COULDN'T PUT IN FULL WEEK'S WORK

"I have gained twenty eight pounds and all my old time strength and energy have returned since I began taking Tanlac," said George L. Harding, a well known longshoreman of 214 1/2 James street, Seattle, Wash.

"For two years," said Mr. Harding, "I had indigestion so bad everything I ate seemed to act like poison to me. My stomach would cramp so I would double up like a jack knife and I suffered constantly with headaches, constipation and dizziness. I had the rheumatism in my hips and legs so I couldn't lift anything—although I have been used to hard work all my life. Finally my troubles got so bad I could not work more than two or three days a week and I knew I couldn't keep going at all much longer.

"One night as I was sitting in the union hall, all doubled over with cramps in my stomach, one of the boys advised me to try Tanlac and sure enough it began to relieve my troubles right away. Now I eat anything I want and lose weight. The rheumatism has left me entirely and I work with the best of them every day. I hardly ever felt better in my whole life and Tanlac has set me so firmly on my feet it is a pleasure to give my endorsement."

Tanlac is sold in Salem by Tyler's drug store and by leading druggists in other towns. (adv)

Save Money—Put Goodyear Tires on Your Small Car

Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires of the 30 x 3, 30 x 3 1/2 and 31 x 4-inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread, \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread, \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30x3 1/2 size \$4.50 in waterproof bag.
