

Candidates Few For Linn County Public Offices

Albany, April 22.—Only two contests in the coming primaries for county offices in Linn county had developed when the time for filing nominating petitions and notices of candidacy expired Wednesday night. These are for the republican nominations for county commissioner and coroner.

All of the present county officers whose terms expire are candidates for reelection except Miss Velma G. Davis, county recorder, who refused to run again. Most of them have no opposition either for the primaries or general election.

Only 13 candidates altogether filed for county offices here. Ten of the candidates are republicans and three are democrats.

The complete list of those who had filed when the time expired follows: County clerk, R. M. Russell, incumbent, republican, and Henry S. Nolan, republican; sheriff, C. M. Kendall, incumbent, republican; county commissioner, T. J. Butler, incumbent, and R. C. Peppering of Seio, republican; J. D. Loom of Albany, democrat; assessor, J. S. Van Winkle, incumbent, republican; county recorder, Charles C. Curry of Albany, republican; county treasurer, Miss Lenore Powell, incumbent, democrat; county school superintendent, Mrs. Ida M. Cummings, incumbent, republican; surveyor, Charles H. Leonard, incumbent, republican; coroner, Everett C. Fisher, incumbent, and Edwin F. Fortmiller of Albany, republican.

There is but one contest for state offices in which Linn county forms a whole district. That is for the republican nomination for representative. Three representatives are to be nominated and four candidates have filed. The four candidates are Charles Childs of Brownsville, now dean of the house in point of continuous service; Robert S. Acheson of Shedd, W. C. Templeton of Halsey and H. J. Melonis of Albany. L. G. Lewelling of Albany, republican, is unopposed for district attorney of Linn county.

Thirty New Yards Planted To Hops Around Mt. Angel

Mt. Angel, April 22.—No less than thirty new hop yards have been planted in this vicinity during the spring, containing from ten to forty acres. It is said that not a single bale of hops is left in Mt. Angel. The last was taken up when Wm. Schmidt sold thirty eight bales of 1917 hops recently for 50 cents per pound. Mt. Angel growers, many of them, have contracted their hops for the next three or four years and the price is said to have been as high as fifty cents in some cases. People are very much encouraged over the situation at present and there will be a greater acreage planted next season.

Portland Market For Hops Highest Seen In 38 Years

The Oregon hop market has reached the dollar point, the highest price known here for 38 years, says the Oregon Journal. An offer of \$1 was made for a carload of Oregon hops of the 1915 crop. The offer was not accepted as the holder has the opportunity of placing the hops in small lots at several cents better than this offer of hops of last year's growth left in Oregon. Washington is cleaned up, but California still has 1700 bales of 1918. All the recent buying of spot hops on the coast has been for account of American near-beer manufacturers, while the contract demand has come largely from England buyers.

The contract market has been quiet of late. This year's Oregon crop is quoted at 42 cents and the last contract was made at that price. There was a report of a 75 cent contract in California, but it has not been confirmed. Three year term contracts are quoted at 45 cents average. There is but little inquiry now for this kind

of contract. Harry L. Hart, who has just returned from a five weeks visit to California, reports the hop market a very strong affair in this state. A lot of 150 bales of 1919's was sold at \$1. Growers are going in for hop planting more extensively. About 3000 acres of new California hop yards are being set out this year.

Exports from the United States for February, 1926, were 2,658,234 pounds of which 2,445,305 pounds were to England. For the six months September to February last, both inclusive, 19,736,565 pounds were exported, of which 16,611,290 pounds were to England.

Second Debate Of Co-Eds Is Tonight

The second of the intercollegiate debates for girls will be held in the first M. E. church tonight between Willamette university co-eds and Pacific uni-

versity of Forest Grove. Negative teams will debate away from home, Ina Moore and Helen Hoover, who won at Tacoma from C. P. S. last week going to Forest Grove. Myrtle Mason and Loriel Hatchford will debate on the home rostrum. The subject is the same as that used in the former debate, "Resolved, that the principal cause of the present wave of anarchy is found in unjust labor conditions in this country."

The gasoline shortage at The Dalles has been relieved by motor truck shipments from Portland.

Higher Standards in Farming

Like business, farming has progressed much in the past decade. Comfortable homes, modern appliances, specialization of production are all seen today on the up-to-date farm.

And too, the farmer realizes the advantages of having a banking connection where cooperation is available morally, physically and financially.

AUTO PARK READY

Craig, Colo.—Municipal camping grounds here are being made ready for automobile travelers. The ground is a gift to the town for this purpose by W. B. Rose, a pioneer of the northwestern part of Colorado.

JOSEPH A. YORK, well known business man of Portland, Me. who says he feels twenty years younger and has gained sixteen pounds on four bottles of Taulac. Declares he can now eat three square meals a day.

"I am now able to eat three square meals a day for the first time in two years" was the emphatic statement made recently by Joseph A. York, well known business man and highly respected citizen of Portland, Maine. "I am now sixty nine years of age and in all my life I have never run across a medicine that, consider in a class with Taulac, I have just finished my fourth bottle and this medicine has benefited me even beyond my greatest hopes. Beside gaining sixteen pounds in weight, I have been built up and strengthened until I feel all of twenty years younger.

For the past two years I have been in a miserably run down condition, and was compelled a short time ago to give up all idea of business as I was too weak to look after anything. I was nervous, worn out, had no appetite, and suffered most all the time with indigestion. Some days I would eat scarcely anything. In fact I was afraid to eat because I knew I would suffer afterward. Sometimes I had such severe cramping pains after eating that I would almost die. My nerves were all unstrung and the least thing would worry me and I never could get a good night's sound sleep. In fact I just lost interest in everything and was greatly discouraged over my condition.

The ordinary treatment failed to do me any good, and as I had read so many statements from people I know here in Portland who had been benefited by Taulac, I decided to give it a trial. And now I know for myself what it will do, for I have simply taken a new lease on life. I am now able to look after my work as usual, and never felt better in my life. I am able to eat three hearty meals a day and everything agrees with me perfectly. I eat anything I want and never feel a touch of indigestion. I never thought there was a medicine that could do me so much good, and I am only too glad to have the facts about my case given to the public."

Taulac is sold in Salem by Tyler's drug store and leading druggists in other towns. (Adv.)

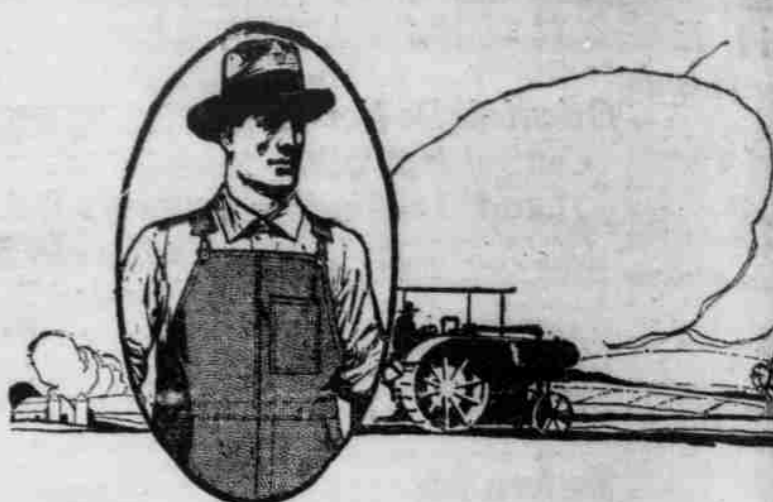

NO NEED NOW TO BE GRAY

And tell the world of your troubles and years—for Co-Lo will restore the natural color, life and luster to your hair in a manner nature approves.

Co-Lo—a scientific process perfected by Prof. John H. Austin, over 40 years a bacteriologist, hair and scalp specialist.

- #### THE TEN CO-LO SECRETS

 - Will not cause the hair to split or break off.
 - Co-Lo can be had for every natural shade of hair.
- A6—for Black and Dark Shades of Brown.
A7—Extra Strong, for Jet Black Hair only.
A8—for all Medium Brown Shades.
A9—for all Very Light Brown, Drab and Auburn Shades.
- Co-Lo Hair Restorer at Perry's drug store. (adv)

What I found out about overalls

"I USED to think that it didn't matter much what sort of overalls I bought. They all seemed the same to me.

"Sometimes they wore well and sometimes they didn't. Likely as not they would pull and bind. I thought that it was all luck—that you couldn't help some overalls being good and others bad.

"Then one day I got a pair that was big and roomy and comfortable. I noticed that they looked right, too. They fitted easy all the time I had them and they wore like iron. Next time I bought a pair like them—and they were just as good.

"The name of those overalls is Blue Buckles. I always buy them now, because I know they'll give me good service."

"I've tried a lot of overalls, but of all I've worn, give me Blue Buckles every time. They always give long wear."

—Joseph M. Guellich
President of the Iowa Corn and Small Grain Growers Association

The toughest denim made—broad double-stitched seams—roomy patterns, and extra wide suspenders. Free swing raglan sleeves on the coats—reinforced, convenient pockets—strong brass buttons, loops and buckles—and a strong, solid back-band—you get all these, and the experience of the biggest overall makers in the world behind every pair of Blue Buckles.
