Hubbard Hotel To Be Remodeled; Garage To Rise

Hubbard, Or., May 18.—One of the biggest real estate transactions that has been made in this city for some time was when the hotel property was sold a few days ago to local parties who will move the building back on the lot and erect a modern garage where the hotel now stands. The hotel will be remodeled.

William Bentley, who is extensively engaged in the production and buying of loganberries, was in the city yesterday. Mr. Bentley says he has more than three hundred acres of loganberries contracted this season and about fifty acres of strawberries, all of which are in the immediate vicinity. Last year there were not more than forty acres contracted.

On the G. J. Wulfer place just outside of the city is a mineral spring which is attracting the attention of many tourists at the present time. The spring produces 100 gallons per minute and is said to be one of the best mineral springs in the state. There is a beautiful camping ground at the spring and there is talk of developing the property during the summer and making it a resort worth while.

Hubbard Host To Truck Caravan At Noon Monday

Hubbard, May 18.—How little Portland people acquaint themselves with the towns in the Willamette valley was expressed at a luncheon served yesterday to the truck caravan which stopped here during the noon hour. There were forty two members of the party and it is said that only one of that number had any knowledge of Hubbard or where it was located. But they know now that Hubbard is on the map, and they know, too, that it is inhabited by as hospitable bunch of citizens as can be found in the west.

Plans had previously been made to entertain in grand style and everything was in readiness when the long train of trucks and automobiles crossed the boundary line. The dinner was served in the open from tables spread on a vacant lot near the hotel. Mr. Wilkins, manager of the train, acted as toast master and made a brief speech explaining the object of the caravan. Mayor C. W. Masters made a short address of welcome and L. C. McShane, editor of the Hubbard Enterprise, also expressed the sentiment of the people in welcoming the guests. Mr. Hodge, a member of the firm of Hodge & Russell, spoke for the auto firm which he represented and others responded when called upon. Fifty two guests were served. Mr. Wilkins expressed the appreciation of the party for the hospitality shown and paid tribute to the enterprising city, which he said would be advertised from this on. The train left here promptly after lunch and made a short stop in Woodburn and other way points en route to Salem.

New York's Sensational Waltz Ballad A Tune That Haunts the Heart

A new song that is now all the rage in New York and throughout the country, "When I'm Gone You'll Soon Forget." Despite the fact that it has only been published a few weeks this ballad is said to rival any sensational song hit published within recent years. Of course, there is the usual mystery in the ending of the story of this song, like the continuation of a love story in a magazine. But everybody seems to glory in the mystery. The following are a few lines of the chorus, clipped from a copy just received:

Although this song is written without a high note, a beautiful effect has been obtained by the simplicity of the arrangement. Orchestras and bands everywhere are playing this melody as a waltz. This number can be had for your talking machine and player piano.

Wacanda Defeats Mt. Angel Tossers In Fast Contest

Mt. Angel, Or., May 18.—The Wacanda baseball team defeated the Mt. Angel team in a live game Sunday at the former's grounds. The score was 4 to 3, and interest was shown in every part of the game. Cunningham pitched for Mt. Angel. Emil P. Scharlach proved to be star of the Mt. Angel force by making a sensational catch, and after turning a double header, threw the ball to second while sitting upon the ground and made a double play. The two teams will play in this city one week from next Sunday.

Nitrate Program Probers Report

Washington, May 18.—Two reports, one by republicans condemning the government's entire war time nitrate program and charging reckless waste and extravagance and the other by democrats defending it and charging partisan bias by the majority, were presented today to the house by a special committee which took up the investigation nearly a year ago.

Along with its 41 general condemnations of the government policy, the republican majority comprising Chairman Graham, Illinois, and Representative Jefferies, Nebraska, submitted recommendations for future disposal of the Muscle Shoals properties, which Representative Garrett of Tennessee, the democratic member, declared was beyond its province. Mr. Garrett indicated he would make a point of order against the report on that ground. Members said this would open the way for the biggest political fight in the house since the war investigating committee was created.

In the two reports, embracing 75,000 words, every detail of the nitrate program was discussed.

M'Lean And Graden To Address League

Charles L. Graden, secretary of the Associated Retail Credit Men of Portland, and Edward A. M'Lean, secretary of the Oregon State Retail Merchants association, will be the principal speakers at the regular monthly meeting of the Salem Business Men's league in the Commercial club Tuesday evening. The meeting begins at 8 o'clock sharp, according to an announcement made Tuesday by P. E. Fullerton, president.

Several questions of interest to business men are due to come up for discussion in the meeting, and as the topic of retail credit, that will be discussed by the speakers, is of much importance to local merchants all members of the league are urged to attend.

"A Mass of Sores—No Sleep—Unhappy Days"

So writes F. D. Smith, 424 1/2 Shelby Street, Sandusky, Ohio. He says:
"I suffered terrible itching; body covered with awful sores which caused me great agony. When given up as incurable, having spent over \$200, I finally tried D. D. D. Prescription. This remedy has made a well man of me."
Thousands of grateful users of D. D. D. are just as enthusiastic over its wonderful results as Mr. Smith. The very first application allays the itching and burning. Just try a bottle of D. D. D. and convince yourself. Your money back if the first bottle does not bring relief. 50c. and \$1.00. Try D. D. D. Soap, too.
