Duroc Swine Men To Hold Annual Rally Here June 5

The annual picnic of the Oregon Duroc Jersey Breeders association will be held in this city June 5. It was announced here Tuesday. Arrangements for the picnic are complete, and a program providing interesting features is ready. A large number of the breeders and fanciers of Duroc swine will be present, and they will be feted to an old-time picnic dinner.

In case of inclement weather, the following program will be held inside, 10:00 to 11:30 a. m.—Gather at Marion Square, corner Marion and Commercial streets.

10:30 a. m.—Visit state capitol buildings and grounds.

11:00 a. m.—Reception by Hon. Ben W. Olcott, governor of Oregon, at his office.

11:30 a. m. to 1:30 p. m.—Picnic dinner and get-together meeting at Marion Square.

1:30 p. m.—Address, "The Oregon Duroc," Grant B. Dimick, Oregon City, Or.; address, "Reminiscences of Early Duroc Days," L. H. Roberts, Salem, Or.; address, "Advertising Durocs," W. L. Sheard, Dayton, Or.; short business session, J. W. Fruit, Brooks, Or., president of the Oregon Duroc association, presiding.

Cheese Factory At Silverton Selling Direct

Silverton, Or., May 25.—Taking the sales of their product entirely out of the hands of the middlemen, the Evergreen Cheese Factory association is selling direct to the retail dealers. John Zolner, the cheesemaker, stated that they find much better profits and quicker sales in this new method. They are now selling all that can be manufactured to merchants in Silverton, Mt. Angel and Woodburn, and they are manufacturing about 250 pounds per day. Fred Stadell, son of Rudolph Stadell, secretary of the association, is acting as salesman and is meeting with success. The one handicap, he says, is inability to get the milk. They are paying 65 cents for butterfat now and would be able to pay 75 cents if they could secure enough to keep the factory running at its full capacity. This they hope to do soon. At the recent election of officers and directors J. W. Stay was elected president. Having the "staying" qualifications it is evident that the enterprise will be successful under the new management.

The Julius Madder farm in the Evergreen district was sold a few days ago to eastern parties who will take possession next fall. P. J. Neuwanger, who has been living on the place for three years, will move back to Illinois in October, where he has large farming interests. Mr. Madder, his father-in-law is now living in Portland and is said to be in a critical condition.

Sam Kaser Jr., who lost his house by fire a few months ago, has erected a temporary home on the farm southwest of the city and will build later when conditions become normal.

Farm Specialist To Talk In Club Chambers Tonight

Because of confusion in dates the lecture Tuesday evening by R. A. Kroh, farm specialist, will not be held in the auditorium, but will be held in the auditorium of the Salem Commercial club. When the date of his appearance at the armory was first given it was not known that the armory would be in use for another purpose. It was explained at the Commercial club offices Tuesday morning.

Mr. Kroh's appearance here is under the auspices of the Marion county community federation and agriculture department of the Salem Commercial club. He is from Akron, Ohio, and is reputed to be one of the best authorities on farming in the country. His address, which is free and open to the public, will deal with the question of keeping young folks on the farm, and of general farm conditions.

Employees Sell Property

Berlin.—Employees at the aniline dye works at Ludwighamite stole 60,000 marks worth of the company's property last year, according to a dispatch to the Rundschau. The stealing was going on so openly and in such a systematic manner that the company finally was obliged to call for 140 armed deputies. When they arrived the workers attacked them and severely injured nine. The rest of the deputies fled.

Victor Point School To Hold Picnic May 29

Victor Point, Or., May 25.—There will be a school picnic in the grove at the school house Saturday, May 29. The program which will be given by seven public school of the neighborhood, will start at 10:30 a. m. H. C. Seymour, state industrial club leader, and several of the Marion county school officers will be present. The Standard Sewing club of the Victor Point school will give an exhibition of their work. All are invited to come and bring lunches for a basket dinner at noon.

Rural Sections Near Silverton Show Progress

Silverton Or., May 25.—Silverton is not alone in its development. In all parts of the rural districts there is a spirit of progress manifested and new country homes, new barns and new farms are being established. Despite the high cost of all kinds of building material, there seems to be more development going on in the vicinity of Silverton than has been seen for many years. August Lindholm sold sixty acres of land west of the city a few days ago to an eastern party. This includes that portion of the place containing the house and barns. Mr. Lindholm will build a modern home near the road on a small tract which he reserved for that purpose. He expects to sell off the remainder of his land and will probably retire.

H. F. Lovell, who came here from Wisconsin a few months ago and purchased the Schubert place west of the city, has just finished a modern home which will be ready to occupy this week. In addition to the new home Mr. Lovell is installing a water system and will later install a lighting system. In speaking of the change he had made Mr. Lovell thinks the Willamette valley is about as near perfect as any country that can be found and he is developing his farm with a view of making his permanent home here.

Philip Storts, who bought a portion of the Sam Kaser farm southwest of the city recently, has commenced building the foundation for a new home and will also build a barn and other out-buildings during the summer. On the opposite side of the road from the Storts buildings, A. R. Mathias resides having just purchased the property from Mr. Kaser.

C. Strand living on the adjoining farm is building an addition to his home.

Dan Dybesetter, who recently purchased the Sam Storts farm near Skandia station, is also making substantial improvements about the place. Adolph Hari is erecting a new barn on his farm in the Evergreen district which he purchased last fall.

S. Torven is erecting a barn on the Portorff place which he purchased a few months ago.

Others in the country tributary to Silverton are making plans for greater development and before the winter sets in the farmers near here will have spent many thousands of dollars in improving their holdings.

By Score Of 7 To 5 Colts Best Turner

Wacanda, Or., May 25.—In a game that is deservedly qualified as fast, the Wacanda Colts defeated the Turner team by a 7-5 score in a game on Wacanda's diamond Sunday.

For three innings, Teddie Girod, who usually plays short for Wacanda, held down the hurling assignment, but as the Turner batters reached him easily, Manager Russel put in the regular tosser, His Felton, who held down his for the remainder of the game.

Batteries: For Turner—Bones, Shets and Ritchie; Wacanda—Girod, Felton and Jones.

Four runs were secured from Girod, while Felton only issued one score. Bones for the visitors gave five tallies and Shets stood for two more.

Feeble Minded Children Are To Stage Cantata

An all day exhibition of fancy work, basketry and other accomplishments, will be held at the feeble minded institution Wednesday, May 26. In the evening the cantata "Little Boy Blue" will be presented in the grove surrounding the school. The characters for the cantata have been picked from every grade in the institution, and the children best suited for the particular parts have been chosen to delineate them. The public is extended an invitation to attend both the exhibit and entertainment.

Deschanel Will Rest Ten Days After Accident

Paris, May 25.—President Deschanel will occupy rooms at the Chateau Ram bouillet for at least ten days there to recover from his harrowing experience yesterday morning when he fell from a moving train near Montargis. The chateau has not been occupied since President Fallieres was in office. The executive, says the Echo De Paris, owes his life to the fact that the railroad strike brought about a suspension of a Paris bound train due to pass the spot where the president took his plunge from his car at almost the exact time of the incident.

Christian Faith Urged As Remedy For World Ills

Philadelphia.—Christian faith as a cure for the world's ills was advocated

by Dr. Nicholas Murray Butler, president of Columbia University, in an address to commissioners of the Presbyterian General Assembly. "Every conceivable explanation of the unrest, dissatisfaction and disorder that prevail throughout the world has been proposed except the one that is deepest and most important," he said. "Having come to feel himself quite superior to all that has gone before and being without faith in anything that lies beyond, man has tended to become an extreme egoist. The wisdom, the justice, the morality of an act or policy the now tested solely by its immediate results, and these results are increasingly measured in terms of the material and emotional satisfaction of the moment. "In a world so constituted and so motivated unrest, dissatisfaction and disorder are a necessity. Set free a million or a thousand million human wills to work each for the accomplishment of its own immediate material satisfaction and nothing but unrest, dissatisfaction and disorder is possible. "What seems to have happened is that in setting free the individual hu-

man being from these external restraints and compulsion which constitute tyranny, he has also been set free from those internal restraints and compulsions which distinguish liberty from license."

Burned Factory To Be Restored

Portland, Or., May 25.—Plans for the immediate rebuilding of the plant of the North Portland Box company, which was razed in the \$600,000 fire which swept that section last Sunday, are now being made, according to an announcement by Foster Beeson, manager of the factory. The box factory, which is a subsidiary of Swift and company, sustained the greatest loss. The estimate made Sunday night by other officials, who place the loss of the company

GAIN WEIGHT AND STRENGTH With Bitro-Phosphate on \$3.00 Guarantee

New York. If you are feeling down, weak, nervous, tired in the morning, and generally ailing, there are the symptoms that should make you take care of your health. Four persons in every ten are lacking more phosphorus in their system. When you see this and feel that you are suffering, or those who are suffering, are frail, oft dependent or lacking in energy, you may look for the need of certain elements that make for a strong constitution.

Some people, after relying upon preparations composed chiefly of calcium, quinine, drastic drugs, iron, cod liver oil, etc., wonder why they find no benefit. That is easily explained by the fact that such persons lack the phosphoric element, which is the most potent essential to health, and contained in BITRO-PHOSPHATE, the famous health preparation, obtainable everywhere.

The right thing for you to do is to make a trial of BITRO-PHOSPHATE beginning at once. It is not a placebo medicine, the formula is prescribed by many physicians for the ailments and weaknesses mentioned above.

With every box of BITRO-PHOSPHATE are a few simple health rules and a \$3.00 guarantee. Every box of BITRO-PHOSPHATE is sold and recommended by all good druggists everywhere.
