Creamery Adds New Equipment To Handle Milk

Silverton, Or., Apr. 22.—New and modern equipment aggregating a cost of \$12,000 was installed in the Silverton creamery this week. With this addition the capacity and efficiency of the institution has been made adequate to handle the increasing business occasioned by additional dairy herds here during the past few months. John Kuberness, manager and buttermaker, said today that at the rate the dairy interests and creamery business are growing in Silverton an addition to the building will be inevitable by another season. Already plans for the improvements are under consideration by the directors. The dairy interests of Silverton are growing as never before, said Mr. Kuberness. Nearly every day finds some new man starting a dairy herd. Munson Brothers, of Minnesota, who purchased the Jerman farm on Howell Prairie a few days ago will move here soon with twenty-six head of registered stock. They are said to be expert dairymen and expect to develop a dairy farm of more than ordinary importance, stocking the farm with nothing but registered cattle.

Mr. Kuberness has a dairy farm near Silverton and the lead cow was purchased for \$700 at a sale in Yamhill county several months ago.

Dairymen in this vicinity are coming to realize that the high priced cows are the cheapest cows for the dairy farm, and they go the limit in buying.

Silverton Mill Faces Car Shortage

Silverton, April 22.—About the time the difficulty between the Silver Falls Timber Co. and the timber workers was settled the company is confronted with a difficulty in getting cars for shipment of lumber, and unless relief is afforded soon it is believed the mill will be compelled to shut down. The company had looked forward to a successful summer's work, but for one reason and another progress has been retarded. The intention was to put on a night shift during the summer, but this cannot be done unless cars can be obtained.

Mt. Angel Firemen Celebrate Close Of Fund Drive

Mt. Angel, Or., Apr. 22.—High jinks and home comedy featured the entertainment and banquet last evening given by the Mt. Angel fire department in honor of the successful campaign inaugurated for the purpose of raising money with which to purchase a chemical engine for the fire company. A show was staged in the city hall Sun-

day and retired the fire company 1229, which was added to the surplus previously obtained from other sources. The banquet was served at the Marion hotel and about 700 hundred places were laid. Chas. Traber, who chartered "The Blue" in the play, acted as toastmaster and called upon various members of the cast and others for remarks. Special attention was given to the address of Peter Biermyer on the subject of matrimony. The entertainment concluded in the city hall featured by short skirts and late popular songs and dancing. Lawrence Orth, a Mt. Angel boy on the Orpheum circuit, now at home on a vacation, furnished vocal selections which were appreciated by everyone present.

Mr. and Mrs. M. J. Welton and sons, Hal and Fred, arrived here the fore part of the week from Tacoma, Wisconsin, and are visiting at the home of R. J. Welton. They expect to make their future home near here.

S. O. Rice was in Portland yesterday attending a meeting of the state dairy council, of which he is a member.

Thieves Get Silks Worth \$1,500 In Albany Haul

Albany, Or., Apr. 22.—Silks to the amount of \$1500 were taken from Worth's department store, sometimes Thursday night by robbers who evidently made their escape through a rear upstairs window. Whether the thieves were hiding in the store at closing time or made entrance through the window is a mystery unsolved.

The robbery was discovered at 9 o'clock Wednesday morning by the two clerks at the silk counter. Search throughout the store revealed that the silks were the only articles missing.

A bar, used, it is thought, to pry open the window, was found on a woodpile underneath the window. Investigators have not yet learned where the robbers secured it.

The robbers left no clue to their identity but the theory is that they were hiding in the store at closing time. Strength is given to this theory

To Collect Baking Stories

Makers of Ryzon to Publish Book of Baking Experiences

New York, April 22.—To give housekeepers throughout the country a chance to compare experiences in home baking, the General Chemical Company will issue a booklet of actual experiences with Ryzon Baking Powder. So striking has been the success of women with this baking powder in the two million American homes where the Ryzon Baking Book is used, that the manufacturers have decided to publish a number of Ryzon experiences as told by the women themselves.

Manuscripts should be written on one side of the paper only and sent with the name and address of the writer to the Food Department, General Chemical Company, 25 Broad Street, New York, N. Y., before June 1.

This is not a prize contest, but all accounts published will be paid for according to their merit at rates ranging from \$5 to \$50 each. Everyone who sends an account of Ryzon experiences will receive a copy of the new book when it is published.

The accounts should be concise and at the same time include all interesting details from the time the recipe was mixed according to directions in the Ryzon Baking Book to the time the finished dish was served.

The new Ryzon Baking Book (original price \$1.00), containing 250 practical recipes, will be mailed, postpaid, upon receipt of 30 cents in stamps or coin. Or if you will purchase two or more pounds of Ryzon at once from your grocer, sending us his name and address promptly, we will mail you a Ryzon Baking Book free. General Chemical Co., Food Department, 25 Broad St., New York, N. Y.

by the report of the night watchman, who says he heard a strange noise in the basement early in the evening. He reported the occurrence to the manager, H. K. Worth, and others went over to the store about 9 o'clock in the evening. After a careful search, both came to the conclusion that the noise must have been caused by falling shelves.

In the event the thieves were in hiding there, the bar on the woodpile might have been taken by them from the basement to open the window for their escape.

Silverton Woman Buried Thursday

Silverton, April 22.—Mrs. Minnie Ryan, who died suddenly at her home in this city Tuesday night, was buried in the Silverton cemetery yesterday afternoon. The funeral was held from the Christian church. Rev. J. A. Bennett officiating. Mrs. Ryan had been in poor health for more than a year, having had trouble with her heart, which ultimately caused her death. She was sixty-eight years old and had lived in Silverton for more than thirty years.

Mr. and Mrs. Henry Spaulding of San Diego, Cal., spent the day here visiting with her sister, Mrs. Chas. Goss.

The meat market opened a few weeks ago in the Hooper building by Webb and Kaser, was closed this week, the company going out of business.

Marion Palmer has purchased the Chas. Booth estate adjoining his farm between here and Mt. Angel, the deal having been consummated yesterday. The Booth farm is in a high state of cultivation and makes a valuable addition to the Palmer farm.

STANFORD COURSES PASS

Stanford University, Cal.—Stanford has abolished those "pipe courses," largely taken by students so busy with athletic or social affairs they had no time for study. Requirements in fine arts and other classes, wherein it used to be easy to "get by" have been tightened.

Mrs. Janey Holt Fails To Rally From Operation

Falling to rally from an operation performed ten weeks ago, Mrs. Janey N. Holt, 49, wife of U. G. Holt, 1922 Oak street, died last night at the family residence. The funeral will be held at the chapel of the Rigdon & Son company at 3:30 p. m. Saturday. Burial will be in City View cemetery.

Mrs. Holt was born in Linden, Kan., in 1871, and came to Oregon with her parents, Mr. and Mrs. A. B. Hudelson, and settled at Jefferson in 1874. After her marriage to U. G. Holt at Jefferson in 1890, they came to Salem in 1905, and have resided here since. Mr. Holt is manager of the logging department of the Chas. K. Spaulding Logging company.

During her life here Mrs. Holt was active in social circles and was a member of the First Methodist church. Her wide circle of friends mourn her loss.

Mrs. Holt is survived by her husband, three daughters, Grace, Beryl, Virginia, and one son, Archie, and her parents, Mr. and Mrs. A. B. Hudelson. She also leaves three brothers, C. E. Hudelson, Hollister, Idaho; J. A. Hudelson, Cambridge, Idaho; W. A. Hudelson, North Powder, Or.; Miss Mabel Hudelson, Salem; Mrs. E. V. Johnson,

Keeber Not After Hawley's Seat; Mistake Made

Boise, Idaho, and Mrs. Ella Martin, Boise, Idaho.

University of Idaho, Moscow.—Professors in eggs would have their difficulties if all hens were as industriously prolific as Ida U, a white Orpington pullet owned by the poultry department of the University of Idaho. Two eggs a day on six different days add 12 eggs in 49 days in this extraordinary hen's carefully authenticated record, the university announced.

Mr. Angel, Or., Apr. 22.—Through an error in a Portland paper which appeared the day following his announcement as a candidate for representative from Marion county, the impression has gone out that J. J. Keeber, cashier of the Bank of Mt. Angel, is out after Congressman Hawley's job in the house of representatives. Mr. Keeber has no such ambition. In fact it was more on account of persuasion on the part of friends than self inclination that he consented to come for representative in the state legislature. However, he is a candidate and if nominated and elected will make an efficient servant of the people. He has no personal interests to serve; no political debts to pay. His statement on the ballot is: "No hobby ride; conservative legislation and business administration."

HEN IS PRODUCER
University of Idaho, Moscow.—Professors in eggs would have their difficulties if all hens were as industriously prolific as Ida U, a white Orpington pullet owned by the poultry department of the University of Idaho. Two eggs a day on six different days add 12 eggs in 49 days in this extraordinary hen's carefully authenticated record, the university announced.

Lumbago?

Why suffer? Rub Turpo, the only Turpentine ointment, where the pain is. Continue till relieved. Try it.

FRECKLES

March Worst Month for This Trouble—How to Remove Easily

There's a reason why nobody gets freckles in March, but having them there is also a remedy for these little blemishes, and no one need ever be freckled.

Simply get an ounce of Othine, a gentle strength, from your druggist, and apply a little of it night and morning, and in a few days you should see the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles. If not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if Othine fails.

Beauty in Complexion IN TEN DAYS Nadinola CREAM

The Unequal Beautifier Used and Endorsed By Thousands

Guaranteed to remove tan, freckles, pimples, liver-spots, etc. Extreme cases 20 days.

Rids pores and tissues of impurities. Leaves the skin clear, soft, healthy. At leading toilet counters. If they haven't it, by mail, two sizes, 60c. and \$1.20.

NATIONAL TOILET CO., Paris, Tenn.

Sold by Daniel J. Fry, wholesale and retail; Neimeyer Drug Co., and other toilet counters.

Grip, Influenza

Hamin's Wizard Oil a Reliable, Antiseptic Preventative

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against flu germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into a dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick head aches? Just try Wizard Liver Whips, pleasant little pink pills, 9c at druggists. Guaranteed. (Adv)

Does 3¢ = Americanism?

Did you know that 3c is MORE than the churches average from each member per day?

WE AMERICANS may be thoughtless. Sometimes we may appear selfish. But when a great need arises, no one can say that we have ever shirked.

Ask any son of France. Ask any soldier of Great Britain. Or ask any Armenian mother or a girl with a red cross on her sleeve or one with a tambourine in her hand.

And now the churches come to us for help—our churches. Not begging. Not asking alms. But with heads lifted high facing a task so worthy that we, as loyal Americans, ought to feel it a privilege to help.

Here is the Plain, Unvarnished Truth

We don't need to be told that the church is the heart of the Nation. We admit its influence for lasting good in our children. We see its stabilizing influence on our communities. We know a little of its great hospitals, its homes for children, its schools and colleges here and abroad.

But most of us do not realize how pitifully inadequate the support of the churches is when compared to the urgent needs.

Less than 3¢ a day!

In spite of the great tasks which we expect our churches to carry out, those of us who give to the church—and the number is all too few—are now giving an average of less than 3¢ a day for all church purposes.

Less than 3¢ a day. Shall our churches go on? It is for you to say.

Without your help the work of your church must be just that much less.

Give—and give from your heart as well as from your pocketbook.

A World Survey Was Made

Our churches know the needs that must be met. They know exactly how every dollar—every penny—will be used for the greatest good without waste.

A world survey was made by the churches that astounds business men in its thoroughness. Country after country was studied; the countries of the world were visited and reported in minute detail.

How the Interchurch World Movement Originated

Our churches said: "The task of meeting the urgent needs shown by the world survey is too great for us to do individually as denominations. We must do this work together."

So thirty great denominations are cooperating—each keeping its own purpose and identity—but all working together under the name of the Interchurch World Movement.

Because of this cooperation, it is estimated that over one million dollars will be saved alone in eliminating waste and duplication.

INTERCHURCH WORLD MOVEMENT

This advertisement made possible by the cooperation of 30 denominations

RETIRING FROM BUSINESS

HALL SAFE, MEN'S CLOTHING CABINETS, GLASS SHOW CASES, COUNTLESS TABLES, SHELVING, MIRRORS—ALL FIXTURES AND STORE EQUIPMENT FOR SALE
