Oregon Graduates Three Etudents Of Salem This Year

University of Oregon, Eugene, June 14.—Edwin P. Cox, Marjorie Kay and Ethel McGilchrist of Salem will be graduated from the University of Oregon, Monday, June 21st, with the degrees of Bachelor of Science and Bachelor of Arts, respectively. Both Mr. Cox and Miss Kay are members of the scholastic honor society of the university. Mr. Cox's work in chemistry has elicited wide praise from the faculty.

Foreign Prices To Affect Local Fruit Growers, Is Belief

Oregon fruit growers are far from having things their own way where the disposition of their crops is concerned and the marketing of foreign goods in this country is liable to prove a serious menace to them, in the opinion of Frederick Schmitt, of the Phez company.

Large shipments of jams are being received at San Francisco, from Australia and Tasmania and the goods are going rapidly into consumption, it is said. Sugar is cheap in Australia and jam can be manufactured cheaper there than in the United States. Loganberries will also be received from there.

Scotts Mills Puts Damper On Use Of Walks By Horses

Scotts Mills, June 14.—Leon Whitlock and Hugh Shephard were called upon by City Marshal Barkhurst Saturday evening to explain to the city recorder why they persist in driving their horses upon the sidewalks. They appeared before Recorder Kellis this morning and were reprimanded. It is said the boys have frequently ridden their horses on the walks when in town and the marshal thinks it is time to enforce the law in this respect.

J. S. Ritchie and wife expect to leave in a couple of weeks for the east where they will spend most of the summer.

The county court has been doing some substantial road work on the Silverton-Scotts Mills road and it is in very good condition at present. Owing to inclement weather and the poor condition of the roads there has been little travel in the direction of Wilhoit Springs as compared to other seasons. A few campers went there during the early part of the month, but the usual exodus has not yet commenced. A few started for the springs yesterday but abandoned the trip on account of the rain.

O. V. White motored to Portland Saturday, returning last evening. Mr. and Mrs. Fred Schwab of Mt. Angel, visited friends in this community Sunday.

P. W. Nofstaker of the Silverton Battery shop, was in the city Sunday evening. Miss Bessie Bradford went to Silverton Saturday and took the necessary examination before appointment as postmistress at this place.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin is on Fire. There is a harassing discomfort caused by Eczema that becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Write for advice.
