## William Morgan Funeral Is Held At Jefferson

Jefferson, June 18.—The funeral of Wm. Morgan, who died suddenly from apoplexy late Wednesday night, will be held today, conducted by the Masonic lodge, of which he had been a member for many years.

Mr. Morgan suffered a stroke of apoplexy a few weeks ago and has been in poor health since that attack. Kenneth Wall, a young man who lives with his parents near the Morgan place, had been taking care of the stock since Mr. Morgan's illness. When he left the house Wednesday night the old gentleman seemed to be feeling comparatively well considering his condition. When the young man went back yesterday morning to feed the stock he found Mr. Morgan's body lying in the stall by the side of his driving horse. It is believed that the horse got loose during the night and while he was attempting to tie the animal in the stall dropped dead.

Mr. Morgan was unmarried and had lived alone in his home one half mile south of here for more than twenty five years. He was nearly eighty years of age. There are said to be no relatives known in this country and little is known of the man previous to his coming to Jefferson in the early history of the community. He was a citizen of good repute and held in high esteem by all who knew him.

The body of Mrs. Del Withersite was shipped here from Bay City yesterday and the funeral was held in the Methodist church yesterday afternoon. Mrs. Withersite died Monday after a brief illness. She had been married but a short time and was well known here as Miss Ray.

Miss Elsie Allen, who was home the latter part of the week to attend commencement, returned to Salem to resume her studies.

A. C. Libby was in Salem on business yesterday.

Little Miss Anderson, who has been visiting friends here for a couple of weeks, left the fore part of the week for her home in Coburg. She was accompanied by Margaret Maddox.

Jefferson has decided to hold the celebration on Saturday, July 24. This decision was reached late yesterday and was so arranged to accommodate those who will want to attend the celebration at Stayton. The celebration will be held in the grove across the river.

Miss Marion Allen left Monday for Salem where she will attend summer school.

Mrs. Addie Looney Fairbanks of Willits, Cal., is visiting her sister, Miss Pauline Looney and other relatives in this vicinity.

The paving crew working on the road between here and Albany, abandoned the job yesterday until after the Shriners' meeting in Portland next week.

G. C. Mason left early Wednesday morning for Ohio and Missouri where he will visit friends and relatives for a month or more.

Hugh Mason left Thursday for eastern Oregon where he will work with his brother during the summer vacation.

## Espee Officials And Silvertown Council Confer

Silvertown, June 18.—Railroad officials of the Southern Pacific and the city council will meet in the council chambers tomorrow afternoon to talk over the advisability of improving

Front street with hard surface pavement. Some property owners on that street, and the S. P. company, who own all of the land adjacent on the west side of the street, had agreed to a graveled street, and at a previous meeting of the council it was practically settled that such a street would be decided upon. However, as the street is one which is very much in need of hard surface improvement, and several of the property owners are interested in that kind of improvement and nothing less, no further action was taken until the matter could be properly placed before the interested parties. A communication from the company received a few days ago states that the gravel street is to be improved by macadam. Such a road would be a continual expense for upkeep, and the council believing from a point of economy a hard surface street should be made, will hold an adjourned meeting tomorrow when it is hoped that the railroad officials can be made to see the importance of making a permanent street.

Front street had not been used much until the establishment of the Silvertown cannery at the north end of the street.

Brick and other material for a new grocery store to be owned by Bud Benson has been placed on First street and the work of construction will begin at once.

Miss Rosella Richardson and Miss Clover B. Miller left yesterday for Salem and will go to California about the middle of next week to attend summer school at the University of California.

The Silvertown cannery commenced operation a few days ago and at present a force of helpers numbering more than twenty is engaged in canning strawberries. C. A. Hartley is manager of the enterprise, and is starting

## HE EXPECTS TO KEEP IT ALWAYS

"I never expect to be without Tanlac again, for I have not only gained ten pounds but feel like a new man," said H. I. Stephens, 3409 West Holden street, Seattle, Wash., and employee of the Skinner & Eddy shipyards, recently.

"For years and years I suffered from stomach trouble," continued Mr. Stephens, "and my appetite got so poor I just had to force down every mouthful. I lost so much weight and was so weak and run down all the time I could hardly get about, and my work was simply a burden to me. The little I did manage to eat caused intense cramping pains in my stomach and I would bloat up with gas until I was miserable. Gas pressed against my heart until it would palpitate dreadfully and I had great difficulty in breathing. I was bothered a great deal from constipation, and often had the worst kind of head aches and dizzy spells. I also suffered with rheumatism in my shoulders, which made it difficult for me to do my work. For a time I tried to pick up anything or raise my hands above my head, and then, too, I had such severe pains in the small of my back I could hardly bend over, and when I did it was all I could do to straighten up again. I was very nervous and could get but little sleep for I would just roll and toss from one side of the bed to the other all night long, and in the morning I felt worse than when I went to bed and so tired I did not feel like I could get up. My circulation was very poor and my complexion became pale and sallow looking."

"I had tried so many treatments and medicines without getting any benefit that I had about lost faith in everything, but when I saw where Tanlac was helping so many others I decided to try it. I began to improve right away, and I soon had such an appetite I was hungry all the time. I can now eat anything I want without suffering the least bit with pain and am never troubled with gas or palpitation any more. I haven't had a headache or a dizzy spell since I started taking Tanlac. I am never bothered with constipation and my skin has cleared up to a good healthy color. The rheumatism has left me entirely and the pain has all gone out of my back. I sleep good all night long no wand always get up in the morning feeling fine and ready for work. Tanlac has surely put me on my feet again and I never miss an opportunity of praising it."

Tanlac is sold in Salem by Tyler's drug store and leading druggists in all towns. (adv)
