

Scout Meeting Is Proof That Salem Units Are "Alive"

Thursday evening the entire membership of the Salem Scouts met at the armory for their regular quarterly meeting. The program consisted of stunts exemplifying the summer camp along with the regular business meeting coming before the quarterly meeting.

Scout Commissioner Denton presented a class of Scouts with the Second Class Investiture, rewarding them for past attainments in scouting, and charging them "to stick to the trail. Scouts who have passed the Second Class requirements and who were decorated last night were Ira Dumas, Weldon Leisy, Theodore Leonard, Benoit McCroskey and Howard E. Baker.

In a log chopping contest, staged by Rainbow Troop No. 1, Scout Lake Shields proved handsomest with his ax, and took first place. Citizens of Salem who failed to recognize proper flag etiquette on Memorial Day were scored by the members of Cherry City Troop No. 2 who drew attention to the fact that the flag should not be allowed to fly at half-mast after noon on Memorial Day, and who also called attention to the fact that only one flag in the city was flown properly. Troop No. 2 staged a camping scene and produced a flag pole and proceeded to show how the flag should be handled.

Willamette Troop No. 4 staged two camping scenes, showing the difference between an ordinary camp and a Scout camp. Parts in this stunt were well played, and the "camp" were thoroughly enjoyed. Other troops participating in the program were Kenton Troop No. 3 and Grant School Troop No. 8.

In discussing the summer camp, Scout Commissioner Denton told the Scouts that the four weeks they were permitted to spend in the mountains in the Scout camp were the biggest investment for good that they could make. Urging every boy to attend Mr. Denton went on to say that the greatest thing Salem had done for her citizenship was to provide and back the Boy Scout movement.

Warning Against Fake Agents Here Issued By League

Warning against unauthorized salesmen and salesladies of articles, and particularly Shrine convention and Elk convention emblems, in the city was issued Friday at the office of the Salem Business Men's League. The league advises that no purchase be made of anyone who does not carry a card from the secretary of the league, that card being a token of confidence in the article being sold.

This warning was prompted by the appearance in the city of persons attempting to sell Shrine emblems for sale during the Shrine visitation here June 23. The Salem Shrine Club patrol has already adopted its official insignia for use on the occasion, and asks that no other be used in the city so that confusion of emblems might be avoided.

It is reported that numerous forerunners, who have been selling Shrine emblems and other insignia in Portland and had been banned by that city, plan to come to Salem and other valley towns to peddle their wares. The league asks that no attention be paid to them unless they carry the authorization card of that organization.

Burglars Operate Here Last Night

The establishment of J. A. Rowland, 444 North Commercial street, second-hand dealer, was entered by thieves some time during the night and four pairs of shoes were found missing this morning. Officer Marlock, who investigated Friday morning, found that the burglars had entered the place by removing the casing from the side door. Every attempt had been made, apparently, to shove open a window.

At 12:55 a. m., John Marr, of the merchandise patrol service, summoned Night Officers J. F. White, O. F. Victor and W. J. White after he said that he had heard some one inside of the place. Search in the store and near vicinity disclosed no trace of the thieves, who had apparently been frightened away with the arrival of officers.

The Steinbock second-hand store, three doors south of Mr. Rowland's store, was also entered but nothing was found missing when investigation was made by police Friday.

Chief of Police Welch Friday morning investigated what is thought to have been an attempt to rob the home of W. H. Dancy at 348 North Liberty street. Nothing was found missing in the home, and little indication that any one had been in the place could be found.

Wheat Contract Is Involved In Suit

An answer was filed Friday by Charles Scott, of Silverton, a defendant in the recently filed case of Fisher's Flouring Mills against Charles Scott. In his answer Mr. Scott claims that the flouring concern has refused to pay a balance of \$516.23 alleged due on a delivery of 1240 and two-thirds bushels of wheat made to the flour mill at Silverton, this spring. The Fisher company had already paid the large sum of \$2,459 on this delivery.

In their complaint, the company had sued for about \$5000 damages because of the alleged failure of Charles Scott to deliver the balance of a contract, which the company asserts, called for the delivery of 10,000 bushels of wheat before May 15, 1920.

ACTOR HAD SUFFERED FOR TWENTY YEARS

"I had taken but a few doses of Tanlac when I realized I had found the medicine I needed," said O. B. Martin, 4915 East Ninth street, Kansas City, Mo., an actor with "Anne Butler Revue."

"Before I started taking Tanlac I had suffered from stomach trouble and nervous indigestion for the past twenty years, which gradually grew worse until for the last four or five years I had been in a terribly bad condition. I had no appetite, and when I did manage to eat a little something it began to sour almost at once and gas would form on my stomach until I was in perfect misery. My head ached just about all the time and I often had such bad dizzy spells I could hardly keep from falling. My nerves became so badly upset it was impossible for me to get a good night's sleep and I always got up in the mornings feeling wretched. I lost so much weight and finally became so weak and run down I had to lay off from work a great deal of the time."

"My brother in law here in Kansas City had taken Tanlac with such good results he advised me to try it, which I did and I began to improve almost at once. I now have a splendid appetite and eat just anything I want without being troubled with gas or in any other way afterward. I have not had a headache or dizzy spell since I started taking Tanlac and my nerves are in such good condition I can sleep all night long without ever waking up. I have gained several pounds in weight, have regained my strength and, in fact, feel better in every way than I have in years. I am still taking Tanlac, for I want to make sure that my troubles will not return, and as I spent hundreds of dollars for other medicines without getting any benefit from them and never had anything do me any good until I started taking Tanlac, I can't say too much for it. I am glad of the opportunity to tell others about what it has done for me so they may profit by my experience."

Tanlac is sold in Salem by Tyler's drug store and leading druggists in all towns. (adv)

Arrested him. The authorities, however, put no confidence in his statement. He is held under \$5000 bonds. It is claimed that Sing has been sought for years by the officers and it is believed that he is the cleverest drug smuggler in the northwest.

Troops Ordered To Strike

Austin, Texas, June 4.—State troops will take charge of the longshoremen strike situation at Galveston Saturday at nine o'clock. In a communication to Adjutant General W. D. Cope of Texas, Governor W. P. Hobby today ordered 23 troops of dismounted cavalry, and three machine gun companies, Texas National Guard, to proceed immediately to Galveston.

Drug Smuggler Pleads Innocence

Donald, Ore., June 4.—Jim Sing, the Young Chinese, who was arrested here a short time ago on a charge of having a large quantity of morphine in his possession, told at his hearing in Portland Wednesday that another Chinese named Harry Wong left the suitcase at his place and he did not know what it contained until it was exposed by the federal officers who

Glad Sister Escaped Operation

"Physicians had given my sister up to die; they wanted to operate for gall stones, but she was too weak and could only talk in whispers. I got her a bottle of May's Wonderful Remedy and in 2 weeks she was able to get about and walked a mile to church." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry, D. J. Fry and druggists everywhere. (adv)
