample room for seven adults. All Studebaker cars are equipped with Cord Tires—another Studebaker precedent. "This is a Studebaker Year" MARION AUTOMOBILE CO. Salem, Ore.'

Staff And Patrons Deftly Don Denims

The Bligh hotel resembled "Over-all headquarters" Wednesday when that garment became the most conspicuous article of attire in the office and lobby. A. Austin Chisholm, manager of the hostelry, F. W. Jobelman, night clerk and Frank Wellman, clerk pro tem have adopted neat appearing suits of olive colored denim. "Serviceable and comfortable," observed Mr. Chisholm. James S. Steward, who is a guest at the Bligh, also donned the economical clothing. Mr. Steward is campaign chairman in Marion county for Hiram Johnson. Many guests at the Bligh have pledged themselves to purchase no clothing, except denim.

Medford Police And Firemen Get Higher Pay

Medford, Or., April 21.—At last night's council meeting the firemen, police and other city employees were

Upshaw's overalls brigade

Appearing in blue denim trousers, the bottoms of which were rolled well up above their high heeled pumps, the young women created something of a sensation and had a large following as they tripped gaily along the corridors. The drabness of the uniforms was relieved by multi-colored silk waists and silk stockings. "It's a horrifying spectacle," chorused a dozen Daughters of the American Revolution, as their sight seeing trip through the big office building was interrupted by the crowds following the young secretaries.

Tell Your Friends About Nicotol—the Enemy of Tobacco

It improves any man's health and quit tobacco if he can escape the awful craving that usually attends quitting without such assistance as Nicotol gives. Did you ever have Smokers cough? Try Nicotol in getting rid of the tobacco habit and see how much the cough will disappear. Nicotol is dispensed by most good druggists in this city, especially by D. J. Fry.

granted a raise of \$15 per month

while the city treasurer and city recorder were given a raise of \$15 per month. The action was considered necessary in order to keep the present employees who have been receiving an average of from \$85 in the fire and police departments to \$125 in the office departments.

Large advertisement for Brunswick Tires. Text: 'The Whole Secret of A Better Tire Simply a Matter of the Maker's Policies. This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards. For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price. All men know Brunswick standards, for Brunswick products have been famous for 74 years. Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give. For there are no secrets nor patents to hold one back. To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done. Then it is a matter of combining the best features and building according to the highest standards. Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense. Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization. We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story. And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.'
