Tien Tsin, by the Associated Press)

Fighting between troops of the rival factions occurred today at Kwanhun, thirty miles south of Pe-

king. Numbers of wounded are arriving here. The city itself is quiet,

but wire and rail communication with Tien Tsin has been interrupted.

The mediators sent out in an ef-fort to reconcile the contending par-

ties have returned to Peking, their mission having failed.

Situation Closely Watched Tien Tsin, China, July 16. — (By Associated Press.)—The foreign mil-

itary commanders here arranged today to dispatch a train during the

afternoon to Yangtsun, on the rail-way line to Peking, to investigate the

situation caused by the hostilities between the Anfu and Chihli parties.

The Japanese, it is stated, are anx-

ious to occupy the railway and prevent the transport of Chinese troops.
The effect of such a move, it is
pointed out, would be to save the Au

Play the Host Right

Next week Salem is to be host to 10,000 visitors when the Elks Lodges of Oregon convene here for their third

One of the big factors in showing them a good time is going to be the sightseeing trips around the city and nearby country by automobile, which means gasoline will be needed.

Many of the visitors will come to Salem in automobiles and must rely upon Salem to furnish the fuel needed to get them back home-more gasoline needed.

On top of this the opening of the spraying and hay baling season is adding to the already abnormal demand for gasoline for essential industries.

With the available gasoline supply in the city shorter than ever before and the oil companies pledged to keep the essential industries running and give to pleasure cars only what surplus remains after the trucks, tractors and other commercial motors have been supplied, it is up to Salem pleasure car owners to conserve as they have never conserved before if automobiles are to be available for the entertainment of the city's visitors next week.

Play the host right and walk for a few days!
