Women Narrowly Escape Injury From Srtay Shot

Independence, Or., June 16.—Mrs. W. L. Rose and her mother, Mrs. Plant, narrowly escaped instant death or serious injury a few days ago while seated in the former's home at the Wrigth ranch a few miles south of this city. A bullet, probably from a careless hunter's gun, entered a large plate glass window in the dining room a short distance from where the two women were seated. It was deflected by some obstruction, but only missed Mrs. Plant's head by a couple of inches and found lodgement in a cupboard on the opposite side of the room, where it was later discovered. Had the bullet not been swerved from its course it probably would have hit Mrs. Rose, who was in its direct line. Shortly after this happened a man was seen by the ladies to pass the house carrying a gun. The case has been reported to the sheriff and arrest may be the outcome of investigation, which has been pursued. The window where the steel jacket bullet entered was shattered. Mrs. Rose is keeping the pellet as a rather gruesome relic and in hopes of introducing it in evidence when the proper time comes.

Salem Berry Men Seek Pickers In Monmouth Area

Monmouth, Or., June 16.—Mr. Vincent, a large fruit grower of Salem, was in the city yesterday looking up berry pickers. Mr. Vincent said the help problem is the worst thing growers have to contend with at the present time and he was not successful in securing very many pickers from this part of the country. It is said that McMinnville and Dallas growers are offering better prices for picking than Salem growers are paying, and all of the available help in this vicinity is headed toward Yamhill county.

Woodburn Bank Plans Improvement

Woodburn, Or., June 16.—Beginning July 1st the Security State bank will begin to improve its banking quarters. The hallway will be eliminated, making lot more room, and the front and interior will be entirely remodeled. This institution, which will become a national bank about the first of the year, is taking this step to meet increased demands and give better working conditions to its staff. President Dose and Architect Bryan were here Thursday last and with the board of directors adopted a plan that will make the banking building up-to-date.

Polk County Court

Circuit Court. Helen L. Culp vs. Burley T. Culp. Motion for publication of summons filed. Affidavit for publication of summons filed. Order for publication of summons. Included in the plans of the Eugene park board is the planting of flowering shrubs on a good part of the south slope of Skinner's butte.

New Evaporating Plant Will Be Built At Dallas

Dallas, Or., June 16.—A new style evaporating plant is to be erected in North-Dallas. R. C. Newell of San Francisco and E. L. Newell of Tacoma, representing the Pacific Wana Evaporator company, were in the city the first of the week and made arrangements with Kirkpatrick & Crider for the erection of the plant on their land in North Dallas. The new plant will not be a large one, only of sufficient capacity for practical demonstration purposes. The evaporator is designed to dry not only prunes but apples, berries and other small fruits. Many children are seeking permission to work during the summer months in the milk factories and canneries of Dallas. According to the 1919 legislative enactment, minors must get permission from the board of inspectors of child labor at the court house in Portland. The blanks are being provided to Dallas children by the county clerk, but in order that they might get permission to work in all places other than the cannery, it is necessary to have the birth record which must be sworn to before a notary public. This is causing some trouble as in many instances such a family record is not available, and the state records do not extend back far enough. R. L. Walker, a prominent business man of McMinnville, was in Dallas on business Tuesday. Fred Hedding of Portland spent Tuesday in Dallas attending to his business interests here. Don't forget the Farmers Union picnic in Dallas Thursday. A big time and plenty of cats is assured everyone.

Woodburn

Woodburn, Or., June 16.—Mrs. Henry Layman has returned from her trip to Montana. C. F. Straw has sold his 75-acre farm to J. R. Vanderboek of Gervais for \$15,000 and purchased one near Mt. Angel. O. M. Berrie, Fred Chase and H. M. Austin were up on Trout creek fishing last week for a day. They brought back quite a few nice trout. Mr. and Mrs. Fred Poorman and son came over from Tillamook in their car last Friday for a week's visit with their parents, Colonel and Mrs. J. M. Poorman. The following Woodburn Masons were made members of the Mystic Shrine in Portland Saturday: Dr. Thos. Sims, Willard Cole, Herman H. Booster, Charles Harper C. R. Shaner, Dr. P. H. Armstrong and Chas. H. Wakefield. Mrs. J. W. Moore, worthy matron, and Mrs. E. G. Emmett, associate matron, of Evergreen chapter, went to Portland yesterday to attend Eastern Star grand lodge. Roy Graves brought his cannery hand over from Sheridan Saturday and it paraded on Front street that afternoon and played in front of different business houses. Mr. and Mrs. Albert Clark and baby daughter, and Miss Loretta Jennings of Portland spent the week-end at the home of Mrs. Clark's parents, Mr. and Mrs. William Scollard, at West Woodburn. Mrs. J. C. Wageman is visiting for a couple of weeks in Portland. Mrs.

Caterpillar Worm Attacks Hop Yard

Independence, Or., June 16.—Major W. Lewis Rose, manager of the Wigrich hop ranch near here, said to be one of the largest in the world reports that hop vines in that yard are being attacked by a caterpillar worm. Major Rose says no great damage has been done so far, but it will be well for growers to keep close tab in their yards. The worm ascends the vine, he says, after sundown, cuts off the top and burrows itself in the ground during the day. Baby hops and vines in swales seem to be suffering the most. Major Rose believes that the recent rains are partly responsible for the appearance of the insect.

Another Pioneer Of Stayton Laid To Rest Sunday

Stayton, Or., June 16.—Mrs. Mary J. Follis died at the home of her son, W. F. Follis, in Stayton Friday night after an illness of about two weeks. She was an old resident of Stayton and an old settler in Oregon, having come across the plains in 1852. Her husband died about ten years ago, and her death was preceded by that of two brothers, John M., who died in Salem the later part of May, aged 81, and Hiram S. William, who died here June 6, aged 84 years. Mrs. Follis was 82 years of age. She is survived by two sisters, Mrs. Jeter, of Portland, and Mrs. Leffer of Seio, and two sons, J. T. Follis of Linn county and William F. Follis of Stayton. The funeral service was held in the Baptist church Sunday afternoon conducted by Rev. Boice of Lacombs and there was a very large attendance. Peter Deidrich left Sunday for a visit with relatives in Minnesota and Dakota. He had intended to make the trip in a car and take his family but the gasoline situation decided him to go alone by train. L. Pietrok left the first of the week for Montana, for a visit of a couple of weeks. Friday last Cleo, the ten year old son of Harry Chance, found a dynamite cap, and tried the experiment of setting fire to it with a match. The cap exploded and the chest and arms of the boy were filled with pieces of the metal, dirt and small stones. By a lucky chance no damage was done his eyes, although several cuts were made in his face. He was immediately treated by a physician and all particles that could be found removed, and it is thought that he is practically out of danger. Sim H. Etzel, a former Sublimity boy but now of Portland, was married Tuesday morning in the Catholic church at Sublimity by Rev. Father Lameck to Miss Katie Van Handel, daughter of John R. Van Handel. The young people are well known and popular in the Sublimity neighborhood and have the best wishes of many friends. A dance in their honor was given at the Sublimity hall Tuesday night. W. H. Hobson is in Portland attend-

Lumber Company Forms At Eugene

Articles of incorporation were filed with the state corporation department here Tuesday by the Eugene Lumber Products company of Eugene, capitalized at \$5000. The incorporators are Edward Miller, E. B. Parks and Agnes E. Miller. Resolutions of dissolution were filed by the Review Publishing company of Roseburg.

CULBERTSON BUYS HOTEL SEWARD

One of the most important Portland hotel transactions of the year was the sale of the Seward hotel lease and furnishings by Mrs. Seward to W. C. Culbertson, proprietor of the Cornelius hotel, the "House of Welcome," says the Pacific Northwest Hotel News. The amount involved in this transaction is somewhat under the one hundred thousand dollar mark and included in the deal was a Montana ranch owned by Mr. Culbertson, which constituted the bulk of the purchase price. Fifteen thousand dollars actual cash changed hands. Mr. Culbertson has been busy for a week taking inventory and getting things in shape for the rush which will be on now within a few days. Patrons of the Seward will soon realize that Mr. Culbertson does not do things by halves. He will, as soon as the rush is over, begin important improvements in the interior of the hotel which will practically revolutionize the place, and if he does this on the same scale as that by which he rejuvenated the Cornelius hotel, which he bought something like a year ago, the Seward certainly will shine. Mr. Culbertson, aside from being an attorney, has acquired the facility of doing big things in a business way.

S. H. Walker Sells Silverton Store

Silverton, June 16.—S. H. Walker sold his grocery store yesterday to Carl Moser, who will take possession this week. Mr. Walker started the business several years ago. He has not decided as yet what business he will pursue in the future. Mr. Moser will be married this afternoon to Miss Remoh Taylor, and after a short honeymoon will take charge of his new business. Harry Benton, who fell some time ago and injured his spine, underwent an operation at the Salem hospital yesterday. He is said to be getting along nicely. Mrs. Henry Marty, who has been confined to her bed during the past

Harry Gram, Jr. and son and daughter of La Grana, Kan., arrived last week for an extended visit at the home of her parents, Mr. and Mrs. L. M. Diney.

Mr. and Mrs. J. A. Handershoof spent Monday and Tuesday visiting Salem relatives.

Mr. and Mrs. Lesley, Attorney Massey and E. C. Denny were in Portland the last of the week as witnesses in the case of the Willamette Southern railroad against M. Lynott. The evidence goes to show that Lynott has been overcharging the company for his work and presenting bills for work that was never done. Mr. Massey and the other are firm in the belief that the company has plenty of capital to construct the road, and that as soon as Lynott and his claims are disposed of, work on construction will begin.

Miss Eleanor Wilfong has gone to Salem to remain for a short time.

Henry Miller, a prominent farmer living between Stayton and Sublimity, died Tuesday morning at a Salem hospital. He had been sick for several weeks with stomach trouble. He was about 65 years of age. He leaves his wife, one son, Henry Jr., and two daughters, Mrs. Della Carroll of Wenatche, Wash., and Mrs. Clarence Hunt of Sublimity. The time of the funeral has not been definitely arranged, but will probably be Thursday morning. G. A. DeJardin, of Gervais, formerly an assistant in a bank here, is visiting friends in town. He expects soon to open a bank in Alsea, where he says there is a good town and a lot of farms and dairy ranches. He will have the best wishes of many Stayton friends in his undertaking.
