Plea Is Made To Citizens To Lend Cars For Shriners

Unless the people in Salem and the surrounding country take an active interest in Shriners Day, June 23, and offer their cars, there will be hundreds of Shriners in Portland who will be unable to pay the city a visit. Dr. O. A. Olson, president of the Salem Shrine club is receiving acceptance letters from many Shrine clubs throughout the country, to visit Salem Wednesday June 23, and accept the automobile ride that has been offered by the progressive citizens. For instance, Ken Temple of Grand Forks, N. D., has accepted the invitation to visit Salem and writes that 250 will be ready to go. This is one of the smaller Shrine clubs. Los Angeles has accepted the invitation with a promise of several hundred. At the rate acceptance letters are coming in it is estimated that 6,000 Shriners will be ready in Portland June 23 to be brought to Salem. In order to secure the one thousand or more cars June 23, to bring the Shriners and their wives to Salem, it is thought that every organization in the city will be asked to help. That is, every church, lodge or civic organization will be asked to assist in not only securing the number of cars necessary, but to help in handling the people after they arrive in the city. According to present plans, a luncheon will be served on the state house grounds and to handle the big crowd an organization will be necessary. Dr. Olson, president of the local Shrine club will soon call a meeting to which representatives from all churches, lodges and women's organizations will be asked, when plans will be gone over for securing the necessary number of cars and the committees for handling the luncheon on the state house grounds. There is a strong feeling among those who are familiar with conditions that Salem will be given the greatest opportunity ever presented for showing people from all parts of the United States what this part of the Willamette valley is like. Also that it will require close co-operation between all organizations in the city if sufficient cars are volunteered and if the 5,000 visitors of the city are properly cared for. It is now estimated that 75,000 Shriners and their wives will be in Portland Shriners week. Of this number, only about 600 are obliged to attend any regular sessions. The remainder will be in Portland just to see the country and have a good time.

The ball game between the boys and men was a victory for the latter, the score being 12 to 14. Lloyd Weeks pitched for the winners and Dick Schackman for the boys. A special committee had charge of the refreshments, and ice cream was provided by the Parent Teacher's Association, from funds contributed at the last meeting of the organization. A program consisting of songs, and recitations by the children and a number of stunts by the older ones, was rendered in the afternoon.
