

Deportation Case Is Up for Second Time on June 7th

Tombstone, Ariz.—Two millionaires, three high executives of mining companies, one mayor, three physicians and a secretary of a commercial club are named as defendants, jointly with 148 others, in the case of the state of Arizona vs. the Phelps Dodge Corporation and others, filed in the superior court here. The charge is kidnapping, arising out of the deportation of 1,256 striking copper miners and their sympathizers from Bisbee, Arizona, to Columbus and Hermans, New Mexico, July 12, 1917.

Two of the defendants whose names appeared on the information as originally filed have died. They were Pete Corbitt and Clarence Ingram, both of Bisbee.

This is the second kidnapping case resulting from the deportations. The first was that of Harry E. Wotton, Bisbee hardware dealer, who was acquitted here last spring.

It is probable that the defense in this trial, as in that of Wotton, will be chiefly the plea of necessity, the contention being that the expulsion of nearly 1,200 men from the Warren mining district was necessary for the safety of the people and the property of the people of that district. The defense in the Wotton case alleged that most of the men shipped to New Mexico had planned the destruction of the district and the overthrow of the government of the United States.

The greater number of the men who will face the court are miners, miners and shift bosses. About ten percent of the defendants are business or professional men. Among these are: W. H. Brophy, millionaire, former manager of the Phelps Dodge Mercantile company; J. E. Brophy, Lowell business man; Lem Shattuck, millionaire, president of the Miners' and Merchants' bank of Bisbee, and director of the Shattuck Arizona Copper company; Grant H. Dowell, manager of the Copper Queen branch of the Phelps Dodge corporation; Lieutenant Colonel John C. Greenway, manager of the Calumet and Arizona Mining company; Colonel H. H. Stout, superintendent of the Phelps Dodge smelter at Douglas, Arizona; Jake Erickson, mayor of Bisbee; Tom Egan, secretary of the Bisbee Commercial club; Dr. N. C. Bledsoe, chief surgeon of the Calumet and Arizona Mining company; Dr. E. C. Hunt, member of the Phelps Dodge medical staff; Dr. Tom Watkins, member of the Copper Queen medical staff; Sam Kyle, attorney; J. A. Kempton, city marshal of Bisbee; Robert Rae, Development company of Eastland, Texas, former auditor of the Phelps Dodge corporation at Douglas; Miles Merrill, president of the Loyalty League of America.

Gas Shortage Ties Up Polk Parties; Kerosene Is Used

Dallas June 2—Several fishing parties among them County Clerk Moore and Attorney J. N. Helgeson went to the coast Saturday to spend two days where fish and sea foods abound, but were stranded there.

Tillamook has a real famine and no gas could be obtained, however, a tip was given that a few gallons was to be had at Netarts, but all were not so fortunate as the above mentioned party, as that supply of 56 gallons was gone before Sunday noon. The price was 45 cents and many tourists who were stranded were offering as high as \$1 per gallon.

The Tillamook druggists and garage men combined their wares of kerosene alcohol and a few other unknown chemicals and made a propelling juice which was selling for 32 cents a gallon. Many cars were stranded on the way out Monday and plain kerosene was used as the last resort. It is reported that the roads are in excellent condition into Tillamook and the resorts are making preparation for the summer tourists but are fearful that the gas situation will affect their business.

inform the public of its existence. The counterfeit is of the 1918 series, printed from a steel plate on a good grade of paper, and is a close reproduction of the genuine. There are however several defects among them the following:

It is of a lighter shade of blue, and under a magnifying glass the printing is not so distinct as the original. The hyphen in the word war-saving looks more like a period than a hyphen. There is a distinct vertical line appearing in the counterfeits along the edge of Franklin's left cheek, this latter being the greatest defect of the stamp. Most of the other defects are so slight that it needs an expert to detect them. Persons are asked to be on the lookout for the bogus stamps and inform post office authorities if they are offered any for sale.

"Japanese Invasion" Worries Peruvians

Buenos Aires.—Peru, like the United States and Canada, has its "Asiatic problem." Advice from Lima tell of the distribution of circulars among the workers of that city protesting against "the monopolization by the Asiatic and Japanese element of our small industries" and the holding of a protest meeting. The advices state that the police "very discreetly dissuaded"

the protestants from holding a street demonstration. There has been a large increase reported in the Japanese immigration to Peru recently.

MOTHER OF FIRST AMERICAN SOLDIER KILLED IN FRANCE

Mrs. Alice Gresham Dodd. First War Mother of the Nation Gives Entire Credit For Recovery of Her Health To the Well Known Medicine Tanlac

MRS. ALICE GRESHAM DODD, of Gavin Park, Evansville, Ind.

The following remarkable endorsement of Tanlac was given recently by Mrs. Alice Gresham Dodd, at the Gresham Memorial Home, Gavin Park, Evansville, Ind., which home was presented to her by the patriotic people of Indiana, as evidence of their appreciation of the services rendered to his country by her son, Corporal Jas. B. Gresham, the first American soldier killed in France. Expressions of sympathy were received by Mrs. Dodd from all parts of the United States, and the newspapers of the country carried the story of the first "war mother."

The shock of her son's death resulted in the serious breakdown of Mrs. Dodd's health, but everyone will learn with interest and pleasure that she is now in splendid health again. When seen at her home recently she made the following statement, giving the entire credit for her recovery to the well known medicine, Tanlac.

"After my dear boy's death, I had a general breakdown in health," said Mrs. Dodd. "At first it was just indigestion. My food used to upset me, and I had to diet myself very carefully, which wasn't much hardship as I lost all desire to eat. Then I had an attack of rheumatism, with severe pains in my shoulders, back and arms. Sometimes I used to suffer a great deal, and my joints would get all swollen up and stiff. I was able to do very little about the house, and at times couldn't even cook a meal. I got very nervous and restless, and at night would lay awake for hours, and lost many a night's sleep as a consequence."

"A friend of mine had received a

great deal of help from Tanlac, and it was she who advised me to try it. I am so glad I did for it proved the best medicine I have ever taken. It soon gave me a good appetite, and seemed to settle my stomach so that I was no longer troubled with indigestion. I don't know what it is to have rheumatic pains now, the swelling and stiffness has all gone out of my joints and I am able to do the work of the house with the greatest ease. My nerves are now steady and strong. I sleep fine at night, and I feel better in health than ever before in my life. I shall always be grateful for what Tanlac has done for me, and I shall recommend it every chance I get."

Tanlac is sold in Salem by Tyler's drug store and leading druggists in other towns. (Adv)
