THE UNIVERSAL CAR

Money Saved Is Money Earned

With the H. C. L., it is necessary to practice every economy and the easiest and most effective economy that can be practiced without a curtailment of either comforts or necessities is CAR ECONOMY.

Ford Products Permit this Saving

It is acknowledged by all that FORD CARS have the LOWEST UPKEEP of any car made. Think of the present advances in GAS, OIL and TIRES. Gas is now 28c. Oil has advanced 20c a gallon and tires 15 to 20 per cent. It is not the first cost of a car that counts, it's the "UPKEEP." Why drive big, heavy cars that are GAS and OIL EATERS, and carry BIG, HIGH-PRICED TIRES, when you can drive a FORD and minimize your car expense? Ask a Ford owner.
