

# Fight Over Peace Plank Not Settled

(Continued from page one)

**Other Issues Framed.**  
Aside from the treaty issue, most of the platform material was in such shape that only the finishing touches had to be added by the sub-committee.

There still remained to be determined, however, some details of the Mexican declaration and some questions of policy regarding industrial relations.

While the thirteen were in deliberation the remainder of the resolutions committee of 53, were receiving in open hearings the advice of labor leaders and others on a wide diversity of subjects.

Demands that the republican party take an "unequivocal" stand for the enforcement of the fourteenth amendment and against continuation of the "reign of lynch law" were made by a delegation headed by William H. Lewis, negro, former assistant United States attorney general. He urged a congressional investigation looking to a reduction in the national representation in congress from states where full enfranchisement has not been allowed the negro.

**Taxation Discussed.**  
Edward H. Wright, Chicago negro, who spoke on the demands also declared that none of the claims made had come "from us as supplicants for we come as your brothers and your equals."

Questions of taxation must be among the first to be given consideration of the republican party if it would retain the confidence of industry, James A. Emery, general counsel for the National Association of Manufacturers told the committee in laying before it that organization claims for attention. The manufacturers asked that the nation's war debt be funded into long term securities and operation of the sinking fund be postponed until industry has had an opportunity to recover from the strain of war conditions.

# Cherrian Role In Rose Festival Is

(Continued from page one)

Personal invitation was extended to the Cherrians and their wives by Mr. Jaeger to dine with the Rosarians on Thursday evening during the festival. In accepting this invitation the Cherrians voted an honorary membership to Mr. Jaeger.

"Do the Rosarians like the Cherrians?" Mr. Jaeger asked his followers.

"Ab-sol-ute-ly!" they yelled enthusiastically.

**Hotel Hospitality Offered.**  
The hospitality of the Seward hotel in Portland, that in previous years has been used as headquarters for the Salem delegation at the festival, was extended to the Cherrians by W. C. Culbertson, proprietor of the Cornelius and Seward hotels, who was with the Rosarian party. Other members of the party at the Cherrian meeting were:

Herman Blaessing, Dr. George H. Wardner, Frank McCrillis, secretary of the state of the Rosarians; J. C. Boyer, R. H. Muhme and Henry Freis.

The Rosarians plan to participate in the state fair here this year. Beginning next week the Cherrians will have two members, in uniform, stationed each evening at the tourist camp ground to act as guides to the visitors and assist in any way possible their comfort while in the city, according to arrangements adopted at the meeting Tuesday evening.

In recognition of a letter from James A. Wilder, chief sea scout of the boy scouts of America, wherein he declared that he plans to visit this city, the Cherrians voted to send him a quantity of cherries, a desire for which he expressed in his humorous

missive. The Cherrians will assist in whatever means is possible in entertaining the mail carriers when they hold their convention in Salem June 26. The question of providing the 100 or more carriers who will be in the city at that time with a banquet was voted referred to the Commercial club.

# "Dark Horse" Talk Grows

(Continued from page one)

publican convention," said Senator Lodge, introducing him.

**Lodge Made Chairman.**  
Chicago, June 8.—While committees continued to grind away at organizational preliminaries, the republican national convention went through the motions of a second day's session.

Delegates assembled at the Coliseum with their views as to who shall lead the party at the polls next November still a mystery, even to themselves.

The convention escaped a second keynote speech by the selection of Senator Lodge as permanent chairman, thus following the plan of 1912 and 1916 of making the temporary organization permanent.

Today's business consisted of hearing a report of progress from the committee framing a platform and a report from credentials committee which makes up the permanent roll.

**Missouri Delegates Seated.**  
Missouri got back her two lost delegates, through last night's action of the credentials committee which reversed the national committee's decision that conditions in the electorate in Kansas City were so bad it would not seat any of the delegates. That restored the total number of delegates in the convention to 884 and the number necessary for a nomination to 492.

The overturning of the national committee's decision in the Tennessee contest also came as a surprise. Robert R. Church of Memphis, reputed to be one of the wealthiest and most influential negroes in the south, had been seated by the national committee after a straight out black and white fight in which the whites charged that the negroes had bolted the convention. Church, said to favor Lowden, was seated by the national committee and had the backing of many prominent members in his fight. The credentials committee threw him out. The white contestants appealed to the committee to take the republican organization in Memphis "out of the hands of negro domination."

**Gompers Is Heard.**  
Among those to be heard today was Samuel Gompers, president of the American Federation of Labor, bearing suggestions he did not outline in advance. Added importance attached to his appearance because of the fact

that the federation is now committed to full political activity under a slogan that no enemy of labor shall gain public office if labor can prevent it.

While the full resolutions committee is engaged with these hearings, however, a sub-committee of thirteen, named last night by Senator Watson and over which he also will preside, will proceed with the actual cutting and fitting of platform planks. On its face, this move was designed to seek harmony on proposed party declarations of principle, views of all candidates for nomination being represented in the sub-committee personnel. The four United States senators, including Senator Watson who are included recall vividly diverging views as to treaty ratification on the majority side in the long senate battle.

**Woodburn Signs For Chautauqua For Another Year**

Woodburn, Or., June 8.—This city is assured of a chautauqua in 1921. Forty-six of the progressive citizens of Woodburn and vicinity have signed

the contract with the Ellison-White people people: They are E. P. Morgan, R. L. Coe, H. L. Gill, E. N. Hall, V. H. Wells, Mrs. V. H. Wells, Mrs. T. J. Luper, F. H. Armstrong, T. H. Guyer, C. W. Gillette, Mrs. W. D. Simons, S. B. Olsen, W. H. Broyles, H. D. Bomhoff, A. E. Austin, H. M. Austin, S. E. Brune, C. B. Richards, C. Wines, Mrs. F. P. Wolfe, Mrs. Minnie Richards, C. B. Coleman, H. H. Booster, Ida Brennen, Ina Bonney, Paul Mills, S. B. Layman, G. H. Benjamin, Mrs. A. C. Stinnett, Thomas Sims, Mrs. C. C.

Geer, W. A. Roberts, A. M. Van Cleave, M. J. Olson, C. E. Tyler, Mrs. E. J. Forsythe, A. L. Riggs, J. F. Steelhammer, J. W. Moore, R. A. Trullinger, George F. Bonney, B. F. Hall, F. X. Beck, S. W. Harper, J. F. Plank and Woodburn's Woman's club. The Woman's club has not yet agreed but will probably do so after its next meeting.

Dolph Boyer has returned from a six months' visit at Montreal, Canada. On his return trip he came back by way of the eastern coast and southern states. It is a pleasure to note that

he will make his future home in Woodburn.

G. H. Benjamin returned recently from a trip through western Canada covering about a thousand miles on his journey.

**Druggists and Doctors Astonished At Wonderful Power of Nicotol To Stop the Use of Tobacco To Detect the Harmful Effects of Tobacco Try These Simple Tests**

New York—Mr. Tobacco User, any druggist will tell you that a remedy to be successfully sold must, above everything, possess merit, otherwise failure is inevitable. Nicotol, the famous remedy for the tobacco habit, was a success right from the start, simply because it quickly does the work promised. We publish a few letters from some of the best known druggists in the country to give you an idea of what they think of Nicotol, and you may rest assured that they would not permit the use of their names unless Nicotol was something out of the ordinary. The Peoples drug stores have five of the best stores in Washington, D. C. They write: "Since we have handled Nicotol the sale has been greater than that of all the rest of the articles of this nature which we have ever sold. The demand was so great that we were compelled to order it locally pending receipt of a shipment from you direct." Schramm Johnson, who has six stores in Salt Lake City, says: "We take this opportunity of expressing ourself—relative to Nicotol. We have enjoyed a very large sale on same and it has given entire satisfaction to our customers." Jacob Brothers of Philadelphia, Pa., have this to say: "Our sales of Nicotol have passed our expectations. Our first order was placed late in March and we were forced to reorder before the end of April; the sales have kept up well ever since. There is no doubt that we are receiving many repeat orders from our customers and many expressions of opinion regarding the merit of this article have been very

favorable." Dr. Conner, formerly of Johns Hopkins hospital, tells how to detect the harmful effects of tobacco. Here is what he says: "Many men who smoke, chew or sniff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been affected had it not been for the use of tobacco to excess, and thousands would soon get well if they would stop. The chief habit forming principle of tobacco is nicotine, a deadly poison which when absorbed by the system, slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effect of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer or the common affliction known as tobacco heart. If you use tobacco to excess in any form you can easily detect the harmful effects, by making the following simple tests: Read aloud one full page from a book. If in the course of reading your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking your usual smoke, walk up three flights of stairs at a regular

pace, then stop. If you find that you are out of breath, your heart beat is forced, trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew or sniff to quiet your nerves, you are a slave to the tobacco habit and are positively poisoning yourself with the deadly drug, nicotine. In either case you have just two alternatives—keep on with the self poisoning process irrespective of the dangers and suffer the consequences; or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco—the craving will have left you. With the nicotine poison out of your system, your general health will quickly improve."
