Paving Work at Mt. Angel Fast Nearing Finish

Mt. Angel, Or., July 25.—Running night and day the paving plant located in this city is making rapid progress with the permanent road improvement. The strip of road east of here has been nearly completed, and by the end of the week the crew will be moved to some other part of town, probably on the Mt. Angel-Woodburn road. It is said that the commissioners in charge of the work have found difficulty in securing help enough to handle the work as rapidly as they had hoped. Farmers are also handicapped from the scarcity of help. The harvest commenced here yesterday morning and there is a great cry going out for more harvesters.

By the end of the present week the loganberry harvest will be over and the evergreen berry crop will be next in order. Both varieties will yield heavily this year.

William Terhaar arrived here from Portland, Sunday, and is in charge of the drug store which he recently purchased from Ben Gooch. Mr. Gooch left yesterday for Portland.

Emil Scharbach and Johns Frelson drove to Tillamook Saturday to attend the picnic given by employees of the Southern Pacific company. They returned last evening.

J. D. Hartwell has leased his farm on North Howell to a man named Kehr from Salem. Mr. Hartwell will move back to Salem where he lived prior to buying the farm.

J. H. Humbug is busy manufacturing prune crates for the Scotts Mills growers. Mr. Humbug has contracts for six thousand crates to be delivered this fall.

Hubbard Mayor Has Hand Mangled

Hubbard, Or., July 25.—Mayor C. W. Mayger is in a hospital in Salem receiving treatment for a terribly mangled hand. Mr. Mayger volunteered his services in making repairs on the pumping system a few days ago, and had finished the work when his hand became entangled in the wheels as he was wiping oil off the machinery. Only a portion of the third and fourth fingers on his right hand remain.

Thin, Nervous People Need Bitro-Phosphate

Weak, thin people—men or women—are nearly always nervous wreckers; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among drug gists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat producing foods. (adv)

Today's Dallas News

Dallas, Or., July 27.—The body of Emil Erickson, a former resident of Dallas, was brought here and the funeral services were held at Chapman's chapel, Thursday, conducted by Rev. Charles P. A. Johnson. Mr. Erickson, who was about 26 years old, was a son of Mr. and Mrs. E. G. Erickson, who reside a short distance north of Dallas. He was killed at Coeur D'Alene, Idaho, when an airplane in which he was riding as a passenger, crashed to the earth. The pilot and passenger were also killed.

Work is in progress on the erection of the sawmill of the Valley Lumber company of which Captain E. H. Hamilton is manager. The mill has been operating on the O. C. Smith place, near Lewisville, but is now being moved to Dallas and re-erected on the site of the old Spaulding mill near the cannery.

The city council at its meeting Monday evening took the first step towards stopping the blocking of street crossings by trains. An ordinance was introduced and given its first reading providing penalties for this offense.

Word has been received here of the tragic death of Mrs. Alice (Chapin) Dunn, as the result of an accident which occurred at her home at Ryan Place, a suburb of Portland, Saturday evening. Mrs. Dunn, who was the wife of J. L. Dunn, was carrying a boiler of hot water down the basement stairs when she fell, the contents of the vessel pouring over her. The only person in the house with her at the time was her little daughter, Maxine, who called neighbors to her assistance. Mrs. Dunn was removed at once to the God Samaritan hospital, but her burns were so severe she died two days later. Funeral services were held in Portland last Thursday and interment was in Rose City cemetery. Mrs. Dunn was 46 years old. Besides her husband she is survived by four children: Roland, Lowell, Vera and Maxine, and the following brothers and sister: Luther J. Chapin of Salem, F. S. Chapin of Ryan Place and Mrs. W. P. Miller of Cloverdale, until recently of Dallas. Miss Mae McDonald spent the weekend in Corvallis as the guest of the Sigma Kappa sorority. Miss McDonald is a member of that sorority.

Mrs. I. F. Yoakum, Misses Maud Barnes and Halle Smith returned Saturday from a month's visit in Knoxville, Tennessee. Miss Barnes and Miss Smith attended the national convention of the Chi Omega sorority at Whittie Springs while there. The party reported having a very enjoyable trip.

Woodburn Bank In Recovery Action

In a complaint filed Monday by the Security State Bank of Woodburn proceedings are instituted to foreclose a mortgage against the Woodburn Farm and Produce company, also of Woodburn. Representations made by the bank are that the note is for \$4000, bearing 8 per cent interest and dated from December 18, 1919. The note is for six months duration.

Certain lots claimed to have been given as security by the produce company are involved. The bank petitions that its claims to this property be considered as prior and superior to claims made by R. E. Radcliffe and Velinda Radcliffe, who claim partial ownership. The bank asks for a decree for the full value of the note with interest and for \$240 as attorneys' fees and costs of the action.

Mr. Spoor and daughters, Ruth and Rose, were Salem visitors Saturday.

Schlitz Is Not a 2-Day Drink—It Is Aged

In these days of "rapid-transit" beverages—turned out in a trifle over 24 hours, Schlitz purity is a matter of interest to your stomach. We admit to being over particular about the purity of Schlitz. Some people call us finical.

Where Schlitz is made, time is a matter of no importance, in comparison with aging and purity. Vessels are both chemically and mechanically cleansed. Every receptacle into which the pure yeast culture enters is sterile. Every tub, keg, barrel—every pipe and pump—is scalded every time it is used.

Schlitz is thoroughly aged, to save you biliousness. We believe that fermentation should be concluded before Schlitz reaches your stomach. Then Schlitz is filtered through white wood pulp. It is put into sterilized bottles. Every bottle is washed four times by machinery. And these bottles are Brown Glass, to protect the drink from subsequent deterioration by ultra-violet rays of light.

When we say that Schlitz is pure—we mean free from germs; free from bacilli. Schlitz cannot ferment in your stomach. Its effect is as good as its taste. Test it today.
