

### Investigators Exonerate Todd

(Continued from page one)  
date, otherwise money to be returned upon demand. It is further agreed that party of the second part shall pay at sale or mortgage of land acquired the remaining \$500 to party of the first part.

The Rotary club's committee report is as follows:  
"We, the undersigned, being a self-constituted committee of Rotarians, which to hand to the Salem Rotary club the following report of our findings in the case of Rotarian John W. Todd:

"We find that John Todd introduced one Carlos L. Byron of timber fame to various Salem citizens, and that he told a number of them of the information on claims of timber said Byron had for sale.

"That to some of them at least he (Todd) told them they were taking their own chances.

"That after the sale started in fair shape Byron verbally agreed to pay Todd \$100 per claim on all claims sold there, when holder of contract had received his claim.

"That from all information we have been able to get, Todd never received a cent from Byron as commission.

"That as soon as Todd discovered that Byron was in the clutches of the law he immediately set about at his own expense and on his own time to recover all or anything possible for those to whom Byron had sold contracts.

"That Todd found nothing but some unwinning claims, which have been investigated by the committee and have been found to have a fair copper showing, with a value yet to be determined, and which he has transferred to trustees in favor of the holders of said contracts.

"That it is our belief that there is not now, nor never was, any criminal intent shown by Todd and that whatever mistakes he may have made were due to over-confidence in Byron, having had previous knowledge of successful claimants.

"That we have not investigated Byron, but are content to let the courts pronounce judgment in his case.

"That our interest in this matter was simply because a fellow Rotarian was involved and we wish to get the truth, no matter whether for or against him."

### Settlement is Acceptable to all

(Continued from page one)  
tentative draft so far as it related to Mexico, Armenia and the peace resolution.

As the platform conference began in a desperate effort to conclude its work and lay a completed platform before the convention at today's session leaders on both sides of the league of nations row expressed confidence of an agreement but conceded that material obstacles remained. At the same time the remainder of the full resolutions committee began its consideration of other planks agreed on last night by the sub-committee.

These included an industrial relations declaration from which reference to anti-strike legislation had been omitted, a plank blaming the depreciation of money values for the high

most of living; one opposing government ownership or operation of railroads; and one expressing in general terms, without mention of a cash bonus, the gratitude and generosity of the party to former service men.

**Prohibition Vetoed.**  
There also was a plank asking for prompt ratification of the woman suffrage amendment but the sub-committee voted against inclusion of any direct reference to prohibition.

Those portions of the tentative plank relating to the peace resolution, Mexico and Armenia follows:

**"Peace Resolution:**  
"We approve the action of the republican party in congress in passing a resolution to repeal the declaration of a state of war with Germany which would have brought peace and relieved the people of the burden of the war measures and we condemn the president's veto of this resolution.

**"Mandate for Armenia:**  
"We condemn President Wilson for asking congress to empower him to accept a mandate for Armenia. We commend the republican senate for refusing the president's request to empower him to accept a mandate for Armenia. The acceptance of such a mandate would throw the United States into the very maelstrom of European quarrels. According to the estimate of the Harbord commission organized by authority of President Wilson, we would be called upon to send \$0,000 American boys to police Armenia and to expend \$275,000,000 in the first year and \$750,000,000 in five years. This estimate is made upon the basis that we would have only roving bands to fight but in case of serious trouble with the Turks or with Russia, a force exceeding 200,000 would be necessary.

No more striking illustration can be found of President Wilson's disregard of the lives of American boys or of American interests.

"We deeply sympathize with the people of Armenia and stand ready to help them in all proper ways but the republican party will oppose now and hereafter the acceptance of a mandate for any country in Europe or Asia.

**"Mexico.**  
"The ineffective policy of the present administration in Mexico matters has been largely responsible for the continued loss of American lives in that country and upon our border; for the enormous loss of American and foreign property; for the lowering of American standards of morality and social relations with Mexicans, and for the bringing of national honor and political integrity to contempt and ridicule in Mexico and throughout the world.

"The policy of words, futile, written protests against the acts of Mexican officials, explained the following day by the president himself as being meaningless and not intended to, be considered seriously or in force, but added in degree to that contempt, and has earned for us the sneers and jeers of Mexican bandits, and added insult upon insult against our national honor and dignity.

"We should not recognize any Mexican government unless it be a responsible government willing and able to give sufficient guarantees that lives and rights of American citizens are respected and protected that wrongs will be promptly corrected and just compensation will be made for injury sustained. The republican party pledges itself to a consistent firm and effective policy toward Mexico and shall enforce respect for the American flag and that shall protect the rights of American citizens lawfully in Mexico to security of life and enjoyment of

property in accordance with established principles of international law and our treaty rights.

The republican party is the sincere friend of the Mexican people. In its insistence upon the maintenance of order for the protecting of American citizens within its borders a great service will be rendered the Mexican people themselves, for the continuation of present conditions means disaster to their interests and patriotic aspirations."

### Quarters For Elks To Be Arranged In Salem High School

Accommodation for several hundred Elks when they visit Salem for their convention in July will be arranged in the Salem high school, according to a decision reached by the school board at its regular meeting Tuesday evening. Cots will be placed in the building wherever possible, and the building will be dedicated to the use of the distinguished visitors during their entire stay in this city.

Because several teachers have not yet sent in their contracts for next year the board was unable to take action in appointing teachers for the next term. The question of salaries for teachers, although discussed at this meeting, was not settled.

A special physical culture teacher, to work in conjunction with the director of the Y. M. C. A., will be secured by the board for the next school year and classes will be held as usual in the gymnasium of the "Y." Because of his plans to locate in California Coach Schott, whose activities as director of the high school physical training activities has won much commendation, a successor will be named by the board. The board discussed the appointment of Hollis Huntington of the University of Oregon to succeed Mr. Schott.

### NOTICE OF THE IMPROVEMENT OF Trade Street from Church Street to High Street.

Notice is hereby given that Common Council deems it expedient so to do, and hereby declares its purpose and intention to improve Trade Street from the west line of Church Street to the east line of High Street at the expense of the abutting and adjacent property, except the alley intersection which will be paid by the City of Salem, by bringing said portion of Trade Street to the established grade, constructing cement concrete curbs and paving said portion of Trade Street with a six inch Portland cement gravel concrete pavement, in accordance with the plans and specifications for the improvement of said portion of said street which were adopted by the Common Council on the 17th day of May, 1926, which are now on file in the office of the City Recorder, and

### Don't Ever Think Of Buying a Horse

until you have called in a veterinary. Have the animal examined thoroughly from "teeth to toes." Have him tested for weight, height, digestion—and especially sure about the condition of his legs and feet. Strong feet are absolutely necessary to an efficient horse. He works on them, whereas man works on his eyes—or through them.

Don't you think you should know just as much about your eyes as you should know about a horse's feet. If you were thinking of owning a horse?

Come to see us. We will be glad to examine your eyes and tell you if they need the reinforcement of glasses.
