

Improved Light Service Promised Hubbard Patrons

Hubbard, Or., July 27.—E. G. Robinson, proprietor of the electric power plant at Canby, which furnishes light and power for Canby, Aurora, Hubbard and other towns along the line, was in the city yesterday. Mr. Robinson has just made extensive improvements in his property in order to give his patrons better service. His lines have been connected with the Portland Railway, Light & Power company, and in the future he will purchase the energy from that source.

Mr. Robinson is building a line to Newby and Fishers mill, a distance of about nine miles, which will serve between forty and fifty patrons.

Dr. Shour and Mr. and Mrs. L. C. McShane motored to Gladstone Sunday to hear Billy Sunday.

W. L. Bentley, manager of the local berry station, said that 80 per cent of the berry crop has been shipped to the factories. The evergreen crop will be ready in a few weeks, and this promise to be greater than was expected early in the season.

A number of the Puyallup-Summer cannery, visited with W. L. Bentley the fore part of the week. Mr. Bentley said that the berry crop this season is greater by far than the company had expected. Notwithstanding the discouragements to growers early in the spring, the company has handled more berries this year than the year previous.

Several real estate deals have been made in Hubbard during the past two weeks. Fifty-nine acres near the city were just sold to J. P. Drouvalera of Texas; Sam Miller has recently sold his 40-acre tract to an eastern party; Earl Robinson has purchased a six-acre berry ranch from John Smucker; Frank Jerrard has purchased six acres adjacent to his berry ranch and will enlarge the same; Waldo Brown of New Era has purchased five 5-acre berry tracts in this vicinity; D. B. Kaufmann has just purchased five acres from Leo Herschberger; Mr. Shrook of Illinois, brother of D. W. Shrook of Hubbard, has just completed a deal for 195 acres east of here, consideration \$34,000; Harold Magnusen of Washington county has recently obtained possession of 50 acres of land from the Peck place, and Mr. Molhollan of La Grande, has recently become the owner of sixteen acres near Broadacre formerly owned by Mr. Slingerland.

Miss Nona Sneedecker of Birmingham, Alabama, has arrived in Salem and is the house guest of Mrs. Frank Sneedecker.

The following is an item which appeared in the Morning Astorian: Mr. and Mrs. George Rodgers and their daughter, Margaret, accompanied by two of her school friends from Vassar, were in Astoria yesterday on their way to the beach. Mr. Rodgers was owner of the Rodgers Ship Building company here during the war.

Mr. and Mrs. Lynn Smith had as their house guests last week end, Miss Eugenia Slater and Miss Helen Brines of Portland. Sunday Mr. and Mrs. Smith entertained for their guests with a picnic at Spongs Landing.

Felicitations are being received by Mr. and Mrs. Victor Taylor (Vivian Beck) of Portland upon the arrival of a little daughter, Virginia Ruth, on July 20. Mr. and Mrs. Taylor who formerly made their home here, were very popular in the younger set.

Miss Jane Sanders, who has been the house guest of Mr. and Mrs. George E. Anderson, left Friday for her home in Pendleton.

Miss Jessie Taylor of Portland is the guest of Mrs. James Inlath.

Miss Nora Linton left Sunday evening for southern Oregon to spend her vacation in Medford, Ashland, Crater Lake and Grants Pass. Miss Linton is employed in the state accident commission.

Miss Lucile Moore is enjoying a weeks visit in Portland.

Worm Attacks Cherries; Many Bushels Ruined

Silverton, July 27.—Many cherries in this vicinity have been ruined by a small worm which has taken lodgment in the fruit next to the pit. The insect was noticed to some extent last season, but this year it seems to be general, and hundreds of bushels of cherries, it is said, will not be used. The new country had anticipated quite a business from the cherry in-

dustry, but it seems that it will not be safe to can the fruit this year. Cherries which seem to be perfectly sound, when broken open are found to contain a worm.

Miss Joy Turner of Salem passed here Sunday evening at the new Palace theatre.

Mr. and Mrs. M. T. Wray of California are visiting his parents in the city.

The Misses Louana and Esther Chase of Portland are visiting at the Ed R. Adams home in this city.

The city council is making preparations to make a sewer extension on North Water street to the E. L. Smith home.

William Nofsker, who has been visiting his son, P. W. Nofsker, for six weeks or more, left last evening for his home in Warsaw, Ind. His son accompanied him as far as Portland.

From fifty swarms of bees Book Bros. have taken out more than a ton of honey. The bees were taken to the mountains yesterday to work during the remainder of the season.

N. C. Hubbs of Salem is visiting his mother, Mrs. Laura Hubbs, in the city.

Heat—the tube's enemy and the tube that overcomes it

THE one aim of Firestone in building tubes has been to defeat this tube destroyer by increasing heat resistance. Firestone's concentrated effort through the antimony process—a method by which heat-resisting power of the rubber is increased and deterioration reduced—has resulted in the Firestone High-Test Tube—a tube that parallels the quality and service of the Firestone Oversize Cord Tire.

Firestone builds this High-Test Tube bigger in sectional size, which avoids unnecessary stretch and strain when the tube is inflated. Heat-generating tension is therefore reduced.

Firestone's laminated structure—ply upon ply of thin rubber sheets, laid so the grain runs crosswise, produces a stouter tube wall.

Firestone introduced the cured-in valve pad, giving strength at the point of greatest strain.

With greater resistance to heat, greater strength and toughness, the Firestone High-Test Tube takes the same high rank as the Firestone Cord Tire.

Think what a small investment this Firestone High-Test Tube is—to protect your big investment in tires. Tell your dealer you want Firestone High-Test Tubes.
