

### Wilson League Commends Work of Chamberlain

George E. Chamberlain, United States senator from Oregon, is commended for his activity in the upper house of congress and the voters of Oregon are urged to support him for re-election in the following resolution adopted by the Woodrow Wilson League of Oregon:

George E. Chamberlain by his vision of national and world affairs, his service and the fruits of it in the United States senate, has become in fact and not in theory alone a senator of America as well as a senator from the state of Oregon. During his long service in the United States senate he has at all times maintained the high ideals of American citizenship and statesmanship which make for the best interests and the progress of his own state and of the nation as a whole. His efforts and his record during the great war in support of the administration and of America in the advancement of the cause of the struggling peoples then to be met and solved made of him an effective and a compelling force for Americanism, world progress and world peace.

Because of his service rendered to his country in the days of its need and because of the unflinching zeal and devotion to his ideals, common with the high ideals of true Americans everywhere, therefore,

Be it resolved by the Woodrow Wilson League, in special session met, that high commendation is hereby given to the efforts and accomplishments of Senator George E. Chamberlain, and that he be complimented and commended for the consistent, the effective and the patriotic service at all times rendered by him to America and to the people thereof, service which entitles him as a matter of right and justice to the continued support and friendship of the whole people of Oregon.

### State Registration of Voters Shows Keen Interest In Coming Election

A total of 368,252 pamphlets are being mailed out to the voters of the state this week under the supervision of Sam A. Koser, deputy secretary of state. Of these 346,319 are copies of the proposed constitutional amendments and measures referred to the people by the special legislative session. 228,571 are pamphlets containing statements of republican candidates for state and district offices, and 93,465 are pamphlets containing statements of democratic candidates. This represents the greatest number of pamphlets ever mailed to registered voters in Oregon, and involves an expenditure for postage alone amounting to \$5,748.99. All registered voters regardless of political affiliations will receive a copy of the pamphlet containing the referred measures but only those registered as republicans or democrats will receive the statements from the candidates of their respective parties.

The registration of the state by counties as compiled from the official mailing list in the secretary of state's office follows:

Rep.	Dem.	Misc.	Total

Totals	228571	92405	24843	345819

Faced by the prospect of further depressions in the bond market on the one hand, involving still further sacrifices in the sale of highway bonds, and the insistence of the highway commission that the sale is absolutely imperative in order to protect the credit of the state on the other hand, the board this morning took the bids under advisement until Wednesday. It is predicted here that as was the case before the bids will all be rejected and the bonds advertised again in the hopes of a resurrection of the bond market.

### Colonel May Is Awarded Highest French Honors

Portland, Or., May 12.—To Colonel John L. May, commander of "Oregon's Own" 162nd regiment overseas, has been awarded the cross of the legion of honor of France, one of the highest decorations of the French republic. The cross was received by Colonel May yesterday, having been forwarded to him by William S. Biddle, adjutant general of the United States army.

Colonel May was in command of the old Third Oregon regiment and took the aggregation to France. For a considerable period he served with the 41st division, in charge of training and replacing troops. He was located with the fifth regional training section of the French army under General Pezain, and it was upon recommendation of that officer that he received the citation. The order of the legion of honor, the military division of the legion of honor, was founded by Napoleon.

A large share of the honor of the decoration is given by Colonel May to the Oregon troops, whose general deportment and military behavior, he de-

### Water Permits

Application for the appropriation of one-half second foot of water from Boughey creek for a municipal water supply has been filed with the state engineer's office here by Falls City, Polk county. It is proposed to divert this water into the present city pipe line at an estimated cost of \$500.

H. L. Chapin of Wolf Creek has filed an application covering the appropriation of water from Stage Gulch creek and from Wolf creek for the irrigation of a small tract in Josephine county.

The Standard Oil company of California has added a new rotary drill to the equipment at its Moelips mill.

### HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do any housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness, and you may use these facts as a testimonial."—Mrs. LESTER E. WARNER, 1018 Pine St., La Crosse, Wis.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

### Horlick Malted Milk

Originated in 1893

The name "Malted Milk," devised by Horlick, has been appropriated by others.

Only by the Original Malted process, can the full food value and flavor of Malted Milk be obtained.

The medical profession everywhere endorses the Original product for over a half a century. Avoid imitations.

### International Farm Board Is Session's Topic

Chicago, May 11.—Representatives of farm organizations in the United States and Canada met here today to discuss the establishment of an international board of agriculture.

United States farmers were represented by delegates from the national board of farm organizations and farmers unions affiliated with this organization. N. P. Lambert, Winnipeg, secretary of the Canadian council of agriculture, who addressed the meeting said that agriculture is completely organized in Canada and exercises immense influence on dominion politics.

Milo D. Campbell of Coldwater, Mich., former president of the national board, made a plea for better understanding, both between Canadians and citizens of the United States and between farmers, labor and capital.

The farmers, he declared, are the element to save it in this time of change and unrest.

"Why don't the farmers strike as labor has been striking?" he asked. "Because the farmer has his piece of ground and has an interest in the general welfare of the country. It is not that he is at heart more patriotic than the industrial worker. And the thing which will solve the question of labor unrest will be to give the laborer an interest in his work, just as the farmer has."

The sessions will continue for three days and some of the leaders believe a selection of a candidate for the presidency will be made.

### Bids For State Bonds Steadily Growing Smaller

A still more serious depression in the bond market is indicated in bids submitted today for the purchase of the \$1,000,000 issue of Bond-Interest bonds being offered by the state board of control at the request of the highway commission. High bid today was presented by the Lumbermen's Trust company of Portland, who offered \$9.09 or \$89,300 for the entire issue as against a high bid of \$1.53 tendered for the issue April 22 which was rejected by the board as too low for consideration. Other bids entered today were by Carsten and Earles at \$2.66; Freeman, Smith & Camp, at \$3.36, and Henry Teal at \$8.19.

MRS. NELLIE PECK, of Kansas City, who says her little boy never had a well day until he began taking Tanlac. Declares she will never be able to pay the debt of gratitude she owes the medicine.

"I will never be able to pay the debt of gratitude I owe to Tanlac for what it has done for my little boy and me," said Mrs. Nellie Peck, No. 1421 Charlotte St., Kansas City, recently.

"My little boy Curtis is fourteen years old and never in his life had he seen a well day until he began taking Tanlac. I worried and worried over his condition, but in spite of everything I could do he didn't seem to gain any strength and was weak and delicate practically all his life. He seemed to have a very weak stomach. It just looked like he couldn't eat anything and digest it like other children.

"He had no appetite at all and what little he did eat seemed to sour on his stomach. Sometimes his heart would palpitate terribly and he would not get so dizzy he could hardly walk and as I stood and looked at him I thought he would surely fall over. He would have had headaches and was nervous and could never sleep well at night. At school he was never able to keep up his work and he had to stay out a great deal on account of poor health.

"I had heard so much about Tanlac I decided to try it and see if it wouldn't help him. Well, you just can't imagine how overjoyed I was when he began to improve! I kept right on giving him the medicine until now it is hard for me to believe he is the same child. His health is better than ever before in his life and he is bright and playful all the time and he enjoys going out and playing with other boys. He has a splendid appetite and I let him eat anything he wants. He is not the least bit nervous any more and he sleeps as soon as he goes to bed. In fact, he is perfectly well in every way.

"After seeing what Tanlac did for him I began taking it myself as I have been suffering from stomach trouble, headaches and dizziness for five years. Since taking this grand medicine I am now happy to say that I never suffer any more with those troubles.

"Tanlac has been one of the greatest blessings that ever came into our home and I expect to praise it as long as I live."

Tanlac is sold in Salem at Taylor's drug store and leading druggists in other towns. (Adv.)

### FOR-ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.
