Improvement of Willamette Law School Planned

In connection with the plans to enlarge the plans of Willamette university and to increase enrollment, the Willamette law school has not been forgotten, and will receive particular attention, as the policy of the university is to make the law school, already recognized as the best in the state, even stronger than it has been. On account of the burning of Waller hall and the resultant crowding thru out the university, the quarters allotted to the law school have been reduced to a point where it was difficult to carry on the work as it was planned.

Next year, however, the university officials say, ample quarters will be provided for the law school, and efforts will be made to improve the conditions along other lines. It is desired that the law school be separately endowed, and a campaign for this purpose may be inaugurated as soon as the present needs are met. It is also planned to increase the class periods so as to standardize the school.

Instead of the present situation in Science hall, with its poor heating arrangements and unsatisfactory surroundings, it is planned that providing Waller hall is completed, as seems certain now, the law school will be given the use of several rooms on the ground floor of that building, which will be fitted up to suit the needs of the classes. Instead of sharing these rooms with the other departments of the university, they will be devoted exclusively to the law classes.

It is the hope of the administration that the law department, which has turned out many of Willamette's most famous graduates, should be built up to the highest possible standard, and at the same time be more closely united to the other departments of the university, feeling that in this way much can be gained all round. Last winter the liberal arts students signed a resolution declaring their desire to cooperate to the fullest extent with the law school in securing better accommodations, and it seems that the plans then formed can be realized next year.

Thomas Recital Will Be Rendered At Boys' School

The pleasing recital which Ralph Thomas gave in the First M. E. church as the first number of the Willamette lyceum course, and which has been repeated at a number of the state institutions and elsewhere in the past few weeks, was given at the Highland school before a large and enthusiastic audience Monday night, and will go to the boys' training school Tuesday night. The Philodorian Tin Can Trio furnished music to round out the program and were well received.

Good Minstrel Show Promised By Hill's Troupe

What has been pronounced by the press, and the nation as an unusually great show is listed as the next attraction at the Grand opera house, Wednesday May 12. We have reference to Gus Hill's Minstrels which returns to this locality after a triumphal tour covering most every city, town and hamlet in these broad United States and Canada. Sixty people are employed and each individual is a star in his particular line. They are white men who know the value of Ethiopian comedy and who have served their apprenticeship as dispensers of fun, revelry, hilarity, merriment, singing, dancing and high class burnt cork entertainment. The inocuous comedy of George Wilson will again be to the fore. Remember George? Ask dad; he knows. Several new voices will be heard along with the old favorites including Jimmy Wall, Jack Kennedy, Lee Edmonds, William Hallett, Herbert Willison, Fred Freddy, Carl Graves, Ed Denys, Max Maden, Three Musical Cates, William and Walter Markwith, James Brady, Eddie Gallagher, Jack Hayes, Johnny Buckley and twenty-five other singers, dancers, and comedians. The company carries a fine orchestra. Everybody knows how to sing and dance, and there are real comedians employed. A public parade in full uniform will be given before the performance and there will be an enjoyable band concert in the evening. All told there should be a high old time.

Dollar's Value Greatest When Buying Bicycle

In buying the bicycle, says Lloyd Ramsden, who has the Salem agency for the Dayton bicycles, the dollar is considerably larger when spent for a bicycle than for most anything else as the advance in the cost of bicycles during the past five years has been about 27 percent less than the increase in the cost of living. Also a modern bicycle can be bought for about one half the cost of the "safety wheel" of 30 years ago.

This, says Mr. Ramsden, makes it more true now than ever that the bicycle is the cheapest means of transportation known to man. Several hundred more bicycles were sold in Salem last year than during the previous twelve months and the manufacturers of these bicycles have increased their production of bicycles 30 percent to meet the 1920 requirements of their dealers.

Farm labor situation in Baker county reported 69 per cent of normal. Numbers of able-bodied men are declared to be loafing around pool halls.

Girl Couldn't Stand Clothes to Touch Her

"My father got me a bottle of Mayr's Wonderful Remedy for stomach trouble and I am feeling so much better since taking it. My stomach was so painful I couldn't stand my clothes to touch me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry, D. J. Fry and druggists everywhere. (adv)
