

Woodburn City Recorder Quits; Long In Service

Woodburn, Or., May 3.—Geo. H. Beebe, who has served this city as city recorder for the past several years, handed in his resignation and left yesterday for Portland to take a position as assistant cashier of a large contracting company.

Mr. Beebe handed his resignation to Mayor J. J. Hall last week to take effect on April 30. At a special meeting of the council Friday night the resignation was accepted and S. E. Hardcastle was elected. It was learned the next day that Mr. Hardcastle could not accept an account of an extended visit he was planning on making in the east. S. E. Brune was then offered the office and he accepted.

"GRANDEST IN THE WORLD" HE SAYS

"What I have seen Tanlac do for my wife convinces me that it is the grandest medicine in the world," was the statement made recently by J. T. Hickey, a well known employe of Taylor's Mill, who lives at 4628 Chicago St., Seattle, Wash., in telling of his wife's recovery since taking Tanlac.

"My wife has been in bad health for over a year troubled with a bad case of indigestion nervousness, head aches and rheumatism," continued Mr. Hickey. "She hardly ever cared whether she ate anything or not and when she did force herself to take a few bites it would sour and cause her to have cramping pains. Gas would build her up so bad that it pressed up against her lungs and almost cut her breath off entirely. Her kidneys were badly disordered and all the time she was complaining of a pain in the small of her back. She had rheumatism in her sides and through her back that gave her no end of trouble and made it hard for her to get about the house. She was troubled with severe headaches and dizzy spells and her nerves were so upset that any little unexpected noise would excite her. At night she was so restless she could get but little sleep and as a result of all her suffering she was in a miserable run down condition.

"Our daughter had taken Tanlac and it had helped her so remarkably that my wife began taking it. It helped her right from the start and it looked like it was no time before she was able to eat anything she wanted and digest it without the least bit of trouble. The rheumatism disappeared entirely and the headaches and dizzy spells are a thing of the past. Her kidneys are in good condition and the pains in her back have just about gone and the nervousness has all left her. She sleeps sound at night and gets up feeling so fine every morning that it is an easy thing for her to do her housework. She has been built up in every way and is so much stronger that she looks like a different woman."

Tanlac is sold in Salem by Tyler's drug store and leading druggists in other towns. (Adv)

During the term of County Clerk Moore, the business has increased to such an extent that he has average \$150 a month more than did his predecessor. The work is becoming so great that Mr. Moore states that it will be necessary to have another deputy in order to do justice to his patrons and to himself. He contends that he is not justified in working Sundays and sixteen hours a day for the pres-

ent salary or, in fact, for any salary. Undoubtedly this will be a question before the court in a very short time.
