10,000 Bushels Of Silvertown Wheat Is Involved In Action

Suit was filed Tuesday by the Fischer Flouring Mills, Silvertown branch, against Charles Scott. The complaint asks for a judgment of \$4069.89 because of Mr. Scott's alleged failure to abide with a contract claimed to have been made March 15, 1920.

This contract is said to have been an agreement whereby the defendant was to deliver 10,000 bushels of good quality valley wheat to the flouring mills on or before May 15, 1920, at a stipulated remuneration of \$2.22 per bushel.

The milling company states that 1340 bushels were delivered in accordance with this contract, the company paying the sum of \$2459.95 for this partial delivery. The defendant is alleged to have repudiated the contract, so far as the remaining turn over of grain is concerned.

The complaint states that since Mr. Scott's failure to live up to the terms of the agreement, wheat has advanced in price and on May 15, 1920, at the time of the contract expiration, the market rate was \$2.69 per bushel. Because of the delay and subsequent price the company asks the court for the judgment named and cost of the procedure.

Auto Stage May Connect Portland And San Francisco

Eugene, June 1.—That a through Portland-San Francisco auto stage line would be in operation by June 10 of this year, and that Eugene would more than likely be made a stopping place over night, was the announcement made Saturday by the men in charge of the Pathfinder car of the company that proposes to start the stage line, and who passed through Eugene on the way to Portland.

The men were J. A. Van Hurn, F. B. Archer and Charles Conner. The company is the Pickwick stage company, with headquarters in San Francisco. They now operate a stage from

the Golden Gate city to San Diego, stopping at all important places en route.

In their opinion Eugene will be made an overnight stop on the north-bound trip, and will more than likely be made a noon luncheon station on the journey south. Two stages a week in each direction, they say, will be operated at first.

Race Holds Boy Labor Too Greedy

"You boys have got your pegs set too high. Conditions are changing and you'll have to watch them. The first thing you know you will be getting 20 cents an hour and will be glad to get that much for your work."

City Recorder Karl Race, head of the municipal labor bureau, thus dealt a blow at the modern trend of labor aspirations Tuesday, in talking to two lads who had applied for positions.

"There is an opening for several men repairing street car lines on East State street," Mr. Race had told them. "The pay is 40 cents an hour, eight hours."

"That's not enough," one of the youngsters declared disdainfully. "It's worth more than that to walk to the blame job."

A telegram sent by the American Legion Weekly and received by Miller McGilchrist, treasurer of Capital post No. 9, asks all Oregon posts and especially Capital post members to be on the alert for G. C. Bergdohl who escaped from army subordinate

officers about two weeks ago. Bergdohl had been sentenced to serve a three-year sentence in federal prison after being convicted of desertion and evasion in connection with the draft. The Pennsylvania millionaire should have had standing if he ventures near Salem, for \$2500 is offered as a reward for his capture. The Legion Weekly has posted a reward of \$500.

which is included in the above amount Bergdohl, after escaping from army officers in 1915, led the authorities on a nation wide chase until captured late in 1919 at his home in Philadelphia.
