Willamette May Day Program is One of Promise

Ben Rickli, May Day manager at Willamette university, has completed his plans for the week-end fete. The program is different from that of former years in that the open air opera, "Yokohama Maid," will be given Saturday night instead of the junior prom, and as the work on the campus is being done now, the time formerly used for that purpose is being given over to a student wing, the address of welcome by President Doney, and other features. The program follows:

- Friday, May 7. 11:30—Address of welcome, President Doney, picnic dinner, student sing. 1:30—Coronation of Queen Evelyn I. Governor Olcott, master of ceremonies, May dances. 2:00—Track meet, Chemawa vs. Willamette. 5:15—Junior Play "The Lady of Lyons" Grand opera house. Saturday, May 8. 5:30 a. m. to 9:30—May morning breakfast on campus, served by Y. W. C. A. 10:00—Tennis tournament, U. of O. vs. Willamette. Campus stunts. Chemawa Braves Scalp Bearcats In Ninth Inning

By a ninth-inning rally which scored two runs the Chemawa Indians defeated Coach Matthews' Bearcats on the Chemawa diamond yesterday, 4-3 the last inning. The game was for the most part a pitcher's battle between Bittles of Chemawa and Irvine of Willamette. Bittles struck out twelve men to Irvine's six, and each pitcher allowed five hits. Chemawa scored in the first inning, Gartez getting a clean single and being sacrificed around, and again in the third when Hauser hit safely and scored on White's outfield fly. Willamette started scoring in the fifth, Austin getting a hit and scoring by means of a sacrifice and an error. Two more runs were scored the next inning by Page and Dimick. Berry and Bittles of Chemawa scored in the final inning.

War Department Asked To Donate Autos To States

In order to expedite the work of federal experts engaged in the eradication of bovine tuberculosis in agriculture will be asked to secure from the war department a number of automobiles under conditions similar to those by which the state highway department has been able to secure automobiles and trucks for highway work. Decision to ask for these trucks was reached at a conference between Dr. W. H. Lytle, Oregon state veterinarian, and Dr. L. C. Pelton, assistant commissioner of agriculture for the state of Washington, at Portland Tuesday. Lack of the automobiles is a great handicap in the work which the federal agents are doing in this state Lytle explains and there is no fund available thru which the state can purchase the same, hence the request to the war department.

Olcott Commends Stafrin's Work

Captain Conrad Stafrin, retiring adjutant general of Oregon, is highly commended for the economy and efficiency which have characterized his administration of the military affairs of the state, in a letter forwarded by Governor Olcott Wednesday, acknowledging receipt of Stafrin's final report. A registration of 9200 voters in Umatilla county is estimated by the county clerk.

Teeth Examined Without Charge

REGISTERED Dentists using the E. R. Parker System do not believe it is fair to charge for making examinations or giving advice. When you visit one of their offices, your mouth is examined by an experienced dentist and a chart is prepared on which the affected teeth are shown. The necessary treatment is explained to you, and you are told in advance just what the price will be for having needed work done. The examination costs you nothing. If you decide not to take the dentist's advice, you may depart just as freely as you would walk out of a railroad ticket office after inquiring the fare to another city without buying a ticket. You are invited to come in and have a free examination of your teeth made.

The Secret of a Superlative Tire

The whole question of a super-tire is a matter of principle. For there is nothing exclusive in the industry. No patents, no secret formulas prevent a conscientious maker from building the best. But cost and competition modify ideals. The Brunswick idea is to pay perfection's price and get it. That has been the Brunswick policy since 1845. And it accounts for the growing preference for Brunswick Tires. Motorists expect the utmost from a tire bearing the name of Brunswick—and get it. You, too, will be convinced by your first Brunswick, that here is an extraordinary tire, and that more money cannot buy a better. Better tires of their type are impossible—or better tubes. That we guarantee. Try ONE Brunswick—learn how it excels. THE BRUNSWICK-BALKE-COLLENDER CO. Portland Headquarters: 46-48 Fifth Street
