Farmer Falls 20 Feet; Injuries Are Only Minor

Stayton, June 9.—Friday last Geo. Tate, while painting a windmill, fell from the tower, a distance of about twenty feet. The tower was near the house and the fall was partly broken by his alighting on the house roof. Dr. Brewer was immediately summoned, and found no damage except a couple of cracked ribs, and the injured man is now able to be about. The accident occurred at the Tate farm about six miles northeast of Stayton.

Kings Valley To Have New Mill Early In July

Monmouth, Or., June 9.—The Foster Lumber company, whose headquarters are at Lincoln, Neb., is erecting a sawmill in Kings Valley, southwest of here. Mr. Bishop of Portland has charge of the construction work. He was in the city yesterday and stated that the mill will be in operation by the middle of July. The capacity of the mill, he said, will be over one hundred thousand feet per day.

Dallas Lays Sidewalks

Dallas, Or., June 9.—Work of laying cement sidewalks on either side of Washington street in this city commenced yesterday, covering a distance of ten or twelve blocks. Cement is to take the place of board walks in other parts of the city also.

Commencement Keeps Students At Turner Busy

Turner, Or., June 9.—This is commencement week for the high school. Rev. A. H. Clark gave the baccalaureate sermon Sunday evening.

The high school and faculty were entertained Monday evening at the C. C. Bear home. An enjoyable time was had and the following toasts were given: "Senior Records," Earl Bear; "When We Are Seniors," Marie Durfee; "The Class of 1920," Professor Blough; "Our Future Deeds," Robert Gray; "Hardships of Being a Freshman," Roba Powers; "Here's to Our Faculty," Evelyn Martin.

A SURE WAY TO
END DANDRUFF

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need,) apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. (adv)

The commencement address will be given Wednesday evening, June 9, in the Methodist church by a member of the U. of O. faculty. There will also be some numbers by the graduating class which consists of Evelyn Martin, Sibyl Peetz and Earl Bear.

The entire eighth grade (eleven) will also receive diplomas the same evening.

Thursday evening the alumni is planning to entertain the seniors and hold a business meeting. The entire high school and the teachers will go on a picnic trip Friday, thus ending a very successful year.

Pioneer Woman Of Independence Buried Tuesday

Independence, Or., June 9.—Mrs. Hattie Hinkle, one of the pioneers of Independence, was buried in the cemetery at Monmouth yesterday afternoon and the funeral was conducted by Dr. Dunsmore at the Presbyterian church.

Mrs. Hinkle died in Portland Sunday evening. She is survived by one daughter, Miss Emma Hinkle, a teacher in Portland, and one sister, Mrs. J. V. B. Butler of Monmouth. She was past sixty years of age.

New Monmouth Water System Now In Service

Monmouth, Or., June 9.—Water from the Teal creek system was turned on yesterday for the first time and it developed that the gate at the reservoir was not quite ready to receive the flow of water. In consequence a good sized stream of water was flowing down the street past the J. V. B. Butler home most of the day. There was much rejoicing, however, at the first appearance of the water from this new system, which seems to be sufficient to meet the demands. The service was started this morning.

MYSTERIOUS PAINS AND ACHES

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Salem case:

Mrs. W. H. Parker, 1140 N. 5th St. V. B. Butler of Monmouth. She says: "I keep Doan's Kidney Pills on hand all the time and can highly recommend them. My kidneys were weak and I had dull backaches and felt miserable. My kidneys didn't act right."

Doan's Kidney Pills have always relieved these attacks, strengthening my back and kidneys and benefiting me in every way. I always depend on Doan's if I have any return of the trouble."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Parker had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Ward's ORANGE-CRUSH and LEMON-CRUSH —cloudiness Have you ever noticed the cloudy appearance of Orange-Crush and Lemon-Crush while enjoying these rare-flavored drinks? The reason for this cloudiness is also the reason for the unequalled deliciousness of Orange-Crush and Lemon-Crush—for it is caused by the uniform distribution throughout the drinks of thousands of minute particles of the actual fruit oil pressed from freshly picked oranges and lemons. The interesting process which has made this possible was perfected five years ago by N. C. Ward, and is exclusive with Orange-Crush Company. It marks one of the greatest steps forward ever taken in the preparation of soft drinks, for it brings to you, without preservatives, the pure, delightful flavors which have made oranges and lemons the favorite fruits in every home. The cloudiness is your guarantee of genuineness, flavor and quality. The booklet, "The Story of Ward's Orange-Crush and Lemon-Crush," gives full details regarding the making of these drinks. It shows how delicate flavors are obtained by combining the fruit oils with purest granulated sugar and citric acid—the natural acid of oranges and lemons. Send for this free booklet today. You will better understand why Orange-Crush and Lemon-Crush enjoy the largest sale of any fruit-flavored drinks in the world. in bottles or at fountains Prepared by Orange-Crush Company, Chicago Laboratory, Los Angeles Bottled in Salem by Gideon Stolz & Co., Phone 26
