

First of Tw light Bouts Puts Loggers One Game In Lead

From start to finish the first game of the twilight season, played at the Willamette grounds, Monday evening, was a star feature. The Kay Woolen Mill team and the Spaulding nine clashed for a 5-3 score to the lumber company's credit. The Spaulding club presented a pleasing appearance in their appearance in their new uniforms and played good ball, although their error total was two stronger than that of the textile workers. Garvis pitched a good game for Spaulding. Their inner garden support was not in thorough work order for the first game.

The woolen mill team promises to be one of the fastest aggregations in the Cherry City Twilight League. Ercel Kay at second base, gave a good exhibition of the game and all other members of the nine made efforts to perfect organization.

Only a fair crowd was in attendance but real interest was shown. The next game of the series will be played Wednesday between Hauser Bros. and the Y. M. C. A. teams. The games are free to the public.

Pennsylvanians Ballot Today, as Do Vermont Folk

Philadelphia, May 18.—Seventy-six delegates to the republican national convention and an equal number to the democratic nominating assembly are being elected in Pennsylvania today at state-wide primaries. Socialists and prohibitionists are also holding their primaries, but they have no contests. Electors in Pennsylvania have the privilege of indicating their presidential preference but only one name, that of Edward Randolph Wood, a retired business man of Philadelphia, appears on the republican ballot, and only that of Attorney General A. Mitchell Palmer is on the democratic presidential preference ballot. The faction opposing Attorney General Palmer has asked its supporters to write the name of William G. McAtee on the ballot.

Little Interest Shown. Montpelier, Vt., May 18.—Vermont's presidential preference primary was held today with little display of interest. No petitions were filed for a place on the democratic ticket. On the republican ballot there appeared only the names of William Grant Webster of New York and Major General Leonard Wood as candidates for the presi-

dential nomination. Voters, however, had the privilege of writing on the ballot the name of any other candidate.

The eight state delegates, including four at large to each convention which will be selected soon, will not be bound by the result of today's balloting under the law.

Success Of Horse Show Jeopardized By Gas Shortage

So dependent is the world today upon gasoline that not even a horse show can properly function without an adequate of the precious fluid which has done so much to put old Dobbin out of the running as a beast of burden.

Declaring that the success of the annual convention of the Oregon Horse & Cattle Raisers association at Burns, May 24 and 25, is jeopardized by the lack of gasoline, Charles M. Paulkner, manager of the convention, has telegraphed Governor Olcott asking his aid in relieving the situation. Governor Olcott has forwarded to Paulkner a copy of the statements issued by himself and State Treasurer Hoff last week declaring their stand in the emergency, which, he declares, is the limit of his power and authority in the situation.

La Grande is to have a country club. A membership campaign will be launched to terminate May 25.

SALEM BUSINESS MAN COMMENDED

It is a real pleasure to recommend to the favorable consideration of the voters a legislative candidate of rare ability, exceptional intelligence and whose sympathies are undeniably with the rank and file of the people. Such a man is Mr. J. C. Perry of Salem, who has been highly successful in business, has a winning personality, and immediately impresses one with his honesty and true grasp of public questions. One feels that he can be fully trusted, and particularly so in looking after the interests of taxpayers. He is new to politics and would not have entered it on this occasion if it had not been for the importunities of his many friends throughout the county. That he will be one of the five selected at the May primary is unquestionable. Not only will he carry Salem almost unanimously, so well is he thought of at home, but he will be strong in all parts of the county. The more men of such caliber as Mr. Perry we have in the legislature the more surely there will be of justice being meted out to the people. The Independent has no hesitancy in advising the republican voters of Marion to give him their support.—Woodburn Independent. (paid adv)

ALKALI IN SHAMPOOS BAD FOR WASHING HAIR

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few wounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful of all that is required. It makes an abundance of rich creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright fluffy, wavy and easy to handle. Besides it loosens and takes out every particle of dust, dirt and dandruff. (adv)
