**Love, jeweler, watchmaker, Salem**

H. S. Carter and mother, Mrs. Lou Alley, arrived in Salem Tuesday, motoring from Lewiston, Idaho, where Mr. Carter, a former Salem photographer, has a successful studio. They were accompanied by a nephew of the former Salem resident. After a visit in this city and participation in the Elks festivities, the party plan a motor trip to California. Good roads from Lewiston are reported by them, also an ample supply of gasoline until the Oregon line was crossed. At Hood River, the first refusal of car fuel was encountered.

Will Carver, who has been absent from his reportorial duties with the Journal, while with M company at Camp Lewis, returned with the Salem men, Tuesday evening.

**FISH CUTLETS.**  
Scal d cup of milk. Rub together three tablespoonfuls of butter and three of flour, and add to the hot milk. Stir and cook until the mixture is smooth and thick. Add the yolk of an egg, one tablespoonful chopped parsley, ten drops of onion juice, a little grated nutmeg, two cups of cold boiled flaked fish and palatable seasoning of salt and cayenne. Turn out to cool and when cold form into cutlet shapes, dip in beaten egg, then in crumbs and fry in deep hot fat. Serve with cream or tomato sauce.

**BREAKFAST DISH.**  
Broil about six slices of breakfast bacon, have ready six good sized apples sliced without paring. Take up the bacon and put the apples in the meat fryings, sprinkle with half cup of sugar, cover until nearly done. Remove the lid and let them get a little browned, but be careful not to burn.

**SPAGHETTI.**  
1 lb. beef chopped fine.  
1 lb. best pork chopped fine.  
1 can best peas, drained.  
1 can mushrooms drained.  
1 small can pimientos.  
1 can tomatoes.  
1/2 lb. cheese.  
1 cup cracker crumbs.  
1 package spaghetti.  
Must be boiled 30 minutes in salt water then drained and cool. Pepper and salt to taste. Mix ingredients and bake.

Erie, Pa., July 21.—United States army planes 1, 2 and 4 members of the squadron flying from Mineola to Nome, Alaska, got away for Grand Rapids, Mich., this morning. Plane No. 3 arrived there yesterday.

## Greeks and Turks Engaged in Battle

Constantinople, July 21.—It was learned today through French sources here, that scattered firing in Adrianople, where the Greeks and Turks have clashed, actually began July 19, artillery and machine guns commencing the attack in which infantry later participated. The civil population, according to the Turkish war office, has been evacuated from Adrianople. The fighting is continuing according to advices to the Greek commission.

## Chester Conklin Coming to Bligh Theatre in Person

Next Monday and Tuesday at the Bligh the picture fans of Salem will have a chance to see in real life in a real stage play one of the most celebrated film stars in the person of Chester Conklin, who is coming here in person with a large company composed of fellow artists from his California studio in a brand new musical revue of his own conception. Conklin himself needs no introduction to the average fan of the country. Everywhere picture are shown his face with the big mustache is well known. As funny as he is on the screen he is even funnier on the stage. The best bits of his latest pictures have been transferred to the stage and have lost nothing in the transition.

Conklin was for a long time the feature comedian at one of the leading theatres of New York City so he is not new to this form of entertainment. His pleasing personality gets over equally well as it did on the screen and those of you who have been amused by him in his pictures are bound to be more than pleased with his work in the coming revue. Every number he offers is a surprise and a novelty never before seen on any stage. His version of the vampire's dance is the hit of the show.

Chief in support to Conklin is Art Penny, who for a long time prior to his entering the service of Uncle Sam was one of the most popular vaudeville performers in the country. He has been featured on the largest circuits of the United States and Canada and he has lost none of his ability to make people laugh in his short vacation from the theatre. His work with Conklin in their convict number is one of the features of this unusual little revue. In addition to his ability as a comedian Penny owns a most wonderful voice and the song he sings is the kind that are always popular.

The girls are all from Conklin's own studio and were personally selected by the comedian himself for their ability as singers and dancers as well as for their physical attractions. The costumes they wear are the designs of the leading artist of southern California and are indeed both cute and nifty. The girls themselves are very easy to look at, besides being dancers and singers of real ability.

Last but by no means not least is

Chester's own Jazz band which is the same that has played for all of his pictures for the last six years. They are the finest collection of Jazz bands ever gathered together. The drummer carries six trunks full of instruments for the making of jazz and he sure knows how to use them.

After each performance Conklin will hold a reception in the lobby and he wants to meet you all face to face and to shake you each by the hand. There will be a bargain matinee in the afternoon and two evening shows. The first at 7:30 and the second at 9:15. None of the seats will be reserved so come early and get you a good one.

## Iron Shutters Chief Cause of Levant Riots

Constantinople.—Iron shutters have probably caused more riots, massacres and pogroms in the Levant than political agitators. All shops in the near East are provided with rolling iron shutters which work in iron grooves. When they are banged down a machine gun, make as much noise as a machine gun. Every time there is rumor of any sort of trouble some timid merchant slams down his shutters to protect his plate glass. Without investigating the cause, other merchants follow instantly with such a clatter that the public becomes panicky and rushes about trying to discover the cause of the flurry.

At such moments, excited crowds will credit any rumor which is put into circulation. Pickpockets avail themselves of such opportunities. Soapbox orators, street fakirs, and magicians gather crowds by this device. In any Turkish city the circulation of a rumor that a movement is to be started against Christians will cause all the Armenian and Greek shops to close within a few minutes, and frequently the noisy closing of the shops fans the religious hatred of the Moslems into action.

## Jack Johnson Will Be Taken Back to Chicago

Los Angeles, Cal., July 21.—An order for the removal of Jack Johnson, former heavyweight champion, to Chicago, where he was convicted of violation of the Mann act was signed here today by Judge Oscar A. Trippet of the United States district court. Federal officers stated Johnson would be started eastward tomorrow.

Johnson was brought to the county jail here last night after having surrendered himself at the Mexican border near Tijuana.

**Japs Plea Denied.**  
Sacramento, Cal., July 20.—The petition of Ichizo Sato, Japanese, and former private in company D, Second Infantry, Hawaii, to force County Clerk Harry Hall by writ of mandate to register him as a voter of Sacramento county was denied by Superior Judge C. O. Busick today on the ground that he is ineligible to become a citizen.

## Highway Board Defers Action on Mt. Hood Loop

Portland, July 21.—After an extended debate on the proper location of the Mount Hood loop highway between Gresham and Brightwood, the state highway commission took under advisement Tuesday the question of ordering a detailed survey of what is known as the north of Sandy route, advocated by Portland officials and others.

The argument in favor of this route was sustained principally by Gus Moser, City Attorney La Roche, City Engineer Laugaard and City Commissioner Mann. Opposed to them were the proponents of the south of Sandy route, which runs from Gresham to Brightwood by way of Kelso and Sandy. So far as applause was concerned the speakers for the southern route had much the best of it, as the delegation of residents of Sandy and other sections of Clackamas county, Gus Moser even intimated that the meeting may have been packed.

Summarized, the actions of the commission at Tuesday's meeting follow:

Sold \$1,500,000 worth of road bonds at better price than prevailed a month ago.

Agreed to build a mile and a half of the Mount Hood loop road in Hood River county.

Took under advisement loop road location between Gresham and Zigzag.

Appropriated \$26,250 to match government money to grade and gravel 17 miles of Mackenzie pass road.

Ordered grading of four and a half miles from Cole's bridge to Ganby ranch, west of John Day.

Bridge ordered built across John Day river at Dayville.

Contract for graveling Columbia highway across Sherman county.

Awarded contract for grading and rocking 7.6 miles of McMinnville-Tillamook highway.

Goldson section of Florence road, with contract, referred to attorney general for opinion.

## Royal Children Of Italy Seeking To Right World

Rome, July 20.—The children of the Italian royal family are rapidly growing up and begin to form the center of young people belonging to the aristocratic families of the nation who are full of enthusiastic patriotism and desire to put the world to rights after the sad years of the war.

The eldest Princess Yolanda is just 19 and has inherited much of the splendid dark beauty of her mother, Queen Elena. Princess Mafalda, who is only 17 is a gentle girl with great charm of manner, who resembles rather the Princesses of the House of Savoy.

They have all been brought up most wisely, living a healthy-open-air life in the castles belonging to the royal family in their native Piedmont,

or in the beautiful hunting lodge of Castel Porziano about 20 miles from Rome, on the shores of the Mediterranean, where, especially in their childhood, they laid in stores of health and happy memories for their future life.

Prince Humbert, the heir apparent, has shot up into a fine looking boy of nearly 16, who is devoted to every kind of sport, in the intervals of the somewhat severe mental training which he is undergoing to fit him for his future position.

Princess Yolanda, who considers herself now quite a grown up young lady, delights to accompany her father for motor expeditions in the Campagna and lately went with him to spend some hours of serious study of the latest excavations at Ostia, the port of Rome in ancient imperial times, which, perhaps, even better than Pompeii, gives an idea of how people lived in a seaside provincial town 1,600 or 1,700 years ago.

Among the latest discoveries has been that of houses of two or three stories, evidently let out in separate apartments, just like the houses in Rome today, while others seem to have been lodging houses where a single owner let two or three rooms to several families, so that life must have been very much like what it is now.

**Gonzales Freed.**  
Mexico City, July 20.—General Pablo Gonzales, former candidate for the presidency, charged with being the

leader of the abortive revolution in the state of Nuevo Leon, has been unconditionally set free by order of General Calles, the war minister, according to official announcement this afternoon.

## English King Tried To Sever German Empire

Kempen, Bavaria.—England's late king, Edward VII, once tried to persuade Emperor Franz Joseph of Austria to break away from Germany, says General Conrad von Hoetzendorf, former commander-in-chief of the Austrian army. The general, declared in a speech here the other day that the fidelity of Franz Joseph to the German-Austrian alliance was often questioned, but in spite of many temptations, he had remained faithful to the pact.

"Fifteen years ago," he went on, "when I had just become chief of the general staff, the emperor remarked to me in his peculiar way, 'Do you know that King Edward has been visiting me at Ischl and earnestly trying to wean me away from our alliance with Germany? But I refused.'"

"The emperor saw the war danger coming, but he kept true to the alliance, whose spirit still lives in our nations. What has existed for more than 30 years in peace and war will never die out. Such a country as Germany can never perish, and Austria will always stand by her side."

**MAXWELL**  
was the only one to complete this gruelling trip

Recently twenty-five trucks were engaged in contest in Louisiana. Rain fell in torrents, mud was deep and road conditions almost insurmountable.

A Maxwell was the first truck to reach the half-way point—Baton Rouge. Only eleven others got this far; some more than 12 hours late, and after aid had been furnished by the Maxwell.

So difficult were the road conditions that the return trip was narrowed down to only three starters.

Of these the Maxwell was the only truck to reach New Orleans, the destination.

No matter what the road conditions may be the Maxwell truck the world over is daily rendering a type of service that is difficult to match.
