New Catholic School at Mt. Angel, to cost \$125,000, cornerstone of which was laid Thursday.

Cornerstone of Catholic School Is Laid Thursday

Mt. Angel, Or., May 14.—One hundred twenty-five thousand dollars will be expended in this city during the summer for the new public school building which is now in course of construction by the Catholic church of Mt. Angel. This is the outcome of plans which have been debated and finally matured. Father Domitiek, in many years pastor of the church in Mt. Angel, is very much responsible for the success of the educational enterprise and is deserving much credit for his great achievement.

The importance to Mt. Angel of this improvement can scarcely be estimated. It means an educational uplift that will inspire and aid the entire community. The burden of the work financially and otherwise will be borne by the citizens of Mt. Angel who have the energy, brain and capital sufficient to carry out in the fullest extent all that they have undertaken. The large plans as outlined in the picture are not visionary, but actual. The first public function in connection with this educational enterprise was held yesterday in the laying of the cornerstone. Archbishop Christie of Portland, who was here to preside over the confirmation services in which a class of more than two hundred fifty boys and girls of Mt. Angel were interested, also participated in the program made in connection with the laying of the cornerstone.

It was a happy event in the history of Mt. Angel schools. Probably two thousand people attended the meeting in the afternoon and many towns in the state were represented.

The Mt. Angel college and academy have always held high rank among the educational institutions of the state. The present announcement means the enlargement and growth of these institutions and their permanent pre-eminence. It adds immensely to the advantages of Mt. Angel as a residence and school community.

J. J. Keber, cashier of the Bank of Mt. Angel, acted as chairman of the meeting and announced the different numbers on the program. Archbishop Christie spoke in the forenoon and again in the afternoon. Among other eminent speakers who participated in the program were Father Hildebrand of Oregon City, F. J. Lauerger, state deputy of the Knights of Columbus, who is also a candidate for representative from Multnomah county, Father Kline and Father Sunday of Portland, and Peter Adilheim, founder of the Mt. Angel college and first pastor of the church in this city. The Mt. Angel

band furnished music. One of the very touching features of the program was the parade of more than 250 boys and girls to the platform, erected upon the foundation of the building, each bearing the American flag. Nearly every business house in the city closed during the program hours and it seemed that nearly every farmer in the vicinity of Mt. Angel suspended work to attend this great function.

Silverton Peach Orchard Will Be Revived Once More

Silverton, May 14.—Bock Brothers commenced work in their big peach orchard yesterday cutting off the tree tops preparatory to grafting. They believe that the roots of the trees are in perfect condition and by the grafting process the orchard can be preserved. This is one of the largest orchards in this part of Marion county and not a leaf nor a bud is found in the entire yard.

L. Piatt petitioned the county court some time ago for a public road from the Mt. Angel road to his farm on the Abiqua, but the petition was rejected, the court holding that such a road was not one of public utility.

Ben F. West, candidate for re-nomination to the office of county assessor, was in the city yesterday looking around among his flock of supporters.

M. C. Woodard, manager of the Silver Falls Timber Co., has purchased the Eva Coolidge residence in this city. This is one of the handsomest and most valuable residences in Silverton and is situated on Coolidge street.

F. E. Callister, cashier of the Coolidge & McClaine bank in this city, left yesterday for his old home in Iowa. He will be absent several weeks and will visit other states before returning.

Selah Springs To Be Developed By Eastern Capital

Silverton, May 14.—A company of eastern men, said to have capital stock already subscribed aggregating \$32,000, are working on a plan to build a sanatorium at Selah Springs, a few miles southwest of here, and it is said that they expect to incorporate within a few days for \$150,000. Selah Springs is an ideal location for such an institution. The land is owned by J. V. Whitlock, who developed the mineral springs several years ago. It is said that the flow of water from the springs exceeds nine hundred barrels every twenty four hours and shows superior mineral analysis.

According to reports current in Silverton the building is to be built of brick and will be modern in every particular. The location selected is near the S. P. railroad company's track between here and Salem.

If present plans materialize, and it is said to be very likely that such will be the case, it will be a great benefit to this part of Marion county.

People who are said to be competent judges claim that the water in Selah Springs is superior to the min-

eral water in the famous Wilhoit Springs, and the location is much more convenient.

THE EASIEST WAY TO END DANDRUFF

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail. (Adv)
