Cooper Brothers Meet In Annual Reunion Friday

Independence, Or., June 21.—J. N. Cooper returned yesterday from Albany where he attended the fifteenth annual reunion of the Cooper brothers which has come to be an event of much interest to pioneer citizens. The reunion was held this year at the home of Mr. and Mrs. E. W. Cooper in that city. The combined age of the six brothers, who attended the reunion is 444 years. The boys present were: D. J. Cooper of The Dalles, who is 84 years of age, and who attended the recent republican national convention at Chicago as one of the delegates from the second congressional district of Oregon; J. C. Cooper of McMinnville, J. S. Cooper of this city, J. E. Cooper of Portland, R. D. Cooper of Alsea and E. W. Cooper of Albany.

The Coopers have been residents of Oregon continuously for fifty-seven years. Some of the brothers were born in Kentucky and others in Missouri, and all came to this state with their parents in 1823. There were seven brothers when the reunion first began, the eldest having died since.

Miss Freida Campbell, daughter of William Campbell of this city, is one of the students of the Willamette university having been awarded a scholarship to students of American colleges and universities, based upon certain qualifications. The award means payment of all expenses for two years to the leading university of France, and she is making plans to attend. Miss Campbell is a graduate of the 1920 class.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up to date drug store and get some Nicotol tablets; take them as directed and in ten to fifteen days the habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result. D. J. Fry. (adv.)

Annual Pioneer Picnic Postponed

Silverton, June 21.—The annual meeting of the Waldo Hills Pioneer association, which was billed to come off last Saturday at the Hunt farm, failed to materialize. Almost at the eleventh hour members of the association decided to postpone the meeting on account of inclement weather and it developed that Saturday was the most pleasant day of the whole year. Several citizens from Silverton, who had not heard of the meeting being postponed, drove out to the Hunt place only to return full of disappointment. The dance at the Doerfler farm near the picnic grove was held Saturday evening, however.

Polk County Man Killed In Mine

Dallas, Or., June 21.—The body of Peter McDougal was brought to Dallas Wednesday morning from Washington state. The deceased was gassed while working in one of the mines there, his death being accidental. According to information received here the late Mr. McDougal had planted some powder for explosion and late in the evening he went to the mine. After a few hours his companions went in search of him. As two of these men entered the cave the gas was so intense that they were also killed.

Public Forum

Salem, Or., June 17, 1920. Editor Capital Journal: In your article on loganberries in this evening's paper you ask, "What are loganberries worth?" Later you quote "one Salem resident" and then "pass the buck" up to the "one gallus guy." Throughout the present season you have never lost an opportunity to take a fall out of the "voracious loganberry grower" who is running the industry. These "hicks" pursue Wall Street methods and will not sell, even when

John Straub To Retire As Dean At University

University of Oregon, Eugene, June 21.—Dean John Straub, who has for more than forty years been dean of men and professor of Greek in the university, will ask the board of regents today to relieve him of the deanship in the college of literature, science and the arts, which he has had for 22 years and held in conjunction with the deanship of men.
Dean Straub has contemplated this change for some time but did not wish to make the request until

John Straub To Retire As Dean At University

after the passage of the millage bill, in the campaign for which he devoted himself untriflingly. President Campbell today made the following statement in regard to Dean Straub's request to devote his undivided attention to his work as dean of men and professor of Greek:
"Dean Straub has for many years been carrying two deanships, that of men and of the college of literature, science and the arts. With the growth of the university the double burden has become too heavy and he has asked to be relieved of the latter in order that he may concentrate his work with the men of the university. He has welcomed each class of freshmen and as adviser and friend has closely followed

Where is Relief From Blazing Skin Diseases?

Must I Endure Forever the Torturous Itching?
The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, scaly irritations, red eruptions and other disgusting and unsightly disorders.
The sensible treatment that will show real results is a remedy that will cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S. which cleanses the blood of the disease germs, at the same time building up the general health.
