

Olcott Endorses Legion Drive For Oregon Members

In recognition of the impending national campaign for 1,000,000 new members for the American Legion—of which Oregon's quota is 40,000—Governor Ben W. Olcott today issued the following proclamation:

"My attention has been directed to the fact that during the week from May 17th to May 23d, inclusive, the American Legion will carry on a drive for new members. This is to be a nationwide drive, in which it is expected that over a million new members will be enrolled, bringing the strength of the organization up to two and one-half million. This is an object which may be carried out to a highly successful conclusion in Oregon, as well as in the nation at large.

"It is a matter of pride on the part of every good American citizen, whether or not he was in the service during the late war, to see the millions of young Americans returning to their homes and joining in an organization which has for its sole object and purpose the upbuilding of the welfare of the entire nation. It has become apparent during the life of the American Legion that it is an organization built not only on sound lines of patriotic endeavor, but that it is an organization made up of men who are earnestly and determinedly carrying out the principles of the constitution and the laws of the United States and of the constitution of its own order.

"The American Legion has functioned long enough to show, beyond the shadow of a doubt, that it is to be a wonderful power for good throughout the land. For that reason all American citizens will be glad to see it grow in membership and to flourish. It is with pleasure that I may lend the endorsement of this office of the plan of 'American Legion week' when, during the dates I have mentioned, the mighty membership movement is to be put forward. I earnestly urge all Oregonians who have the welfare of their country and their state at heart to give such assistance and cooperation to the men of the American Legion as will aid them in making this movement the magnificent success which it deserves to be."

Irrigation Of Klamath Lake Land Proposed

The irrigation of 25,000 acres of land lying north of Upper Klamath lake in Klamath county is contemplated under an application filed with State Engineer Copper, Monday, by A. C. Masters of Roseburg covering the appropriation of 79 second feet of water from Four Mile creek. The project contemplates the construction of about five miles of ditch, a small diversion dam and a distribution system at an estimated cost of approximately \$40,000.

Other applications for water rights have been filed as follows:

By E. P. Ransom of Freewater, covering the appropriation of water from the east branch of Crockett creek for the irrigation of ten acres in Umatilla county.

By Walter Robinson, Port Orford, covering the appropriation of water from a small stream for domestic supply.

By W. A. Teal, Falls City, covering the appropriation of water from an unnamed stream for irrigation of a small tract in Polk county.

By T. T. Shell, Wallowa, covering the appropriation of water from Bear creek, for the irrigation of a small tract in Wallowa county.

By El Corregidor Orchard company of Mount Hood, covering the appropriation of water from Dog creek for the irrigation of 80 acres of land in Hood River county.

By Frank Randler of Jacksonville, covering the appropriation of water from McCormack, Wolf, Line and other gulches, for the irrigation of a small tract in Jackson county.

By W. A. Teal, Falls City, covering the appropriation of water from an unnamed stream for irrigation of a small tract in Polk county.

By T. T. Shell, Wallowa, covering the appropriation of water from Bear creek, for the irrigation of a small tract in Wallowa county.

Friend and Foes Are Given Treat In Armory Talk

According to Montavilla Flowers, campaigner for General Leonard Wood, there are two predominant mind classifications in the United States, at the present time.

"These are the subjective and objective minds," stated Mr. Flowers, "the subjective mind is that of the idealist, the theorist, who makes efforts to create a pretty world and who finally soars to the skies, grasping the stars and beckoning us to do the same. The league of nationalists, the socialist and the bolshevist are of these classes."

"The true objective mind is for General Wood," stated the speaker, who evidently assigned those who thought differently from himself, to the first mentioned class.

Brick and Bunker
At the armory, Monday night, Mr. Flowers entertained his audience of about 400 persons with glowing sketches of the military candidates. Extensive personal description of the presidential candidate took a large portion of the orator's efforts. When exhausted of laudatory remarks concerning General Wood, Mr. Flowers turned his attention to criticism of any and all other candidates and their supporters. He took a sharp fling at Senator Charles McNary, who recently declared himself for Hiram Johnson, and intimated that the Oregon senator should be "punished" for his remission in failing to support Wood.

Resents Opposition
One portion of Mr. Flowers' address was directed at the Capital Journal, special umbrage being taken at a portion of the Capital Journal editorial in which General Wood's ally defined stand on the league of nations was pointed out. The Capital Journal editorial had also repeated the nation wide interrogation as to who were Wood's financial supporters. In his haste to spank the press, the campaigner failed to show that he had other than very meagre information concerning the source of the expense money for the extensive Wood propaganda campaign. The writer of the editorial not being in attendance, a fiery challenge issued by Mr. Flowers brought no contenders.

He stated that General Wood was for the league of nations, "with reservations." Whether or not these "reservations" would prove to be as destructive as frank opposition, the orator did not pause to make clear. With frequent allusions to genuine Americans, George Washington and Abraham Lincoln, the speaker endeavored to retain the interest of his audience.

A concert preceded the oration, many persons manifesting sincere appreciation of the pleasing numbers rendered by Miss Ada Miller.

Atlantic Fleet Shifts.
New York, May 18.—The Atlantic fleet which has been at anchor in the Hudson river for the last two weeks, put to sea yesterday. After maneuvers and practice runs it is understood the fleet will go to Hampton Roads. Rumors were also current that additional ships may soon be sent to the Gulf of Mexico to join the Oklahoma and the destroyers now on duty there.

Council Defers Desired Action On Playground

A municipal playground for Salem was no nearer Tuesday than it was when the question was first brought up two months ago for action by civic organizations in the city, and later by the city council.

Although the council voted two weeks ago to defer action on the playground issue until its meeting Monday night in order to afford the councilmen to investigate for themselves, the issue was continued when the council placed the matter in the hands of the park commission for action.

A representation of the Rotary club appeared before the council Monday night and urged that the city purchase the proposed playground south of Mill creek, on Summer street. The club delegates expressed the willingness of that organization to equip the playground with apparatus and to construct a wading pool for children.

Action Not Definite.
In referring it to the park commission the council merely instructed them to bring in a report on the "advisability of purchasing" the property. The city may acquire the property for the payment of due street assessments and the refunding of past assessments, totaling in all about \$4700.

Arrest Report Made.
One hundred and five arrests have been made by police here during the period February 3 to May 3, according to a report made at the meeting by the police and health committee. Arrests were apportioned as follows: traffic violations 40, vagrancy 9, foreign offenses 11, runaway boys 9, disorderly conduct 14, drunkenness 2, suspects 5, interfering with an officer 1, begging 1, pool hall violations 10, forgery 3, obtaining money under false pretenses 2. Fines totalled \$360.50 of which \$210 was collected from traffic violators.

The question of removing the car line on North Summer street before the city begins to improve the street between Fairground road and Nebraska

THE COMFORT OF EYE GLASSES

The comfort of perfect vision which scientifically prescribed eye-glass lenses may give, is greatly offset if the mechanical adjustments across the nose, or against the temples, or around the ears are not comfortable.

It requires long experience and a certain deftness and skill to make a perfect frame fitting. Even the efficiency of the lenses used depends upon it.

Therefore, we take particular pains in making such fittings, just as we take particular pains in everything we do to help you have the most efficient vision of which your eyes are capable.

In speaking of comfort, when we recommend Kryptok (Pronounced Cripstock) Glasses for near and far vision, there is a point that is often overlooked. The size of the near vision segment can be varied according to the type of work you do, and this gives additional comfort. We take this into consideration, too.

Any eye service you may desire, treatment, glasses, or repairs. We operate our own lense grinding plant.
