Satan Behind All Spiritism Says Theologist

Chicago, June 18.—That spiritism is not all fraud was declared by Dr. J. M. Gray, dean of Moody Bible Institute, speaking before the World Conference on Christian Fundamentals at Moody tabernacle in session here.

"There is some fraud, of course," he said, "but the phenomena is a fundamental fact. At the bottom of it all is Satan. Satan has the power to imitate persons. Evil spirits and demons make up his kingdom. These spirits have the power to control human beings for their own purpose, which explains the mediums' control."

Farm Mortgage vs. Bonds

Comparisons are of little value. However we can draw certain conclusions from large investors of Trust Funds—All Life Insurance Companies set aside a certain portion of their reserves for investment in farm mortgage loans. Savings Banks made large purchases of "First Mortgage Farm Loans." Trust Companies who handle large estates invest largely in the farm mortgage.

Land is the basis of all wealth. It cannot blow away—or burn-up—it constantly increases in value. Place a portion of your savings in Good Farm Mortgages.
