Hausers Meet Defeat In Game With Motors Schedules Are Given

Hooper, twirler for the Valley Motor team, by good generalship, and heaving that bothered the erstwhile twilight league leaders not a little, was a winner in Friday's game. The Hausers' team is looked upon as one of the most promising in the Cherry city series and the Motor nine's victory of 4-1 comes as a distinct surprise to local followers of the series. Humphreys pitched for the Invincibles. Good work is checked up to the credit of all members of both teams. Hausers' Invincibles will be seen in action again Monday, June 7, when they meet the Spaulding nine. 135*

Four Girls Escape From School Here

Efforts were being made by authorities throughout the valley Saturday to locate four girls, Mabel Johnson, Lillian Koth, Elsie Thompson and Gertrude Hansen, who escaped at dusk Friday evening from the state school for feeble minded. No trace of the fugitive quartet had been found up to noon, attaches of the school reported. The girls' departure was reported to police at eight o'clock by Superintendent J. N. Smith, who declared that the girls had taken advantage of the fact that doors around the institution are not kept locked, and that they fled just at dark. Lillian Koth and Mabel Johnson were recently committed to the institution from The Cedars at Portland. The other two girls had been at the school for some time. 135*

Increased Rate For Power Granted

An increase in power rates, of approximately ten per cent over the former rates, effective for a period of one year from June 1, 1920, is granted to the Idaba Power company operating in Malheur and Baker counties, Oregon, in an order issued by the public service commission Friday. The increase is allowed with the understanding that the company shall make such extensions in its plant as to accommodate the increasing demand for power on the part of its patrons in the eastern Oregon counties. Another order issued by the commission Friday grants to the Standard Oil company the right to construct an industry spur track across Leslie street in the city of Salem. 135*

Water Permits

The development of 99 horsepower for the operation of a saw mill is contemplated in an application filed with the state engineer's office here, Friday, by the Bolen Creek Mining company of Medford which asks for the right to appropriate 10 second feet of water from Sucker creek. W. A. Anders of Brogan has filed an application for the right to appropriate water from Mormon creek for the irrigation of a small tract in Malheur county. An application, filed by Olga Netter of Aurora seeks the right to appropriate water from two small tributaries of Pudding river for the irrigation of 20 acres in Clackamas county. 135*

of hands in the Willamette Valley is noted by State Engineer Copper based upon numerous inquiries and applications covering the appropriation of water from streams in this section. This interest at this time is attributed by Copper to the unusually dry weather and a growing realization of the benefits of irrigation in this section. Experiments have shown that almost every crop will be increased with irrigation, even in this valley with its abundant rainfall. Copper declares, pointing out that even in the production of loganberries the use of irrigation has been found to be a decided advantage. Unlike the experience of other sections of Oregon where thousands of dollars are spent in storing and diverting water through long canals, water is easily obtained in the Willamette valley and at little expense, Copper states. 135*

Eight Members Of Aggie Graduating Class From Salem

The presentation of the Joseph H. Albert, the A. J. Johnson and the Clara H. Waldo prizes will be another feature of the services. A feature of a million dollars per annum is being spent in advertising dehydrated fruits and vegetables in this state. 135*

Luncheon To Be Resumed Monday

The regular business men's luncheon for Monday noons at the Commercial Club, that was cancelled last Monday because of it being Memorial Day, will be resumed with one of the best lunches and programs of the season next Monday noon, it was announced at the offices of the club Saturday. S. L. Eddy, of the Ladd & Tilton Bank, of Portland, will be the principal speaker. He will talk on the possibilities and prospects for development in the Willamette valley. Mr. Eddy is reputed to be more familiar with financial conditions in the valley than most men engaged in the banking business in the state, and his talk is expected to be very enlightening. 135*

The Announcement Extraordinary

When You have a Real Good Thing to Offer—Make it Known—Read This Thru
 For a very limited time, we are privileged to offer the Biggest Bargain in an Orchard and Berry Ranch in Marion County
 57 ACRES—\$20,000
 60 per cent in full bearing Cherries, Loganberries, Prunes
 25 per cent in young bearing tree fruits, Pears, Plums, Apples and Walnuts
 10 per cent in seedling cherries, and balance garden land, and yards
 One of the most desirable qualities of the ranch is the dependability for income. If one fruit fails, there are two other good dependencies
 Last year was an example. Prunes failed, but notwithstanding the cherries and logans alone made \$5400 income
 Now with all three promising well, the income from the prunes, and increased prices of 3 to 4 cents on cherries and logans, assure an income of over half the cost of the ranch
 CAN YOU BEAT IT?
 Then on top of all that, there is 13 acres of "beginning to bear" apples and walnuts, yet to be heard from.
 The site is fine, location good, 20 minutes from Salem, auto roads hard surface and rock all the way; finest of water. This place is offered a very limited time, and first payment must be large. 6 per cent on balance.
 We conclude by saying again with emphasis that while it lasts this is one of the
 Very Biggest Bargains, Ever our Chance to offer. Don't Miss It, if You can Handle it!
