A. L. Shumaker, of the Willard Battery Station, deposited a bond of \$5 with police Monday, following his arrest for cutting a corner with an auto at the intersection of Market and Capital streets. W. M. Coster, of Portland, also was reported for a traffic violation, having driven past a standing street car on South Commercial streets.

A report of his campaign expenses, showing that he paid out a money for his election efforts, was filed Monday with City Recorder Race by J. A. Jefferson, councilman from ward five.

Report of the robbery of a store in McMinnville, and the theft of two auto tires, was received by police here Sunday night from Sheriff Henderson, of Yamhill county. A reward of \$50 is offered for the arrest and conviction of the guilty parties, the sheriff told police.

An auto driven by A. Bartruf, of the Great Western Garage, 127 North High street, and another car, the driver of which was not reported to police, sustained damages when they collided at the corner of State and High streets Saturday evening, police reports stated Monday. A report of the accident was made at police headquarters by Mr. Bartruf.

Statements credited to E. J. Slack, former secretary of the Oregon Federation of Labor, and given publication in the Portland Oregonian of March 11, to the effect that drivers of the Portland Newberg stage were reckless and without proper regard for human lives as a result of which numerous fatalities had occurred, were evidently made "recklessly and without regard to truth or fact," according to a letter supported by an affidavit from C. S. King, manager of stage line, filed with Governor Olcott by Frederick Hellig, Portland attorney, this morning.

The regular monthly meeting of the Salem War Mothers will be held in the auditorium of the Commercial club Tuesday afternoon at 2:30 o'clock. According to Mrs. J. A. Carson, president of the Salem chapter, it is imperative that all members be present at the meeting, and a large attendance is expected.

Hopes Favorable Action For Rates

Hopes for a favorable consideration of the west's objections against the proposed freight rate increases, now pending before the interstate commerce commission, are expressed in a telegram received by the Oregon public service commission from Commissioner Fred A. Williams, who arrived in Washington Friday morning to represent Oregon in the fight against the proposed increases.

Williams' optimism is evidently based upon the fact that the railroads of the southwestern states, which are also included in the western classification territory, have filed separate applications before the interstate commerce commission, which, if granted will permit of a material reduction in the proposed new rates which approximate an increase of 24 per cent over those now in effect.

Paper Can Be Sold In Weight Packages

There is no statutory provision preventing the sale of newspaper in packages by weight if the sale is made pursuant to contract specifying this manner of sale, according to an opinion prepared by Attorney General Brown for the guidance of W. A. Dalsiel, deputy state sealer of weights and measures. The Oregon law requiring the stamping of exact weight of contents on the outside of the package, applies only to sales where there is no special contract with reference to the manner of weighing the commodity, Brown states. Dalsiel's inquiry was made following receipt of letter from the Crown-Willamette Paper company of Portland to the effect that hereafter newspaper would be invoiced at the gross weight including wrappings and twine.

\$8,374 Spent For Good Roads Bill

A total of \$8,374.53, all contributed by friends of good roads, was expended in behalf of the four per cent road bonding amendment in recent special election campaign, according to a statement filed with the secretary of state's office this morning by C. C. Chapman, chairman of the executive committee of the Oregon Roads & Development association.

Newspaper advertising reported by far the largest item of expense in the campaign, \$4889.46 being spent with the newspapers of the state in the interest of the measure, the statement shows.

A total of 369 subscribers through all the counties of the state contributed to the fund in behalf of the amendment.

Pair Escape From Reformatory; Tie Bedding Into Rope

Tying bed sheets into an improvised rope and lowering themselves from an upstairs window in the institution, Clarence Bland alias Bill Shannon, age 17, and Clinton Young, age 16, escaped sometime Sunday night from the state training school for boys. A reward was offered Monday by attaches of the institute for information of the whereabouts of the boys.

Bland, who was committed from Bend, Or., for burglary, and Young, sent up from Portland for auto theft, had been interned in a hospital for the past five weeks for scarlet fever. Skin was still peeling from their hands when they escaped, it is reported.

Young is five feet six inches tall, weighed 130, is dark complexion, blue eyes, prominent nose and dark brown hair. Bland is described as being five feet six inches tall, weighing 140 pound, fair complexion, blue eyes and brown hair. It is thought that the boys may steal an automobile to aid their escape.

Russian Escapes From State Prison

Sam Pauff, 42, a Russian doing not

to exceed ten years for ransom with intent to rob, made his escape from the state prison Saturday. Pauff was last seen about the prison yard about 11:30 o'clock but failed to answer to roll call at noon. It is believed that he may have escaped in one of the trucks which have been going in and out of the prison grounds, in spite of the fact that each truck is supposed to be carefully searched before leaving the grounds. Pauff was received here from Multnomah county February 19, last.

Frisco Sugar Price Raised

San Francisco, May 31.—A price of \$26.38 a hundredweight was declared by the California-Hawaiian Sugar Refining company here today for its latest allotment, the new price being a raise of \$2.95 over the previous figure. Jobbers and retailers profit rules imposed by the United States attorney general would mean a price to the consumer of 28 3/4 to 30 cents a pound in the San Francisco bay region. Elsewhere, the freight from the San Francisco seaboard will be added to the charge. Recently H. Clay Miller, chairman of the federal fair trade commission here, announced that this raise would be the last one and that future allotments of sugar were due to be sold at a decreased price.

Red Troops Cross Persia
Constantinople, May 27.—A message received by the Constantinople nationalists from the general command of their troops in Persia says the Russian bolsheviks have advised him that they are sending two divisions of Russian bolshevik troops to Erzurum across Persia. This message, however, is regarded as questionable by the foreign military men here.

Coquille Valley Mills Shut Down

Myrtle Point, Or., May 31.—Three lumber and shingle mills here have been shut down because of lack of work, many workers being thrown out of employment. At the R. K. Booth shingle mill alone 200 men are temporarily out of work. Several other mills in other sections of the Coquille valley also are said to have closed, or are contemplating such action because of the car shortage. Bankers, the Myrtle Point commercial club and other organizations have joined in asking the Interstate Commerce Commission for relief.

Antwerp Caters To Booze Demands Of Yanks And Tourists

Antwerp.—The cafes of Antwerp, where American "jazz" music resounded nightly until the early morning hours and champagne corks popped continuously at 10 to 100 francs a pop, are so crowded even now with tourists, sailors in for a shore celebration, and local spendthrifts that their proprietors wonder what more can happen when

Antwerp is crowded with visitors to the Olympic games. There are no spirits sold—except surreptitiously—but the wine flows so continually in the gilded cabarets, and the beer so continuously in the sailors' "estaminets" down near the docks, that the noise and dancing know no bounds.

President And Comming Talk Politics Today

Washington, May 31.—President Wilson and Chairman Cummings of the democratic national committee conferred for two hours today, discussing the general political situation and the forthcoming democratic national convention at San Francisco. Later they had lunch together.

Mr. Cummings said he had visited the White House at the president's invitation and that he and the president had talked "very freely and frankly." The League of Nations issue, he added, was "sharply defined" by the president to his "satisfaction."

Asked as to the immediate future of the peace treaty, Mr. Cummings said he had discussed the matter with the president but did not feel at liberty to talk about it.

Asked if the senate investigation into pre-convention expenditures had been discussed, Mr. Cummings said he had nothing to say on that subject except that the president was "in good humor."

"The next president of the United States will be nominated at San Francisco," he added. "If there has been any doubt of that, the republicans have dispelled it."
