

Party Leaders Preparing For 'Frisco Session'

San Francisco, June 15.—The democratic national committee men from Ohio, and Wilbur W. Marsh, treasurer of the national committee, are expected to arrive here tonight.

Moore has charge of the campaign for the nomination of Governor James M. Cox of Ohio for the presidency at the national convention which opens in San Francisco June 28. With his arrival there aspirants for the nomination will be represented here. Major Oliver P. Newman of Washington, D. C., director of publicity for Attorney General A. Mitchell Palmer, and United States Senator Robert L. Owen of Oklahoma, handling his own campaign, are already on the ground.

Hainbridge Colby, secretary of state, who has just been chosen a delegate from the District of Columbia, is being mentioned prominently by leaders here for the office of permanent chairman of the convention and the name of United States Senator Glass of Virginia is being discussed in connection with the chairmanship of the committee on resolutions which will frame a party platform.

Tentative plans call for the opening of the convention by J. Bruce Kremer, vice-chairman of the national committee, who will introduce Homer S. Cummings, chairman of the committee, as temporary chairman of the convention. Cummings will make the "key-note" speech.

Suits Over West Side Highway Are Filed Here

Two suits—one to enjoin the state highway commission from proceeding with the improvement of the West Side Pacific highway through Polk county as designated by the commission and the other a mandamus proceeding to compel compliance with the act of 1917 locating Dallas, Independence and Monmouth on this highway—were filed with the supreme court here Monday by J. W. Kaste, Portland attorney representing Dallas and Monmouth interests, according to information reaching Salem Monday.

The suits are the result of the inability of residents of Dallas and Independence to convince the commission of their right to a place on the highway as provided for in the road act of 1917 and will put to a test the authority of the commission to ignore the legislative act in the designation of state highways.

In the act of 1917, creating Oregon's state highway program and providing for a \$5,000,000 bond issue Monmouth, Dallas and Independence are included on the West Side Pacific highway. Support of the two Polk county legislators was necessary to put over the road program at that time. It is contended by Polk county citizens interested in the suits filed, and this support was not forthcoming until the Polk county towns had been included in the state highways.

Ignoring the designations of the legislature, it is contended that the state highway commission has so mapped out the highway through Polk county as to pass up the towns of Dallas and Independence altogether except for the extension of spur highways from the main route.

This, it is contended, is the only instance on record, in which the commission has ignored the 1917 road map wherein certain cities have been specifically designated as located on the official state highway system.

Tennis Club to Reorganize at Meeting Tonight

The Salem Tennis club will hold its first meeting for the year 1920 at the Commercial club Wednesday evening June 16th at 8 p. m. Officers will be elected and plans for increasing interest in Salem of this leader of strenuous sports will be suggested.

It will also be the first opportunity this year for the members, especially the new members, to get together personally. During the past two years the Salem Tennis club has been out of existence, but with the advent of a number of new players located here, and the return of those who previously played tennis here, the club has again taken concrete form.

The city tournament, recently completed, showed the old timers that there are more good tennis players in Salem now than there ever were before. This fact has so encouraged local enthusiasts that they feel with a little work tennis will go forward with big strides, making Salem a center for good players and tournaments a result which will benefit all.

Orchardist Outlines Data In Caring for Damaged Nut Trees

(By S. H. Van Trump)

One may notice along the streets of Salem as well as at many places in the country numerous walnut trees which were severely injured by the freeze of last December that are now sending out countless suckers or water sprouts. These suckers are found growing from the main branches and often even from the trunks of the trees and are due to the development of adventitious buds that have become active owing to the death of most of the buds of last season's formation.

Whatever the degree of injury the tree has sustained most of these suckers should be removed at this time. If most of the one and two year old wood is alive and sending out new growth, then all of the suckers should be removed from main branches and trunk at once.

In cases of severe injury where most of the one and two year old wood is dead, then enough suckers should be selected to build a new top.

Select only the most promising suckers which are favorably located and properly distributed along the main branches, then remove all the rest. This work is very important and should be done at this time, otherwise these trees will assume the appearance of cabbage heads very soon and will be in no condition to form fruit buds for future crops of nuts.

The suckers which have been selected from which to build the new top should be headed back when they have made a growth of four to four and one-half feet. All dead wood should be removed from the trees this month, being particular to cut back to a point where the wood is healthy and full of sap. These wounds should be painted over with Bordeaux paste or grafting wax.

His Little Boy A Mass of Sores

So writes W. C. Warren of Millboro, Virginia, and he adds:

"We tried two good doctors, one a specialist on skin disease and they did him no good. We used 7 bottles of D. D. D. and his face, which was simply a mass of sores, is now smooth as paper."

Thousands of grateful users of D. D. D. have written to tell of the wonderful relief it gave them—even one application completely stopped itching and burning. Why not try D. D. D. at once and be convinced? Your money back if the first bottle does not bring relief. 50c, 50c and 1.00. Try D. D. D. Soap, too.

Rejoices Daughter Can Resume Studies

"Everything my little 12 year old girl ate distressed her; even a glass of water would cause her to belch gas and she was unable to go to school for nearly a year. I bought her a bottle of Mayr's Wonderful Remedy, and since taking it she is eating us out of house and home and is attending school again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach liver and intestinal ailments, including appendicitis. MRS. THOMAS' WORD TO WOMEN

Tells of the Great Good Lydia E. Pinkham's Vegetable Compound Did For Her.

Morrice, Mich.—"About a year after my second baby was born I refused with distress every morning so that I could hardly get around. I had heard from other women about your medicine and had read somewhere about it so my husband got me Lydia E. Pinkham's Vegetable Compound which I took according to directions and in a short time I was entirely relieved. I also took the Vegetable Compound before my last baby came and am thankful to say that it shall never be without it at such times. I have told others of its great worth and shall keep on telling it."—Mrs. Wm. Thomas, Box 184, Morrice, Mich.

Women should not continue to suffer day in and day out and drag out a weak, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound.
